Skinflicks Erotic Tales From Behind The Scenes:

Skinflicks Bruce Wayne,1999 The most notorious gay porn stars write about the world they know best in *Skinflicks* a collection of 15 erotic short stories You can just imagine the stories they have to tell and the hottest ones are in this book Some of them are based on true events others are simply fantasies only the authors know for sure Full of sexy escapades *Skinflicks* will captivate readers and take them behind the scenes of an erotic exciting world Forthcoming Books Rose Army,1998 **The Space of Sex** Shelton Waldrep,2021-05-20 As film and television become ever more focused on the pornographic gaze of the camera the human body undergoes a metamorphosis becoming both landscape and building part of an architectonic design in which the erotics of the body spread beyond the body itself to influence the design of the film or televisual shot The body becomes the mise en scene of contemporary moving imagery Opening *The Space of Sex* Shelton Waldrep sets up some important tropes for the book the movement between high and low art the emphasis on the body looking and framing the general intermedial and interdisciplinary methodology of the book as a whole *The Space of Sex* s second half focuses on how sex gender and sexuality are represented in several recent films including Paul Schrader s *The Canyons* 2013 Oliver Stone s *Savages* 2012 Steven Soderbergh s *Magic Mike* 2012 Lars Von Trier s *Nymphomaniac* 2013 and Joseph Gordon Levitt s *Don Jon* 2013 Each of these mainstream or independent movies and several more are examined for the ways they have attempted to absorb pornography if not the pornography industry specifically into their plot According to Waldrep the utopian elements of seventies porn get reprocessed in a complex way in the twenty first century as both a utopian impulse the desire to have sex on the screen to re eroticize sex as something positive and lacking in shame with a mixed feeling about pornography itself with an industry that can be seen in a dystopian light In other words sex in our contemporary world still does not come without compromise *Only the Best* Jim Holliday,1986 *The Eight Technologies of Otherness* Dr Sue Golding,Sue Golding,2002-09-11 *The Eight Technologies of Otherness* is a bold and provocative re thinking of identities politics philosophy ethics and cultural practices In this groundbreaking text old essentialism and binary divides collapse under the weight of a new and impatient necessity Consider Sue Golding s eight technologies curiosity noise cruelty appetite skin nomadism contamination and dwelling But why only eight technologies And why these eight in particular Included are thirty three artists philosophers filmmakers writers photographers political militants and pulp theory practitioners whose work or life has contributed to the re thinking of otherness to which this book bears witness throw out a few clues *Sources and Methods in the History of Sexuality* Anna Clark,Elizabeth W. Williams,2024-09-12 *Sources and Methods in the History of Sexuality* outlines some of the challenges of retracing sexual acts identities and desires in the past and shows how historians have responded to these methodological challenges with ingenuity and creativity The volume acknowledges that the history of sexuality poses particularly interesting challenges in relation to sources due the peculiar nature of sexuality On one hand sexuality is frequently hidden and private its practices often unknown denied and evaded its

desires fleeting or obsessive its reality confused or illuminated by fantasy yet on the other sexuality consistently breaks into the public sphere through moral panics waves of persecution taxonomizing projects and medical juridical interventions With vivid case studies from renowned contributors the chapters provide different theoretical approaches along with more practical examples of how to study the history of sexuality The volume has a broad chronology from the ancient world to the present an extensive geography covering not only Europe and the Americas but also Latin America and Africa and also includes a variety of gender and sexual expressions The book also privileges texts that offer an intersectional approach asking how sex and sexualities were constructed alongside against other categories of difference With accessible writing this volume encourages the reader to think creatively about how to find evidence of sex sexuality in the past and will be of value to students as well as scholars interested in the history of sexuality

Skin Flicks David MacMillan, 2000 Collection of stories about porn stars and what goes on behind the scenes all based on true events Featuring some of the best gay erotic authors writing today *The Film Journal*, 1972 *The Motion Picture Annual*, 1990

Porn Studies Linda Williams, 2004 In her pioneering book *Hard Core* Linda Williams put moving image pornography on the map of contemporary scholarship with her analysis of the most popular and enduring of all film and video genres Now fifteen years later she showcases the next generation of critical thinking about pornography and signals new directions for study and teaching *Porn Studies* resists the tendency to situate pornography as the outer limit of what can be studied and discussed With revenues totaling between ten and fourteen billion dollars annually more than the combined revenues of professional football basketball and baseball visual hard core pornography is a central feature of American popular culture It is time Williams contends for scholars to recognize this and give pornography a serious and extended analysis The essays in this volume move beyond feminist debates and distinctions between a good erotica and a bad hard core Contributors examine varieties of pornography from the tradition of the soft core pin up through the contemporary hard core tradition of straight gay and lesbian videos and dvds to the burgeoning phenomenon of pornography on the Internet They explore as examples of the genre individual works as divergent as *The Starr Report* the pirated Tommy Lee Pamela Anderson honeymoon video and explicit Japanese ladies comics consumed by women They also probe difficult issues such as the sexualization of race and class and the relationship of pornography to the avant garde To take pornography seriously as an object of analysis also means teaching it *Porn Studies* thus includes a useful annotated bibliography of readings and archival sources important to the study of pornography as a cultural form Contributors Heather Butler Rich Cante Jake Gerli Minette Hillyer Nguyen Tan Hoang Despina Kakoudaki Franklin Melendez Ara Osterweil Zabet Patterson Constance Penley Angelo Restivo Eric Schaefer Michael Sicinski Deborah Shamoon Maria St John Tom Waugh Linda Williams
