Leventhal,1997 *Small Miracles* Adams Media Corporation,1997 **Spiritual Films** James Piper,2013-08-02 For decades centuries even when people thought of spirituality they thought only of religion I aim to stretch the tent of spirituality in this e book to include secular experience My particular approach to secular spirituality is through the medium of film Characters in the 43 films I discuss come to spirituality without religion In some of these films religion nibbles at the edges of events as when in the Brazilian film Central Station Dora the cynical letter writer leaves hard bitten Rio with a boy she hopes to return to his father and finds herself surrounded by evangelicals shrines and churches She does not have any kind of religious conversion but there is no denying that the piety of the countryside softened her and escorted her into spirituality Now and then I quote assorted Buddhists Muslims Christians and Jews but usually only when their remarks throw light on secular matters I have avoided relying on muddled mystics who write about the Great Turning Cosmic Oneness of Everything I dont know what they are talking about **Spiritual Films** Jim Piper,2012-10-25 For decades centuries even when people

thought of spirituality they thought only of religion I aim to stretch the tent of spirituality in this e book to include secular experience My particular approach to secular spirituality is through the medium of film Characters in the 43 films I discuss come to spirituality without religion In some of these films religion nibbles at the edges of events as when in the Brazilian film Central Station Dora the cynical letter writer leaves hard bitten Rio with a boy she hopes to return to his father and finds herself surrounded by evangelicals shrines and churches She does not have any kind of religious conversion but there is no denying that the piety of the countryside softened her and escorted her into spirituality Now and then I quote assorted Buddhists Muslims Christians and Jews but usually only when their remarks throw light on secular matters I have avoided relying on muddled mystics who write about the Great Turning Cosmic Oneness of Everything I dont know what they are talking about **Connecting with Coincidence** Bernard Beitman,2016-03-07 We ve all experienced or heard of surprising

events and unexplainable coincidences money that seems to come from nowhere a spontaneous idea that turns into a life

changing solution meeting our soulmate on a flight we weren't supposed to take or families being reunited by accident after years of separation. Often these coincidences are explained as being controlled by a higher power or pure chance. But for the first time since Carl Jung's work comes bold new research that explains scientifically how we can identify, understand, and perhaps even control the frequency of coincidences in our everyday lives. Bernard Beitman, a leading expert on Coincidence Studies, proposes a greater personal responsibility which depends partly upon newly discovered grid cells located in the brain near the hippocampus. But neuroscience cannot complete the entire puzzle, and in this fascinating guide, Beitman provides the missing piece. From analyzing true stories of synchronicity from around the globe and throughout history, he shares key personality characteristics and situational factors that contribute to the occurrence of meaningful coincidences in our lives. Where other books on coincidences tend to be theoretical, inspirational, or story collections only, Beitman's book is the first to provide a scientific understanding and practical ways in which readers can use them in their own lives. He reveals how to activate your observing self so you don't miss synchronistic moments, how serendipity can offer insights into solving problems or making difficult decisions, why stress activates meaningful coincidences, which states of mind impede our ability to experience synchronicity, how to interpret the meaning of a coincidence, why being attuned to coincidences is a learned skill, and how to hone your sensitivity.

A Handbook for Heretics John W. Sloat, 2009-09. A Handbook for Heretics discusses the differences between religion and the Kingdom of God. Many mainline churches resist the current reformation, a gradual movement away from traditional Christianity toward a vital spirituality. Its adherents are frequently labeled heretics when in fact they are actually the leading edge of a new spiritual age. They are discovering the much more which Jesus promised to tell us, such spiritual phenomena as out of body and near death experiences, pre-birth and post-death appearances, angel communication, and coincidental experiences. A Handbook for Heretics reconsiders some traditional Christian doctrines so as to broaden the church's view of spiritual reality. About the Author: John W. Sloat, a former Presbyterian minister, served churches in Pennsylvania and Ohio. He holds a B.A. from Denison University (1954), an M.Div. from Princeton Seminary (1957), and a Th.M. from Pittsburgh Seminary (1977). Previous books include *Lord Make Us One* (non-fiction, 1986) and *The Other Half* (fiction, 2001). Several of his sermons have been included in *Pulpit Digest*, a national preaching journal. He is married to Helen Burdick Sloat, a psychiatric nurse, and they have three children and eight grandchildren. A pianist and organist, Sloat also plays the French horn, is a scratch model builder, and leads spirituality groups.

No Regrets Living Harley A. Rotbart, 2021-03-16. Too many people reach the end of their lives wishing they had done things differently. Could they have changed things? Turning back the clock is impossible, of course, so the time to act is in the present, because our future hangs in the balance. *No Regrets Living* offers 7 Keys to help us better appreciate what we have in our lives and take greater pride in what we've done with our lives without spending precious time and energy wishing things had turned out differently. Back cover.

The Divine Matrix Gregg Braden, 2008-01-01 The New York Times best selling author of *The God Code* and *Resilience from the Heart* Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck's matrix The Divine Matrix is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 30 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today's science In this paradigm shattering book Gregg shares what he's found Through 20 keys of conscious creation we're shown how to translate the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we're limited only by our beliefs and what we once believed is about to change

In the Nick of Time Dr. Sherry L. Meinberg, 2016-07-08 Coincidences synchronicities and dreams bear marked similarities They often catch us off guard and we tend to easily discount them without giving them much thought The signs and symbols involved are considered to be guideposts for the wise as they each hold much meaning and significance if we are open and receptive to their messages

Love Letters from Heaven McDaniel Morey McDaniel, Morey McDaniel, 2010 A true story of life after death by a

skeptical corporate lawyer He tells about the many surprising and ingenious signs that came to him and several others following the death of his wife Signs that make their divine source explicit Signs so moving and convincing that his faith is restored his life transformed Significantly a prominent and historic New England church plays a major role as do three senior ministers The first sign appears in the sanctuary with a minister as a co witness Millions of Americans have received comforting after death contacts but are unsure how such experiences fit into traditional religious beliefs In an important first such contacts coming directly and spontaneously from deceased loved ones are shown to have a biblical basis and to fulfill biblical promises

Synchronicity Jessika Satori,2012-10-02 This book explores the connections between the Jungian concept of time space relations and how today s business leaders can be aware of synchronistic situations to use them ethically in the workplace It bridges the Jungian concepts of synchronicity with grounded business applications It is written in a straightforward accessible style and includes examples from real life business situations It explores synchronicity and explains how it can be recognized and used in business situations This book takes the sayings timing is everything and being at the right place at the right time and establishes that synchronistic events do occur in the lives of entrepreneurs and others with surprisingly regularity
