

Sixgun Mystique

Gary D Rhodes

Sixgun Mystique:

The Six-gun Mystique Sequel John G. Cawelti, 1999 To this structural analysis he adds a new account of the genre's history and its relationship to the myths of the West which have played such an influential role in American history BOOK JACKET *The Six-gun Mystique* John G. Cawelti, 1984 New Deal Cowboy Michael Duchemin, 2016-09-22 Best known to Americans as the singing cowboy beloved entertainer Gene Autry 1907 1998 appeared in countless films radio broadcasts television shows and other venues While Autry's name and a few of his hit songs are still widely known today his commitment to political causes and public diplomacy deserves greater appreciation In this innovative examination of Autry's influence on public opinion Michael Duchemin explores the various platforms this cowboy crooner used to support important causes notably Franklin D Roosevelt's New Deal and foreign policy initiatives leading up to World War II As a prolific performer of western folk songs and country western music Autry gained popularity in the 1930s by developing a persona that appealed to rural small town and newly urban fans It was during this same time Duchemin explains that Autry threw his support behind the thirty second president of the United States Drawing on a wealth of primary sources Duchemin demonstrates how Autry popularized Roosevelt's New Deal policies and made them more attractive to the American public In turn the president used the emerging motion picture industry as an instrument of public diplomacy to enhance his policy agendas which Autry's films backed by Republic Pictures unabashedly endorsed As the United States inched toward entry into World War II the president's focus shifted toward foreign policy Autry responded by promoting Americanism war preparedness and friendly relations with Latin America As a result Duchemin argues Sergeant Gene Autry played a unique role in making FDR's internationalist policies more palatable for American citizens reluctant to engage in another foreign war New Deal Cowboy enhances our understanding of Gene Autry as a western folk hero who during critical times of economic recovery and international crisis readily assumed the role of public diplomat skillfully using his talents to persuade a marginalized populace to embrace a nationalist agenda By drawing connections between western popular culture and American political history the book also offers valuable insight concerning the development of leisure and western tourism the information industry public diplomacy and foreign policy in twentieth century America *Contemporary Westerns* Andrew Patrick Nelson, 2013-10-10 Though one of the most popular genres for decades the western started to lose its relevance in the 1960s and 1970s and by the early 1980s it had ridden into the sunset on screens both big and small The genre has enjoyed a resurgence however and in the past few decades some remarkable westerns have appeared on television and in movie theaters From independent films to critically acclaimed Hollywood productions and television series the western remains an important part of American popular culture Running the gamut from traditional to revisionist with settings ranging from the old West to the new Wests of the present day and distant future contemporary westerns continue to explore the history geography myths and legends of the American frontier In *Contemporary Westerns Film and Television* since 1990 Andrew P Nelson has collected essays that

examine the trends and transformations in this underexplored period in Western film and television history Addressing the new Western they argue for the continued relevance and vibrancy of the genre as a narrative form The book is organized into two sections Old West New Stories examines Westerns with common frontier locales such as *Dances with Wolves* *Unforgiven* *Deadwood* and *True Grit* New Wests Old Stories explores works in which familiar Western narratives characters and values are represented in more modern and in one case futuristic settings Included are the films *No Country for Old Men* and *There Will Be Blood* as well as the shows *Firefly* and *Justified* With a foreword by Edward Buscombe as well as an introduction that provides a comprehensive overview this volume offers readers a compelling argument for the healthy survival of the Western Written for scholars as well as educated viewers *Contemporary Westerns* explores the genre's evolving relationship with American culture history and politics

Sixguns and Society Will Wright, 2023-04-28 From the Preface The purpose of this book is to explain the Western's popularity While the Western itself may seem simple it isn't quite an explanation of its popularity cannot be for the Western like any myth stands between individual human consciousness and society If a myth is popular it must somehow appeal to or reinforce the individuals who view it by communicating a symbolic meaning to them This meaning must in turn reflect the particular social institutions and attitudes that have created and continue to nourish the myth Thus a myth must tell its viewers about themselves and their society This study which takes up the question of the Western as an American myth will lead us into abstract structural theory as well as economic and political history Mostly however it will take us into the movies the spectacular and not so spectacular sagebrush of the cinema Unlike most works of social science the data on which my analysis is based is available to all of my readers either at the local theater or more likely on the late late show I hope you will take the opportunity whenever it is offered to check my findings and test my interpretations the effort is small and the rewards are many And if your wife husband mother or child asks you why you are wasting your time staring at Westerns on TV in the middle of the night tell them firmly as I often did that you are doing research in social science This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1977 From the Preface The purpose of this book is to explain the Western's popularity While the Western itself may seem simple it isn't quite an explanation of its popularity cannot be for the Western like any myth stands between individual human consc

