*Biblical Eschatology:* Dr. Justin G. Prock, 2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

*Phoenix Rising* Donald G. Lett, Donald G Lett Jr, 2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers that still exist to a certain extent Handicaps that caused their disappearance in the first place
