Arab sources The study's value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study's approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined China's Foreign Policy in the Arab World, 1955-75 Hashim S.H. Behbehani, 2020-09-10 China's foreign policy in the Arab world is important because it reflects China's general foreign policy In this study first published in 1981 the author draws upon a wealth of previously unpublished and inaccessible material to analyse Chinese attitudes in three cases the two Arab liberation movements the Palestine Resistance Movement and the Popular Front for the Liberation of the Oman and the established and independent State of Kuwait Since the Arab liberation movements played a significant political role within their fields of operation it was necessary for China to decide whether these movements did actually fit in with Chinese foreign policy objectives Dr Behbehani's analysis of these two case studies provides the basis for a discussion of whether China's motives in supporting the liberation movements are theoretical or purely practical China's support for Kuwait's political internal continuity is related to the stability of the whole Gulf region The author analyses Chinese support for Kuwait and the surrounding conservative states on two main bases political and economic in the form of trade It is through these channels particularly the economic one that China has sought to establish itself in the Gulf and the Arabian peninsula **The Communist Movement in the Arab World** Tareq Y. Ismael, 2004-12-22

Violent Radical Movements in the Arab World Peter Sluglett, Victor Kattan, 2019-07-11 Violent non state actors have become almost endemic to political movements in the Middle East and the Horn of Africa This book examines why they play such a key role and the different ways in which they have developed Placing them in the context of the region separate chapters cover the organizations that are currently active including The Muslim Brotherhood The Islamic State in Iraq and Syria Jabhat al Nusra Hamas Hizbullah the PKK al Shabab and the Huthis The book shows that while these groups are a new phenomenon they also relate to other key factors including the unfinished business of the colonial and postcolonial eras and tacit encouragement of the Wahhabi Salafi jihadi da wa by some regional powers Their diversity means violent non state actors elude simple classification ranging from national and transnational to religious and political movements However by examining their origins their supporters and their motivations this book helps explain their ubiquity in the region The Struggle for Peace in the Middle East Maḥmūd Riyāḍ, 1981 An Arab diplomat analyzes the history of the relations between
