Tom Herron

Six Myths Of Our Time Little Angels Little Monsters Beautiful Beasts And More:

Six Myths of Our Time Marina Warner, 1995-01-31 Is Jurassic Park a work of covert misogynist propaganda Does romanticizing childhood lead to abusing children What secret correspondence links Mary Shelley's Frankenstein to video games and Shakespeare's Caliban to Hannibal Lecter in what ways do our culture's most hallowed legends inform the current debates over single mothers the men's movement and animal rights In these six dazzlingly intelligent and provocative essays the distinguished English novelist and critic Marina Warner weaves classical mythology pop culture and today's headlines into a potent work of cultural criticism that is both unsettling and entertaining Ranging from Medea to Thelma and Louise and from myths of cannibalism to the politics of rape **Six Myths of Our Time** is at once a celebration of the enduring power of fable and a welcome antidote to its more virulent manifestations in our public life

Six Myths of Our Time Marina Warner, 1995 **Two Weeks Every Summer** Tobin Miller Shearer, 2017-04-11 **Two Weeks Every Summer** which is based on extensive oral history interviews with former guests hosts and administrators in Fresh Air programs opens a new chapter in the history of race in the United States by showing how the actions of hundreds of thousands of rural and suburban residents who hosted children from the city perpetuated racial inequity rather than overturned it Since 1877 and to this day Fresh Air programs from Maine to Montana have brought inner city children to rural and suburban homes for two week summer vacations Tobin Miller Shearer brings to the forefront of his history of the Fresh Air program the voices of the children themselves through letters that they wrote pictures that they took and their testimonials Shearer offers a careful social and cultural history of the Fresh Air programs giving readers a good sense of the summer experiences for both hosts and the visiting children By covering the racially transformative years between 1939 and 1979 Shearer shows how the rhetoric of innocence employed by Fresh Air boosters largely served the interests of religiously minded white hosts and did little to offer more than a vacation for African American and Latino urban youth In what could have been a new arena for the civil rights movement white adults often overpowered the courageous actions of children of color By giving white suburbanites and rural residents a safe race relations project that did not require adjustments to their investment portfolios real estate holdings or political affiliations the programs perpetuated an economic order that marginalized African Americans and Latinos by suggesting that solutions to poverty lay in one on one acts of charity

Irish Writing London: Volume 2 Tom Herron, 2013-03-14 The presence of Irish writers is almost invisible in literary studies of London **The Irish Writing London** redresses the critical deficit A range of experts on particular Irish writers reflect on the diverse experiences and impact this immigrant group has had on the city Such sustained attention to a location and concern of Irish writing long passed over opens up new terrain to not only reveal but create a history of Irish London writing Alongside discussions of MacNeice Boland and McGahern the autobiography of Brendan Behan and identity of Irish language writers in London is considered Written by an internal array of scholars these new essays on key figures challenge the deep seated stereotype of

what constitutes the proper domain of Irish writing producing a study that is both culturally and critically alert and a dynamic contribution to literary criticism of the city

Metamorphoses Rosi Braidotti, 2013-07-10 The discussions about the ethical political and human implications of the postmodernist condition have been raging for longer than most of us care to remember They have been especially fierce within feminism After a brief flirtation with postmodern thinking in the 1980s mainstream feminist circles seem to have turned their back on the staple notions of poststructuralist philosophy Metamorphoses takes stock of the situation and attempts to reset priorities within the poststructuralist feminist agenda Cross referring in a creative way to Deleuze's and Irigaray's respective philosophies of difference the book addresses key notions such as embodiment immanence sexual difference nomadism and the materiality of the subject Metamorphoses also focuses on the implications of these theories for cultural criticism and a redefinition of politics It provides a vivid overview of contemporary culture with special emphasis on technology the monstrous imaginary and the recurrent obsession with the flesh in the age of techno bodies This highly original contribution to current debates is written for those who find changes and transformations challenging and necessary It will be of great interest to students and scholars of philosophy feminist theory gender studies sociology social theory and cultural studies

