Struggle For Empire:

The Last Struggle for Empire ,1858 **Political Future Fiction Vol 1** Kate Macdonald,Richard Bleiler,Stephen Donovan,2024-08-01 The Edwardian period was a time of great social and political change The six texts in this edition are all notable for their imaginative portrayals of the future This is the only critical edition of these works Essays and introductory matter explore the themes in the novels as well as the literary historical context they appeared in Struggle for Empire James G. Lydon,2018-05-01 Originally published in 1986 The French and Indian War Seven Years War occurred in the mid eighteenth century The concern of this bibliography is with the North American experience in this war with excursions into the West Indies to examine collateral events which involved Anglo Americans from what is now the United States Emphasis is placed on contemporary accounts of this war and upon twentieth century writings and contains a variety of sources The Coinage of Northern India Prafulla Chandra Roy,1980 The Present Thesis Fulfils A Long Felt Desideratum In The Field Of Numismatological Studies In India So Far Our Knowledge About Early Medieval Coinage Of India Has Been Very Poor And Fragmentary A Systematic And Comprehensive Study Of Sporadic Materials Has Been For The First Time Successfully Attempted In This Subject The Author With Industry And Intelligence Has Collected Thematerials Sorted And Collated Them And Reconstructed The Structure Of His Subject It Is Based On The Discovery Of New Facts And Fresh Interpretation Of Already Known Facts And Current Theories It Is Both Exhaustive And Critical It Positively Forms A Valuable Contribution To The Literature Of Numismatics And Tends Generally To The Advancement Of Knowledge The Present Work Shows The Painstaking Labour A Critical Study Of The Subject And Above All Original Suggestions Which Undoubtedly Enhance The Value Of The Dissertation Like The Present One The Up To Date Bibliography Shows An Extensive Range Of Study In The Political History Of The Dynasties As Well Without A Thorough Knowledge Of Which The Present Attempt Could Hardly Have Been Possible The Author Has Rightly Rejected The View Of D W Macdowall On The Coins Of Gangayadeva D W Macdowall Is No Doubt A Great Numismatist And I Am Glad To See That A Young Scholar Is Not Afraid To Criticise Eminent Authorities Here As Well As Elsewhere And His Criticisms Are Just And Reasonable The Magadh University Should Undertake The Task Of The Publication Of This Valuable Work *War in Modern China* Harold M Tanner,2025-09-30 This book offers comprehensive coverage of China s military history from the Qing dynasty 1644 1912 to present China has become one of the great world powers of the twenty first century As a result Chinese leaders and observers outside of China alike seek to explain China s strategic thought and action In doing so they routinely refer to China s military history This volume examines this history beginning with the Qing dynasty s era of imperial expansion and subsequent decline continuing with the wars against foreign aggression and internal uprisings of the nineteenth century the revolutionary overthrow of the Qing in 1911 and seemingly constant wars of the first half of the twentieth century and concluding with the Chinese Communist Party s use of military power from 1950 to present This history is generally presented as a narrative of imperial greatness followed

by a century of national humiliation followed by a recovery of national wealth and power under Communist Party leadership While acknowledging this narrative Harold Tanner digs deeper to reveal a fundamental continuity of interests underlying Chinese strategic thinking from the Qing to the present while also showing how the theory and practice of war in China changed over time as Chinese political and military leaders wrestled with tremendous challenges drawing on foreign sources as well as their own cultural heritage to seek new solutions Both engaging and timely *War in Modern China A Military History* is essential reading for students scholars and enthusiasts of Chinese and global military history

Converting the Saxons Joshua M. Cragle, 2023-10-06 Utilizing a crusading ethos from 772 to 804 AD Charlemagne King of the Franks waged war against the continental Saxons to integrate them within the growing Frankish Empire and facilitate their conversion to Christianity While substantial research has been produced concerning various components of Carolingian history this work offers a unique examination of Charlemagne's Saxon Wars as a case study for understanding methods of conversion used in the Christianization of Europe as well as their significance for subsequent conversion strategies employed around the globe *Converting the Saxons* builds on prior scholarly research is grounded in primary sources and is contextualized with a robust historical introduction Throughout the text particular emphasis is given to Christian encounters with paganism and the way paganism was interpreted confronted and transformed Within those encounters we observe myriad forces of coercion and incentivization used in societal religious conversion demonstrating the need for a serious reconsideration of the standard narratives surrounding Christian missions This book provides a scholarly and accessible resource for students and researchers interested in transhistorical methods of conversion the history of Christianity Early Medieval paganism Colonial religious encounters and the nature of religious conversion
