Erisman, Randy Pope, 2024-06-04 Western culture is

increasingly polarized and Christians often feel they are under siege by the dominant secular culture Compounding the problem is that Christians cannot agree among themselves how to respond to a culture that is increasingly post Christian The authors have observed five basic responses by Christians to this feeling of exile 1 assimilation and acceptance of the new cultural norms 2 withdrawal from cultural engagement 3 anger directed toward society and toward other Christians who don

t see the issues as they do 4 fear or 5 seeking power to take back the culture Scripture calls us to a different way speaking into the world with a new voice Micah calls us to seek justice love mercy and walk humbly with God Jeremiah calls us to seek the good of the city and Jesus calls us to be salt and light while knowing that in this world we will have trouble In short we are to engage the culture we live in as disciples of Jesus But how practically is that done In this book the authors look carefully at the lives of twelve biblical characters who also lived in challenging times for guidance in navigating our post Christian world Rejecting assimilation withdrawal anger fear and power seeking we are challenged today with the ancient words of Mordecai to Esther Who knows whether for just a time as this you have come to this position in your life The Betrayal of Local 14 Julius G. Getman, 2018-10-18 International Paper the richest paper company and largest landowner in the United States enjoyed record profits and gave large bonuses to executives in 1987 that same year the company demanded that employees take a substantial paycut sacrifice hundreds of jobs and forego their Christmas holiday At the Adroscoggin Mill in Jay Maine twelve hundred workers responded by going on strike from June 1987 to October 1988 Local union members mobilized an army of volunteers but International Paper brought in permanent replacement workers and the strike was ultimately lost Julius G Getman tells the story of that strike and its implications a story of a community changing under pressure of surprising leaders strategists and orators emerging of lifelong friendships destroyed and new bonds forged At a time when the role of organized labor is in transition Getman suggests this strike has particular significance He documents the early negotiations the battle for public opinion the heroic efforts to maintain solidarity and the local union s sense of betrayal by its national leadership With exceptional richness in perspective Getman includes the memories and informed speculations of union stalwarts managers and workers including those who crossed the picket line and shows the damage years later to the individuals the community and the mill He demonstrates the law s bias the company s undervaluing of employees and the international union s excessive concern with internal politics *R.
