

NORMS & VALUES

Norms are specific behavioral standards or rules in a society, while values are overarching principles that determine what is considered good or desirable.

NORMS

Norms are shared rules and expectations guiding behavior in a society or group, maintaining social order, defining cultural values, and shaping interactions.

The four types of social norms are folkways, mores, taboos, and laws. Norms can vary across time, cultures, and even sub-group.

VALUES

Values are beliefs that we have about what is important, both to us and to society as a whole. A value is a belief (right or wrong) about how something should be.