Teaching Religion and Violence Brian K. Pennington, 2012-05-24 *Teaching Religion and Violence* is designed to help instructors to equip students to think critically about religious violence particularly in the multicultural classroom

Bad Girls A. Susan Owen, Leah R. Vande Berg, Sarah R. Stein, 2007 *Bad Girls* examines representational practices of film and television stories beginning with post Vietnam cinema and ending with postfeminisms and contemporary public disputes over women in the military The book explores a

diverse range of popular media texts from the Alien saga to Ally McBeal and Sex and the City from The Net and VR5 to Sportsnight and G I Jane The research is framed as a study of intergenerational tensions in portrayals of women and public institutions in careers governmental service and interactions with technology Using iconic texts and their contexts as a primary focus this book offers a rhetorical and cultural history of the tensions between remembering and forgetting in representations of the American feminist movement between 1979 and 2005 Looking forward the book sets an agenda for discussion of gender issues over the next twenty five years and articulates with authority the manner in which transgression itself has become a site of struggle

The New Western Scott F. Stoddart, 2016-03-01 American moviegoers have long turned to the Hollywood Western for reassurance in times of crisis During the genre's heyday the films of John Ford Howard Hawks and Henry Hathaway reflected a grand patriotism that resonated with audiences at the end of World War II The tried and true Western was questioned by Ford and George Stevens during the Cold War and in the 1960s directors like Sam Peckinpah and George Roy Hill retooled the genre as a commentary on American ethics during the Vietnam War Between the mid 1970s and early 1990s the Western faded from view until the Gulf War when Kevin Costner's Dances with Wolves 1990 and Clint Eastwood's Unforgiven 1992 brought it back with moral complexities Since 9 11 the Western has seen a resurgence blending its patriotic narrative with criticism of America's place in the global community Exploring such films as True Grit 2010 and Brokeback Mountain 2005 along with television series like Deadwood and Firefly this collection of new essays explores how the Western today captures the dichotomy of our times and remains important to the American psyche

The Wire, Deadwood, Homicide, and NYPD Blue Jason P. Vest, 2010-11-02 This book offers the only examination of the television writing of David Milch and David Simon as significant contributions to American culture literature and social realism David Milch and David Simon are two of the most prolific and successful television drama writers in the last 30 years These talented writers have combined real world knowledge with wild imaginations and understandings of the human psyche to create riveting shows with realistic environments and storylines Milch and Simon's writing have resulted in television series that have earned both critical acclaim and millions of viewers The Wire Deadwood Homicide and NYPD Blue Violence is Power is the most comprehensive text yet written about Milch and Simon and documents how television dramas of the 1980s 1990s and 2000s mirrored American culture with unprecedented sociological accuracy The author explains how both individuals are not only capable dramatists but also insightful cultural critics This book also examines the full range of Milch's and Simon's authorial careers including Milch's books True Blue The Real Stories behind NYPD Blue and Deadwood Tales of the Black Hills and Simon's Homicide A Year on the Killing Streets and The Corner A Year in the Life of an Inner City Neighborhood

ReFocus: The Films of Budd Boetticher Gary D Rhodes, 2017-02-03 One of the most important yet overlooked of Hollywood auteurs Budd Boetticher was responsible for a number of classic films including his famous Ranown series of westerns starring Randolph Scott With influential figures like Martin Scorsese and Clint Eastwood acknowledging

Boetticher's influence and with growing academic interest in his work Gary D Rhodes and Robert Singer present a vital collection of essays on the director's long career from a range of international scholars Looking at celebrated films like *Buchanan Rides Alone* 1958 and *Comanche Station* 1960 as well as at lesser known works like *Escape in the Fog* 1945 and *Behind Locked Doors* 1948 this book also addresses Boetticher's influential television work on the James Garner series *Maverick* and Boetticher's continuing aesthetic influence on contemporary TV classics like *Breaking Bad*
