New York Magazine, 1975-07-28 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Forever Young Marcel Danesi, Director of the Program in Semiotics and Communication Theory Marcel Danesi, PH.D., 2003-01-01 The excessive worship of adolescence and its social empowerment by adult institutions is the deeply rooted cause of a serious cultural malaise So argues semiotician Marcel Danesi in *Forever Young* an unforgiving and controversial look at modern culture's incessant drive to create a teen aging of adult life Written for the general reader and based on five years worth of interviews with over 200 adolescents and their parents Danesi begins by asserting that one of the early causes of this crystallization of adolescence as an age category can be traced back to theories of psychology at the turn of the twentieth century Since then the psychological view of adolescence as a stressful period of adjustment has become a self fulfilling prophecy This in tandem with the devaluation of the family by the media and society at large has led to a maturity gap a fissure in family dynamics that is eagerly and ably exploited by the mass media Unlike many academic

digressions into the malaise of modern culture Forever Young provides concrete answers on how the forever young syndrome can be addressed One solution is to dispel the myth that experts and professionals are the people best equipped to give advice on raising children The second is to recognize the value of family in all its different combinations as the primary institution of child rearing The third is to challenge the pervasive notion that teen culture is a sophisticated endeavour that for example pop music can claim to have produced some of the best musical art in the world surpassing Mozart or Bach By laying bare the misguided tenets that have brought about and continue to promote a forever young mentality Marcel Danesi demonstrates that the teen aging of culture has come about because it is simply put good for business Teen tastes have achieved cultural supremacy because the western economic system requires a conformist and easily manipulated market and has thus joined forces with the media entertainment oligarchy to promote a deterministic forever young market 5
