## **Social Cultural History Of Northern In:**

**Socio-cultural History of Shüpfomei Naga Tribe** William Nepuni,2010      **Historical and Socio-Cultural Aspects of North East India (Volume 1)** Sikhamoni Konwar,2016-01-01 The magnitude of socio cultural diversity of North East India is of enormous significance for the National life of India even though the region enjoys little space and attention in the National arena This book of two volumes is an attempt to showcase the diversified topics of North East India written by academicians and scholars of high repute It contains as many as forty seven articles covering almost all the facets of the wide range of historical and socio cultural aspects of the North East India All the writings are potent enough to project the North East in proper light from the academic point of view The book will surely pave the way for further research and other related academic works on North East s history culture and society strengthening its assimilation process with that of the rest of India

**New Directions in Social and Cultural History** Sasha Handley,Rohan McWilliam,Lucy Noakes,2018-02-22 What does it mean to be a social and cultural historian today In the wake of the cultural turn and in an age of digital and public history what challenges and opportunities await historians in the early 21st century In this exciting new text leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history Focusing on emerging areas of historical research such as the history of the emotions and environmental history New Directions in Social and Cultural History is an invaluable guide to the current and future state of the field The book is divided into three clear sections each with an editorial introduction and covering key thematic areas histories of the human the material world and challenges and provocations Each chapter in the collection provides an introduction to the key and recent developments in its specialist field with their authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology and suggest future developments New Directions in Social and Cultural History provides a comprehensive and insightful overview of this burgeoning field which will be important reading for all students and scholars of social and cultural history and historiography

**A Comprehensive History of India** ,2025-10-27 The Fourth Volume of A Comprehensive History of India covers the period from c 985 CE to 1206 CE A clear and connected source based account of the political organization of this period has been provided by competent contributors in the first part of the volume published a few years ago The second part of the volume being presented here treats social economic religious literary and cultural developments together with coinage science and technology and India s contacts with the outside world during the period All contributions are marked by their varied perspectives taking cognisance of not only regional specificities but also of the macro view of such developments Notwithstanding the multiplication of political power centres during the period under survey the dynamism of socio economic and cultural lives of people never faded away The volume locates this dynamism within the broad pan India vision It also includes more than a hundred illustrations is provided with an exhaustive and up to date bibliographic survey and multi faceted index to facilitate location of reader s

curiosities      Art and Culture of North East India L. P. VIDYARTHI, This book is an outcome of the author s longstanding field work and researches of different parts of western central and north eastern Himalayas      **Religion and the American Experience: A Social and Cultural History, 1765-1996** Donald C. Swift,2016-12-05 Religion in the USA manifests itself in many forms and this book examines them from religion in the early republic to early African American religion reform nativism movements and fundamentalism up to the contemporary culture wars in a study that spans almost 250 years

**North African Mosaic** Nabil Boudraa,Joseph Krause,2009-03-26 This book s ambition is to offer the most recent scholarship on North African cultures at a time when the very notion of culture is being re evaluated in the shifting tides that both associate and divorce the forces of nationalism globalism and neo liberalism Another ambition is to be a readable document about the past and the potential of North African civilizations Those which have been crystallized into a polysemic voice from centuries of occupations exchanges and what is now commonly called hybridizations In this work the collective position of the authors with their different fields of experience is that the languages musics and the many expressions of common life in North Africa continue to flourish That they are a bridge between sub Saharan peoples and Europe That they are a necessary antidote to the anemic political discourses that have prevailed since decolonization That they are seminal for the future of the African continent as it begins its true voyage into democracy It is difficult at this juncture to measure the distance that in the decades to come will be achieved on that voyage It is however less difficult to evaluate the importance of North Africa on tomorrow s world If the past is an indicator it will be an important force in the cross flow of trade ideas and of global destinies      Encyclopedia of Social and Cultural Anthropology Dr Alan Barnard,Jonathan Spencer,2002-09-11 This

is the only encyclopedia of social and cultural anthropology to cover fully the many important areas of overlap between anthropology and related disciplines This work also covers key terms ideas and people thus eliminating the need to refer to other books for specific definitions or biographies Special features include over 230 substantial entries on every major idea individual and sub discipline of social and cultural anthropology over 100 international contributors a glossary of more than 600 key terms and ideas      *A Cultural History of Civil Examinations in Late Imperial China* Benjamin A. Elman,2000-03-22 A very important study of one of the most important institutions in Chinese history one without which the China we have today would certainly be a vastly different place Peter Bol author of *This Culture of Ours Intellectual Transitions in T ang and Sung China*      *England's Northern Frontier* Jackson W. borderlands in the fifteenth century within a broader social political and European context      **Historical Dictionary of Early North America** Cameron B. Wesson,2004-10-19 Those unfamiliar with the prehistory of North America have a general perception of the cultures of the continent that includes Native Americans living in tipis wearing feathered headdresses and buckskin clothing and following migratory bison herds on the Great Plains Although these practices were part of some Native American societies they do not adequately represent the diversity of cultural practices by the overwhelming majority of

Native American peoples Media misrepresentations shaped by television and movies along with a focus on select regions and periods in the history of the United States have produced an extremely distorted view of the indigenous inhabitants of the continent and their cultures The indigenous populations of North America created impressive societies engaged in trade and had varied economic social and religious cultures Over the past century archaeological and ethnological research throughout all regions of North America has revealed much about the indigenous peoples of the continent This book examines the long and complex history of human occupation in North America covering its distinct culture as well as areas of the Arctic California Eastern Woodlands Great Basin Great Plains Northwest Coast Plateau Southwest and Subarctic Complete with maps a chronology that spans the history from 11 000 B C to A D 1850 an introductory essay more than 700 dictionary entries and a comprehensive bibliography this reference is a valuable tool for scholars and students An appendix of museums that have North American collections and a listing of archaeological sites that allow tours by the public also make this an accessible guide to the interested lay reader and high school student