Visions of Technological Transcendence James A. Herrick, 2017-03-03 This book examines key narratives animating the techno progressive rhetoric of the human enhancement movement arguing that enhancement and transhumanist discourse performs a variety of distinctly mythic functions Principal among these is to cast a vision of a technological future involving enhanced posthumans immortality human merger with machines and space colonization

A Multitude of Women Stefania Lucamante, 2008-09-15 A Multitude of Women looks at the ways in which both Italian literary tradition and external influences have assisted Italian women writers in rethinking the theoretical and aesthetic ties between author text and readership in the construction of the novel Stefania Lucamante discusses the valuable contributions that Italian women writers have made to the contemporary novel and illustrates the relevance of the novelistic examples set by their predecessors She addresses various discursive communities reading works by Di Lascia Ferrante Vinci and others with reference to intertextuality and the theories of Elsa Morante and Simone de Beauvoir This study identifies a positive deviation from literary and ideological orthodoxy a deviation that helps give meaning to the Italian novel and to transform the traditional notion of the canon in Italian literature Lucamante argues that this is partly due to the merits of women writers and their ability to eschew obsolete patterns in narrative while favouring forms that are more attuned to the ever changing needs of society She shows that contemporary novels by women authors mirror a shift from previous trends in which the need for female emancipation interfered with the actual literary and aesthetic significance of the novel A Multitude of Women offers a new epistemology of the novel and will appeal to those interested in women's writing readership Italian studies and literary studies in general

Global Nature, Global Culture Sarah Franklin, Celia Lury, Jackie Stacey, 2000-09-26 An excellent book The authors have the rare capacity to handle popular culture

and case studies in a theoretically informed manner Original and well researched Mike Featherstone Nottingham Trent University Understandings of globalization have been little explored in relation to gender or related concerns such as identity subjectivity and the body This book contrasts the natural and the global as interpretive strategies using approaches from feminist cultural theory The book begins by introducing the central themes ideas of the natural questions of scale and context posed by globalization and their relation to forms of cultural production the transformation of genealogy and the emergence of interest in definitions of life and life forms The authors explore these questions through a number of case studies including Benneton advertising Jurassic Park The Body Shop British Airways Monsanto and Dolly the Sheep In order to respecify the nature culture and gender concerns of two decades of feminist theory this highly original book reflects hypothesizes and develops new interpretive possibilities within established feminist analytical frames **The Embodied**

Child Roxanne Harde, Lydia Kokkola, 2017-09-11 The Embodied Child Readings in Children's Literature and Culture brings together essays that offer compelling analyses of children's bodies as they read and are read as they interact with literature and other cultural artifacts and as they are constructed in literature and popular culture The chapters examine the ideology behind the cultural constructions of the child's body and the impact they have on society and how the child's body becomes a carrier of cultural ideology within the cultural imagination They also consider the portrayal of children's bodies in terms of the seeming dichotomies between healthy vs unhealthy bodies as well as able bodied vs disabled and examines flesh and blood bodies that engage with literary texts and other media The contributors bring perspectives from anthropology communication education literary criticism cultural studies philosophy physical education and religious studies With wide and astute coverage of disparate literary and cultural texts and lively scholarly discussions in the introductions to the collection and to each section this book makes a long needed contribution to discussions of the body and the child

Writers of Multicultural Fiction for Young Adults M. Daphne Kutzer, 1996-01-09 Multicultural fiction is an essential part of the American literary landscape This reference helps scholars teachers and librarians choose significant texts from both the past and present and provides guidance in approaching multicultural issues as they are discussed in fiction for young adults Included are entries for 51 writers some of whom have nearly been forgotten others who are just emerging Each entry provides biographical critical and bibliographical information while a general bibliography of works on multicultural literature concludes the book Authors included range from the nearly forgotten such as Laura Adams Armer to the newly discovered such as Graham Salisbury winner of the 1994 Scott O Dell Award for Historical Fiction The breadth of authors covered ensures an historical context for the issues raised by multiculturalism and the sections on the critical reception of each author address such important issues as the authority and authenticity of the writer to comment on a different culture Contributors are of many different ethnicities and include important scholars of children's literature lending authenticity and authority to the volume itself
