Students And Dyslexia Growing Up With A Specific Learning Difficulty:

Students and Dyslexia Barbara Riddick, Marion Farmer, Christopher M. Sterling, 1997 Drawn from a research study of university students with dyslexia this book presents transcripts of in depth interviews in which students give compelling accounts of their experiences of growing up with dyslexia The book is intended to help students or prospective students with dyslexia and also the people teaching them *Students and Dyslexia* Barbara Riddick, Marion Farmer, Christopher Sterling, 1997 *Addressing Difficulties in Literacy Development* Gavin Reid, Janet Soler, Janice Wearmouth, 2013-09-27 This book outlines and critiques international strategies and programmes designed to address difficulties in literacy development The high profile team of contributors consider teaching programmes which operate at family school pupil and teacher levels They argue that school is not the only legitimate location for literacy education and show how difficulties in literacy can be addressed sequentially both in and out of the school context Issues addressed include the dilemmas facing practitioners in choosing between multiple approaches to practice the factors which must be addressed in strategies which operate at the level of the family and the community how to ensure the school can support programmes designed to improve literacy learning how to put theory into practice in programmes designed for use with individual students the teacher as reflective practitioner developing professional practice which effectively raises literacy achievement This book will be of interest to postgraduate students teachers researchers educational professionals and policymakers who are looking for practical strategies to address difficulties in literacy development This reader forms the basis of the Open University s Difficulties in Literacy Development course and is ideal for similar courses nationally and internationally **Dyslexia and Learning Style** Tilly Mortimore, 2008-04-30 The first section of this research based but practical book has been updated to examine the most recent research in two key areas dyslexia and the dyslexic experience and the major cognitive and learning styles In the light of increased controversy around the use of learning style theory in the educational arena suggestions are made as to ways in which these theories can be utilized to inform teaching and learning and maximize success for vulnerable learners The second section provides a range of ways in which to enable learners to understand and utilize their individual styles along with techniques to help students to absorb process and create responses to information across the curriculum practical strategies to help teachers to adapt material to suit differing ways of learning and activities to help students to become more flexible and successful in their approach Dyslexia-Friendly Further and Higher Education Barbara Pavey, Margaret Meehan, Alan Waugh, 2010-01-20 Written by authors with extensive experience of working with students with dyslexia this book provides clear guidance and practical strategies for dyslexia friendly practice for those working with young people aged 14 to 19 and adults in education or work based training Looking at how dyslexia impacts on learning the authors suggest ways to improve the learning environment and explain how to help students develop the basic skills that will help them to make the transition from study to employment Building on the latest research and understanding of dyslexia they also

consider overlapping syndromes emotional and social issues and funding Living With Dyslexia Barbara Riddick,2009-09-10 This book presents first hand accounts of what dyslexia means for children themselves and for the people around them *The Dyslexia Debate Revisited* Julian G. Elliott,Elena L. Grigorenko,2024-04-18 In every country and in every language a significant proportion of children struggle to master the skill of reading In 2014 The Dyslexia Debate examined the problematic interpretation of the term dyslexia as well as questioning its efficacy as a diagnosis Ten years on The Dyslexia Debate Revisited reflects on the changes in dyslexia assessment and treatment over the last decade including the introduction of dyslexia legislation in many US states Addressing the critical responses to their original challenge of the dyslexia construct Julian G Elliott and Elena L Grigorenko also consider why despite scientific critiques existing dyslexia conceptions and assessment practices continue to be highly attractive to many professionals individuals and families Based on current scientific knowledge the authors strive to promote a shared understanding of reading difficulties and emphasize the importance of providing timely and appropriate intervention and support to anyone who faces difficulties with learning to read **Meeting the Social and Emotional Needs of Gifted and Talented Children** Michael J Stopper,2013-12-19 First Published in 2000 The education of gifted and talented children is attracting increased interest and attention in schools LEAs and within government A widely accepted critical aspect of talent development has until now remained under represented namely that the principal factors underpinning all learning are social and emotional ones This book addresses the complex relationship between intellectual social and emotional development that is necessary for high achievement and personal fulfilment The contributors aim to provide relevant practical guidelines for secure and confident learning for pupils that will support teachers parents and others wishing to help translate potential into performance Supporting Dyslexic Adults in Higher Education and the Workplace Nicola Brunswick,2012-04-02 Supporting Dyslexic Adults provides practical advice in supporting dyslexic adults in education and employment and guidance on the latest research Provides an important overview of current research and practice in supporting dyslexic adults in education and employment deftly combining academic understanding with everyday issues Contributors possess a wealth of practical experience in the field which provides an indispensable guide to the subject Case studies are included to capture the immediate experiences of dyslexic adults in education and at work to highlight prevalent issues Offers practical advice to adults with dyslexia from how to disclose their particular needs to employers and colleagues to legal aspects of dyslexia support Highlights to employers the particular skills and strengths that dyslexic adults can bring to the workplace **Neurodiversity in Higher Education** David Pollak,2009-11-18 This edited collection offers screening teaching and practical support for specific learning differences in Higher Education Uses international case studies to explain how psychologists identify assess and support a range of specific learning differences in students The higher education sector has come to terms with dyslexia but today s students are disclosing a range of learning differences including dyspraxia ADHD Asperger s Syndrome and dyscalculia Institutions in all

major Western countries are required by law to avoid disadvantaging students with special educational needs so staff must be up to date on how to recognise and support them Supported by an already popular website Brain HE with extra materials and colour photographs