**Society and Culture in Bengal** Achintya Kumar Dutta, Subhayu Chattopadhyay, 2024-10-31 This book examines the social and cultural history of Bengal through two major themes the intellectual and cultural dimension and the socio economic changes from the ancient to the postcolonial Essays by major scholars highlight and analyse major debates as well as little known aspects of the region From currency in ancient Bengal to the establishment of Calcutta from the social history of Rahr to the challenges of writing history of mediaeval Bengal from modern medicine to man made famines this book brings to the fore the diverse socio cultural threads that constitute this region The volume will be of great interest to scholars and researchers of Indian history and culture and South Asian studies

*United States History* James Warren Oberly, 1995

*A Cultural History of Firearms in the Age of Empire* Karen Jones, 2016-03-16 Firearms have been studied by imperial historians mainly as means of human destruction and material production Yet firearms have always been invested with a whole array of additional social and symbolical meanings By placing these meanings at the centre of analysis the essays presented in this volume extend the study of the gun beyond the confines of military history and the examination of its impact on specific colonial encounters By bringing cultural perspectives to bear on this most pervasive of technological artefacts the contributors explore the densely interwoven relationships between firearms and broad processes of social change In so doing they contribute to a fuller understanding of some of the most significant consequences of British and American imperial expansions Not the least original feature of the book is its global frame of reference Bringing together historians of different periods and regions *A Cultural History of Firearms in the Age of Empire* overcomes traditional compartmentalisations of historical knowledge and encourages the drawing of novel and illuminating comparisons across time and space

*Grasslands Grown* Molly Patrick Rozum, 2021-08 In *Grasslands Grown* Molly P Rozum explores the two related concepts of regional identity and sense of place by examining a single North American ecological region the U S Great Plains and the Canadian Prairie Provinces All or parts of modern day

Alberta Montana Saskatchewan North Dakota South Dakota and Manitoba form the center of this transnational region As children the first postconquest generation of northern grasslands residents worked played and traveled with domestic and wild animals which introduced them to ecology and shaped sense of place rhythms As adults members of this generation of settler society worked to adapt to the northern grasslands by practicing both agricultural diversification and environmental conservation Rozum argues that environmental awareness including its ecological and cultural aspects is key to forming a sense of place and a regional identity The two concepts overlap and reinforce each other place is more local ecological and emotional sensual and region is more ideational national and geographic in tone This captivating study examines the growth of place and regional identities as they took shape within generations and over the life cycle Dynamics of Deep Time and Deep Place Laura Doyle, Simon Gikandi, Mwangi wa Gĩthĩnji, 2025-04-10 Dynamics of Deep Time and Deep Place comprises one volume in an unprecedented three volume set collectively subtitled Decolonial Reconstellations Together with Volume Two Dissolving Master Narratives and Volume Three Reconceiving Identities in Political Economy it gathers thinkers from across world regions and disciplines who reconfigure critical global thought Collaboratively conceived the volumes are founded on the observation that we cannot fully uproot the epistemological material violence of coercive systems nor fully re imagine more ethical visions of planetary community without shared attention to the deeper histories of place and peoples that shape the present Accordingly the volumes gather social scientists and humanists Indigenous and non Indigenous scholars and intersectional and materialist thinkers who reconceptualize longue dur e history and its afterlives They engage in the dual project to dismantle eurocentric colonial androcentric frameworks and to make visible the legacies of care and creative world making that have sustained human communities Uncovering pasts that are as complex and dynamic as the present the contributors brilliantly transform notions of temporality relationability polity conjuncture resistance and experimentation within histories of struggle and alliance They richly decolonize political imaginaries The co editors introductions articulate fresh frameworks of deep place and deep time freed from eurocentric modernity paradigms indicating pathways toward decolonial collaboration and institutional change Decolonial Reconstellations offers invaluable resources for researchers and teachers in decolonial postcolonial anti colonial and Indigenous studies and will also strongly appeal to feminist anti racist Marxist and critical theory scholars across disciplines Encyclopedia of Social and Cultural Anthropology Alan Barnard, Jonathan Spencer, 1996 Providing a guide to the ideas arguments and history of the discipline this volume discusses human social and cultural life in all its diversity and difference Theory ethnography and history are combined in over 230 entries on topics **Historical Dictionary of the Bedouins** Muhammad Suwaed, 2015-10-30 The term Bedouins was given to nomads who came from or lived in the desert and consisted of a sedentary population from the badia desert However in time it came to define their social economic essence as people who raised grazing animals and were compelled to conduct a nomadic life to live in tents that could be dismantled carried and re erected easily and to move with

their livelihood and living accommodation according to the environmental conditions those which provided water and grass Not all Bedouin tribes are of Arabic origin as all Muslim nomadic groups in the area adopted the term Bedouins There are Bedouin tribes of Turkmen Kurdish Baluch and Berberic origin and there are Arabized African people and hybrid people who are categorized as Bedouins The Historical Dictionary of the Bedouins contains a chronology an introduction an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about the Bedouins     **Humanities** ,1984     *A Companion to American Cultural History* Karen Halttunen,2014-01-28 A Companion to American Cultural History offers a historiographic overview of the scholarship with special attention to the major studies and debates that have shaped the field and an assessment of where it is currently headed 30 essays explore the history of American culture at all analytic levels Written by scholarly experts well versed in the questions and controversies that have activated interest in this burgeoning field Part of the authoritative Blackwell Companions to American History series Provides both a chronological and thematic approach topics range from British America in the Eighteenth Century to the modern day globalization of American Culture thematic approaches include gender and sexuality and popular culture
