Slaughter Of The Innocents A Study Of The Battered Child Phenomenon:

Slaughter of the Innocents David Bakan, 1978 *The Female Offender--1979-80* United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice, 1981 *Case Studies in Family Violence* Robert T. Ammerman, Michel Hersen, 2012-12-06 Since the publication of the first edition in 1991 there has been substantial progress in our understanding of the etiology and associated features of domestic violence As in the first edition this book elucidates and highlights the complex multidisciplinary issues facing clinicians who work with family violence cases Each chapter combines two illustrative cases with a broader discussion of the issues that are encountered by clinicians working with families that engage in abuse or neglect *Slaughter of the Innocents* Conseil de la radio-télévision canadienne, 1971 **Four Perspectives on the Status of Child Abuse and Neglect Research** Herner and Company, 1977

Living Nonviolently Gabriel Moran, 2011-03-31 Are human beings naturally violent Is war the fate of the human race Despite the depressing record of the past the world's future depends upon avoiding war and drastically reducing violence *Living Nonviolently* Language for Resisting Violence examines carefully the language of violence and war One of the first casualties of violence is language which in turn makes resistance to violence difficult to articulate In the first four chapters Gabriel Moran proposes distinctions for the interconnected ideas of force power aggressiveness violence and war not to invent a new and logical language but to ground the meaning of these terms in our human experience That revitalization of ordinary language depends upon an inclusive language of men and women adults and children human and nonhuman animals The fifth chapter locates the potential for both encouraging violence and resisting violence in the peculiar logic of religion Jesus Sermon on the Mount is commonly invoked by people who say that nonviolence may be an admirable ideal for a few people but it is irrelevant for most people and for all nations in this chapter Moran examines the widely misunderstood sermon in detail to illustrate its potential for resisting violence For a conclusion he discusses practical means of education that are helpful to reaching some understanding of violence and resistance to violence *Living Nonviolently* is written for scholars in peace studies political philosophy or religious studies and for anyone who wishes to understand the roots of violence and war *Research Into Violent Behavior* United States. Congress. House. Committee on Science and Technology. Subcommittee on Domestic and International Scientific Planning, Analysis, and Cooperation, 1978 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1971 First multi year cumulation covers six years 1965-70

Straus, Richard J. Gelles, **Selected References on the Abused and Battered Child** National Institute of Mental Health (U.S.), 1973 *The Infanticidal Logic of Evolution and Culture* A. Samuel Kimball, 2007 This book argues that because

existence costs the two words are cognates any living thing must economize shift more of its energy costs onto the world including other living things than its competitors are able to that to economize is therefore to engage in exchanges that are sacrificial at their core and that such economization is infanticidal in its ultimate implications A Samuel Kimball is Associate Professor of English at the University of North Florida **Child Abuse and Neglect Research**, 1976 An extensive
