Stroll In The Air Frenzy For Two Or Mo:

The Cambridge Introduction to Theatre and Literature of the Absurd Michael Y. Bennett, 2015-10-29 Michael Y. Bennett's accessible Introduction explains the complex multidimensional nature of the works and writers associated with the absurd, a label placed upon a number of writers who revolted against traditional theatre and literature in both similar and widely different ways. Setting the movement in its historical intellectual and cultural contexts, Bennett provides an in-depth overview of absurdism and its key figures in theatre and literature from Samuel Beckett and Harold Pinter to Tom Stoppard. Chapters reveal the movement's origins, development, and present-day influence upon popular culture around the world, employing the latest research to this often challenging area of study in a balanced and authoritative approach. Essential reading for students of literature and theatre, this book provides the necessary tools to interpret and develop the study of a movement associated with some of the twentieth century's greatest and most influential cultural figures. **Genet/Ionesco** Kelly Morris, 1969 The Genet material is of interest; the Ionesco is not. French News, 1963 The Thematics of Commitment Peter Maxwell Cryle, 2014-07-14 Viewing thematic writing as the differentiation and elaboration of cultural knowledge, P. M. Cryle applies this new kind of thematics to the commitment most often mentioned by literary critics in connection with existentialist literature. The Book Buyer's Guide, 1969 *Meeting of Minds*, 1998 A Stroll in the Air. Frenzy for Two, Or More. Translated by Donald Watson. Eugène Ionesco, 1965 *National Union Catalog*, 1968 Includes entries for maps and atlases. Book Review Digest, 1970 Excerpts from and citations to reviews of more than 8,000 books each year drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. Publisher: **Eugene Ionesco Revisited** Deborah B. Gaensbauer, 1996 In the wake of Ionesco's death in 1994, it is now possible to survey his oeuvre in its entirety. Gaensbauer's study examines decade by decade, not only his dramatic works but also his early publications in Romania, his journals, and personal essays, and even his painting. In viewing Ionesco's career as a continuous whole, Gaensbauer discovers that each work is essentially one piece of the long autobiography of a writer deeply engaged with a spiritual quest to understand himself and humanity.
