

JOE THOMPSON

Joe Thompson and Hey Colossus have been part of the European underground scene since 2003, touring the hard miles round the continent and releasing 12 albums. Seventeen tracks are explored here, with squats, empty rooms and rammed festivals played along the way. DIY by instinct, sonic and ethical influences from all who have pressed their own records, from Sun Ra to Wiley via Minor Threat are detailed. With funny, self-deprecating honesty Thompson nails a sometimes thankless, but always rewarding life making music in a community of friends; ageing gratefully and very, very noisily. Multiple voices tell the story and, refreshingly, fellow travellers are fully credited and valued. "To this day I genuinely think these moments are worth the fight."

Centre and Periphery in Modern British Poetry Andrew Duncan, 2005-01-01 In *Centre and Periphery in Modern British Poetry* Andrew Duncan raises the provocative question of just how accurate and useful the concept of a British literary culture is for a nation that stretches over 600 miles and includes four distinct national cultures He identifies distinct regional poetic traditions in Scotland Wales and the north of England examining writers such as Glyn Jones Joseph Macleod and Colin Simms and coming to the startling conclusion that the finest British poets of recent decades have lived not at the heart of British literary society but in the outlands of the British Isles

Poetry Noir David Hamilton, 2019-03-20 David Hamilton has produced a collection of stories rooted in medieval forms but with contemporary concerns While a poem is a subject it is also a journey and takes the reader to a higher state of consciousness as music does People now like to pigeon hole everyone but Hamilton aims for versatility A writers have their own styles and certain themes and ideas are foremost but each book is also meant to be original and have different features from the others It is interesting to discuss whether Hamilton has created his own genre in that he writes books of poems which have essential features in common and can be called concept poems The concept is thematic and crosses over individual poems Storyteller is told by Hamilton at the Storytellers Festival and features stories in verse which take us through imaginative worlds where we encounter real life experiences and thus on to a higher state of awareness In his preface to *Lyrical Ballads* Wordsworth

talked of the need to create his own audience for his new form but here we are drawn into the train of poetry and find common experience we share This collection is slightly different in style and technique from the previous poetry books and incorporates songs and music which was stepping into the unknown It is developed from a primary idea in this case Storyteller which is inspiration rather than rational development from a plan Readers of historical fiction fact and especially Shakespeare fans I m sure will enjoy this book It s very educational If published online American readers will probably be the largest audience I m sure they ll enjoy the Englishness of it especially well educated academics for the exquisite use of language
