Central America J. L. Nelson, 2000-12-19 Want to teach English in Mexico Don't know where to start Does Costa Rica sound good Are there jobs there Want to drive to Honduras Is it safe This Handbook will answer these questions and many more It is a fact filled guide for finding teaching jobs in Mexico and Central America It describes the job market and gives concrete information about where and how to look There's also a mini course on teaching English to help you in those all important job interviews And once you've found that job the Handbook provides practical teaching suggestions to help you survive But it doesn't stop there There are four personal commentaries by people who have done just what you want to do And throughout the Handbook the author draws on her experiences from more than ten years of teaching and driving south of the border to give you that edge

English Grammar for TOEFL (rev) Dhany R. Cyssco, 2000 **Gogaku Kenkyū**, 1993 **Text Complexity and Reading Comprehension Tests** Erik Castello, 2008 Based on the analysis of a specially compiled corpus of internationally recognized English as a foreign language EFL reading tests at different levels of proficiency this volume explores the relation between the complexity of written texts and the difficulty of reading comprehension tests It brings together linguistic investigations into the text inherent complexity of the tests and a study of the data derived from their administration to groups of Italian university students The study of text complexity draws on corpus linguistics text linguistics and systemic functional linguistics Both quantitative and qualitative analyses are carried out on the language used in the reading texts and in the related tasks that make up the corpus of tests The assessment of test difficulty on the other hand is informed by research on language testing and in particular by findings and methodologies of Classical Test Theory and Item Response Theory Relevant aspects of these theories are used to analyze and interpret both the data obtained from the administration of the tests and the data collected by means of feedback questionnaires completed by test takers The application of such diverse methodologies and the subsequent comparison of the results of the analyses has brought out interesting correlations between text inherent complexity perceived test difficulty and actual test difficulty
