Proceedings of International Conference on Data Science and Applications Mukesh Saraswat, Chandreyee Chowdhury, Chintan Kumar Mandal, Amir H. Gandomi, 2023-02-16 This book gathers outstanding papers presented at the International Conference on Data Science and Applications ICDSA 2022 organized by Soft Computing Research Society SCRS and Jadavpur University Kolkata India from 26 to 27 March 2022 It covers theoretical and empirical developments in various areas of big data analytics big data technologies decision tree learning wireless communication wireless sensor networking bioinformatics and systems artificial neural networks deep learning genetic algorithms data mining fuzzy logic optimization algorithms image processing computational intelligence in civil engineering and creative computing Current Index to Statistics, Applications, Methods and Theory, 1995 The Current Index to Statistics CIS is a bibliographic index of publications in statistics probability and related fields Reviews on New Drug Targets in Age-Related Disorders Paul C. Guest, 2020-04-17 Aging is an inevitable part of life and is becoming a worldwide social economic and health problem This is mainly due to the fact that the increasing proportion of individuals in the advanced age category have a higher probability of developing age related disorders such as type II diabetes mellitus cardiovascular disorders sarcopenia and neurodegenerative conditions New therapeutic approaches are still needed to decrease or slow the effects of such diseases Advances in omic technologies such as genomics transcriptomics proteomics and metabolomics have significantly advanced our understanding of disease in multiple medical areas as the analysis of multiple molecular networks has simultaneously provided a more integrated view of disease pathways It is hoped that emerging hits from these analyses might be prioritized

for further screening as potential novel drug targets for increasing the human healthspan in line with the lifespan In turn this will lead to new therapeutic strategies as well as drug development projects by the pharmaceutical industry This book presents a series of reviews describing studies that have resulted in identification of new potential drug targets for age related disorders Much of this information has come from omic comparisons of healthy and disease states or from testing the effects of new therapeutic approaches Authored by experts from around the globe each chapter is presented in the context of specific chronic diseases or therapeutic strategies This book is designed for researchers in the areas of aging and chronic disease as well as clinical scientists physicians and stakeholders in major drug companies Scientific and Technical Iron Trade Review ,1920 **Services and the EU Citizen** Frank S Benyon, 2013-04-12 The Aerospace Reports ,1972 importance of services in the EU economy has increased exponentially in the last decades as have the number and scope of EU rules both those liberalising the provision of services and those protecting their recipients or consumers the passengers patients viewers and bank depositors However these consumers in their capacity as citizens are increasingly disillusioned with the EU and its institutions This book written by practitioners academics and advocates before the European Court reflects on these developments examining rules in numerous service sectors from the capping of roaming call charges upheld in the Vodafone decision through health care to the requirement for air carriers to care for and compensate passengers approved in the generous Sturgeon judgment The Court's positive approach may have been guided by a desire to consolidate the notion of EU citizenship a status introduced but without clear content at Maastricht The book therefore considers whether these uniform EU wide consumer rights may not form an important component of such European citizenship The Commission's proposal to make 2013 European Year of Citizens seems to favour such a view The Illustrated London News ,1863 The Astronomical Journal ,1898 Haiti International Monetary, International Monetary Fund. Western Hemisphere Dept., 2023-08-30 Haiti faces a challenging macroeconomic outlook amid a dire humanitarian crisis The country has been hit hard by the economic spillovers from Russia's invasion of Ukraine with food price inflation triggering a hunger crisis This global shock has been compounded by a highly volatile security situation which has heightened the economy s fragility hampered activity and generated supply side bottlenecks which have further fueled inflation The flash floods which hit the country in early June caused loss of life and damage to key infrastructure Risks to the outlook remain substantial
