## Slave Corp:

**Evil Corporations** Penny Crofts, 2024-07-05 This book elaborates and interrogates the idea of evil corporations from a diverse range of disciplines There has long been awareness of systemic harms inflicted by corporations but this awareness has rarely led to any effective legal means to prevent and or respond adequately to them Lawyers and legal theorists appear to be stuck asking the same questions and giving the same ineffective answers Part of the problem this book maintains is the relative lack of theoretical interrogation into the nature of corporations as responsible moral agents To break this stasis this book draws upon philosophies of wickedness in order to ask whether or not corporations are or can be evil With contributions from a range of different disciplines including law cultural theory theology and philosophy it offers a novel account of how and why corporate wrongs are caused whilst exploring the extent to which the legal system itself facilitates such wrongdoing The book targets a broad international audience with research interests in corporate crime This will be of particular interest to those within the legal discipline including corporate law criminal law corporate crime and law and humanities scholars Chapter 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial NoDerivatives CC BY NC ND 4.0 license Wage Slave's Escape Michael Ballard, 2015-01-06 Hi there My name is Bettina Masters It is now the winter of 2212 I realize for you my story may seem strange and almost entertaining All the same in the spirit of all seriousness I should tell you this is not the reason for my writing this The reason I must set these events down as part of the archival record is a pressing urgency to narrate what happened to me and to the people I knew over three crucial days in 2207 which profoundly changed my life as well as all of yours *Corporate Accountability under Socio-Economic Rights* Jernej Letnar Čerňič, 2018-08-14 In recent decades corporations have increasingly accepted that they have obligations to respect the socio economic rights of individuals whose rights to livelihoods education food health housing and water are affected by the actions of corporations on a daily basis Despite this it is often difficult for victims to bring corporations to court for violations of their socio economic rights Domestic constitutional systems provide at best fragile and limited protections against adverse corporate activities while international responses have been lacking in creating obligations and accountability for corporations under socio economic rights The urgency of bolstering corporate accountability for socio economic rights is therefore apparent In light of this this book asks whether corporations are required to observe socio economic rights and if they are accountable for any violations In doing so it identifies and analyzes the theoretical foundations and the existing scope of corporate accountability arising from socio economic rights at both national and international levels Through careful analysis Jernej Letnar Čerňič exposes the stark need for greater clarity in the obligations and accountability of corporations advocating a normative framework for corporate accountability for socio economic rights in national legal orders which builds on existing mechanisms **Jet**, 2002-05-20 The weekly source of African American political and entertainment news **Catalog of**

**Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973      **Colonialism, Slavery, Reparations and Trade** Fernne Brennan, John Packer, 2012-03-12 Colonialism Slavery Reparations and Trade Remedying the Past Addresses how reparations might be obtained for the legacy of the Trans Atlantic slave trade This collection lends weight to the argument that liability is not extinguished on the death of the plaintiffs or perpetrators Arguing that the impact of the slave trade is continuing and therefore contemporary it maintains that this trans generational debt remains and must be addressed Bringing together leading scholars practitioners diplomats and activists Colonialism Slavery Reparations and Trade provides a powerful and challenging exploration of the variety of available legal relief type economic based and multi level strategies and apparent barriers to achieving reparations for slavery      Catalog of Copyright Entries Library of Congress. Copyright Office, 1973      **Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc. New Series** Library of Congress. Stewart, 2016-02-05 From 1936 to 1939 the New Deal s Federal Writers Project collected life stories from more than 2 300 former African American slaves These narratives are now widely used as a source to understand the lived experience of those who made the transition from slavery to freedom But in this examination of the project and its legacy Catherine A Stewart shows it was the product of competing visions of the past as ex slaves memories of bondage emancipation and life as freedpeople were used to craft arguments for and against full inclusion of African Americans in society Stewart demonstrates how project administrators such as the folklorist John Lomax white and black interviewers including Zora Neale Hurston and the ex slaves themselves fought to shape understandings of black identity She reveals that some influential project employees

were also members of the United Daughters of the Confederacy intent on memorializing the Old South Stewart places ex slaves at the center of debates over black citizenship to illuminate African Americans struggle to redefine their past as well as their future in the face of formidable opposition By shedding new light on a critically important episode in the history of race remembrance and the legacy of slavery in the United States Stewart compels readers to rethink a prominent archive used to construct that history

A Detailed History on the Trans-Atlantic African Slave Trade Oswald Woode,2023-11-22

This African slave trade history is a detailed account of Africa s slave history that started in the fifteenth century It was started by the southern European Portuguese monarchs the family of royal lineages Portugal s golden age of discovery in sea exploration led Portugal to Africa by sea by the 1430s Then later in 1492 Christopher Columbus accidentally landed on the Native Indian American continent Columbus s trip was sponsored by Spanish royal families That was the period when the Roman Catholic nations Portugal and Spain were the dominant European nations Spain liberated her whole territory from Islamic occupation in late 1400s The Catholic Church was also very involved in signing treaties with their Roman Catholic spheres of influence nations By then Portugal already monopolized the African trade in African goods and human slave trade in the Portuguese dominated African territories Portugal first started shipping the African slaves to Europe With Spain s possession of the Americas this changed the African slave trade greatly The American territory promoted the biggest international African slave trade and economic gains for European prosperity to this day By the sixteenth century Catholic religious theocracy became challenged by other northern European powers The reformation movement in northern Europe led to the breaking away by northern European realms from the dominant Catholic religion and established their Protestant Christian religions These new emerging northern European realms also challenged Portugal s domination and grip of Africa s territories and Africa s slave trade and goods Based on the treaties signed between Portugal and Spain by Catholic popes Portugal was supplying the slaves and Spain was procuring and shipping the African slaves from Portugal s control and forced African slave labor to develop Spain s Americas through extended overseas colonies and Portugal s Brazil new colony Meanwhile Spain s takeover was contracting with European mercenaries the conquistadors to capture the American land from the Native Indians the original occupiers of the Americas The paradigm or blueprint of this African slave trade pattern already established by the Portuguese was later replicated by other European realms in Africa and the Americas and they continued the lucrative African slave trade for more than two hundred years The establishing of extended overseas territories or colonies by Europeans to build their economies both at home in Europe and the Americas using forced African labor goods and repatriation of European colonists to establish the new overseas extended to the Americas This book is information rich with the African slave trade history dynamics the European realms names of monarchs that participated European slave wars rivalries slave laws European merchants African noblemen and merchants slave ships religions European and African rituals Main African territories overseas sea routes used African chiefs merchants European slave ships ship captains accounts

numbers of slaves shipped per trip goods exchanged major African tribes stories of names of slave warriors slave contracts  
European slave treaties African slave harbors slave rebellions on land on ships the making of American colonies America s  
Independence and Latin American countries the making of the first British Crown Freed slaves returned to the colony of
