Stuck With Virtue:

Stuck with Virtue Peter Augustine Lawler, 2005 Cloning gene therapy stem cell harvesting are we on the path to a Huxley like Brave New World Not really argues political philosopher and Kass Commission member Peter Augustine Lawler in *Stuck with Virtue The American Individual and Our Biotechnological Future* even as he admits that we will likely become more obsessive and anxious and will be subjected to new forms of tyranny Rather he contends human nature is such that the biotechnological world to come despite the best efforts of its proponents will still fail to make it possible to feel good without being good It will be harder Lawler warns to be virtuous in the future because we will be more detached than ever from the natural sources of happiness But we may take some solace in the fact that virtue will still be the best way to live well with what we really know With irony and wit Lawler delivers the good news about the future of the American individual We re going to remain free because the modern effort to make increasingly individualistic human beings at home with themselves and their environments through technological progress cannot succeed That is the truth and promise concludes Lawler of a genuinely postmodern conservatism *From Empedocles to Wittgenstein* Anthony Kenny, 2008-09-04 *From Empedocles to Wittgenstein* is a collection of fifteen historical essays in philosophy written by Sir Anthony Kenny in the early years of the 21st century In the main they are concerned with four of the great philosophers whom he most esteems namely Plato Aristotle Aquinas and Wittgenstein The author is not only one of the most respected historians of philosophy and possibly the widest ranging but also one of the most successful at writing on the subject for a broad readership In this volume he presents scholarly explorations of some themes which caught his interest as he worked on his acclaimed four volume *New History of Western Philosophy* **Homeless and at Home in America** Peter Augustine Lawler, 2007 Here is a broad and deep exploration of the many ways that today s Americans are the most and least homeless of the people of the contemporary West
