The Hadrian Ransom:

The Hadrian Ransom Allan Duane, 1979 **Edge of Empires** Donald Rayfield, 2013-02-15 Located at the crossroads of Western Asia and Eastern Europe Georgia is a country of rainforests and swamps snow and glaciers and semi arid plains It has ski resorts and mineral springs monuments and an oil pipeline It also has one of the longest and most turbulent histories in the Christian or Near Eastern world but no comprehensive up to date account has been written about this little known country until now Remediating this omission Donald Rayfield accesses a mass of new material from recently opened archives to tell Georgia's absorbing story Beginning with the first intimations of the existence of Georgians in ancient Anatolia and ending with the volatile presidency of Mikheil Saakashvili Rayfield deals with the country's internal politics and swings between disintegration and unity and divulges Georgia's complex struggles with the empires that have tried to control fragment or even destroy it He describes the country's conflicts with Xenophon's Greeks Arabs invading Turks the Crusades Genghis Khan the Persian Empire the Russian Empire and Soviet totalitarianism A wide ranging examination of this small but colorful country its dramatic state building and its tragic political mistakes *Edge of Empires* draws our eyes to this often overlooked nation *The Great Spy Pictures II* James Robert Parish, Michael R. Pitts, 1986 This book is a must for spy film buffs and the serious students of this genre **MOVIE COLLECTOR'S WORLD** *Cloak and Dagger Fiction* Myron J. Smith, 1982 A new edition of the definitive bibliography of the modern spy adventure intrigue novel First published in 1976 this edition has been thoroughly revised and updated After a discussion of early spy fiction Smith and White provide a detailed listing of novels from 1940 onward *Crime Fiction, 1749-1980* Allen J. Hubin, 1984 **Hadrian's Wall** William Dietrich, 2009-10-13 A fusion of Steven Pressfield's *Gates of Fire* and the movie *Braveheart* a novel of ancient warfare lethal politics and the final great clash of Roman and Celtic culture For three centuries the stone barrier we know as Hadrian's Wall shielded Roman Britain from the unconquered barbarians of the island's northern highlands But when Valeria a senator's daughter is sent to the Wall for an arranged marriage to an aristocratic officer in 367 AD her journey unleashes jealousy passion and epic war Valeria's new husband Marcus has supplanted the brutally efficient veteran soldier Galba as commander of the famed Petriana cavalry Yet Galba insists on escorting the bride to be on her journey to the Wall Is he submitting to duty Or plotting revenge And what is the mysterious past of the handsome barbarian chieftain Arden Caratacus who springs from ambush and who seems to know so much of hated Rome As sharp as the edge of a spatha sword and as piercing as a Celtic arrow Hadrian's Wall evokes a lost world of Roman ideals and barbaric romanticism **West Coast Review of Books**, 1979 **Notitia venatica: a treatise on fox-hunting** R.T. Vyner, 1847 **Terrorism, 2002-2004** Edward F. Mickolus, Susan L. Simmons, 2006 **The Publishers' Trade List Annual**, 1979 **Time**, 1979-04 *The Reach of Rome* Derek Williams, 1997 The Roman Empire was one of the most powerful forces in history However few people realize that this vast empire was guarded by one frontier a series of natural and man made barriers including Hadrian's Wall

It is impossible to have a true understanding of the Roman Empire without first investigating the scope of this amazing frontier The boundary ran for roughly 4 000 miles from Britain to Morocco via the Rhine the Danube the Euphrates the Syrian Desert and the Saharan fringes reinforced by walls ditches palisades watchtowers and forts **Books in Print Supplement** ,1982 *Books in Print* ,1982 **The Critic** ,1979 Concise Encyclopaedia of World History Carlos Ramirez-Faria,2007 The Concise Encyclopedia Of World History Offers The Global Reading Public Students And Professors A Handy Complete And Accurate Guide To All Political Formations Since The Beginning Of History It Reaches Into Pre History Through The Inclusion Of The Important Families Of Languages Spoken Today It Also Tracks Ethnic Groups Especially Nomadic Which Have Been Influential In The Creation Of Civilizations And States The Entries On Existing Independent States Include Up To Date Political Facts And Statistics They Mention Each Country S World Heritage Sites To Complement The Individual Entries In This Encyclopedia There Is An Extensive Commentated World Historical Chronology A Special Feature In This Work Is The Inclusion Of Individual Political Chronologies For Ancient Civilizations And Important Countries And Regions The World Over To Round Out This Easy To Consult And Thoroughly Researched Work There Is A Cross Referenced Index Especially Designed For Provinces Cities And Other Entities Which Have No Entries Of Their Own But Appear In The Entries Sometimes Prominently As For Example Abu Dhabi In The United Arab Emirates Or Amritsar In India
