Social Science Education In The Elementary School:

Social Science Education in the Elementary School Milton E. Ploghoft, Albert Henry Shuster, Albert H. Shuster, 1976
Teaching Social Studies James Little, Gerald L. Wilson, Virginia Wilson, 1993-01-30 Just as society has changed dramatically over the last century so have the social sciences This valuable reference chronicles the historical development of social studies as a discipline in elementary and secondary schools It also assesses the current state of teaching and research in the social sciences and history at the pre college level and it charts new directions for the future of social studies in secondary and elementary schools By tracing the historical development of social studies the reference indicates how social studies has constantly been redefined to meet the changing needs and expectations of society At the same time the historical context provided by the authors sheds new light on the current state of social studies in the curriculum and the development of social studies in the future The book begins with introductory chapters that overview themes and issues common to all areas of history and the social sciences The chapters that follow summarize and assess the developments and trends of particular fields commonly thought to constitute social studies The volume concludes with chapters on broad topics including the place of religion in the social studies curriculum the role of writing in history and the social sciences and the professional training of social studies teachers Each chapter begins with a section of reflections on the development of the discipline followed by a section on current issues and trends followed by a final section of projections for the future of the discipline The result is a comprehensive overview of the past present and future of social studies in elementary and secondary schools and an indispensable reference for educators historians and social scientists Teaching the Social Studies in the Elementary School Joy Muchmore Lacey, 1947 Powerful Social Studies for Elementary Students Jere E. Brophy, Janet Alleman, 2007 Outlines ways to select content and teach history geography and social sciences more meaningfully Hone skills in planning well organized social studies instruction that produces positive student outcomes using developmentally appropriate content and methods to help students develop social understanding and civic action Publisher *Social Studies for the Elementary School* University of Georgia. Department of Social Science Education, Elmer Williams, 1972 **Social Studies in Elementary Education** John Jarolimek, 1963 **What are the Needs in Precollege Science, Mathematics, and Social Science Education?**, 1980 **The Current State of Social Studies**, 1982 This volume one in a series resulting from Project SPAN Social Studies Social Science Education Priorities Practices and Needs reviews and analyzes the current state of K 12 social studies A major purpose of the review and analysis was to form a basis for recommendations for future directions that might be taken to improve social studies The report contains six sections The first section provides a broad and integrative analysis of the interrelated topics of rationales definitions approaches goals and objectives of social studies The second section Curriculum Organization in Social Studies describes the typical pattern of social studies programs from kindergarten through grade 12 stating that despite numerous variations that have occurred the dominant pattern throughout

the nation is one that was established more than 60 years ago Social Studies Curriculum Materials the third section of the volume describes the great extent to which students teachers administrators and the public accept and rely on curriculum materials as essential aids to teaching learning and classroom management Foremost among curriculum materials being used are textbooks The topic of the fourth section is Social Studies Teachers There is general agreement that the teacher is the central figure the key or the magic ingredient in the learning process The fifth section Instructional Practices in Social Studies presents a detailed report on what teachers do The last section Barriers to Change in Social Studies focusing on the fact that the new social studies had relatively little impact on the schools explores reasons for lack of change in schools

Author RM Social Studies in Elementary Education Walter C. Parker,2008-04 The purpose of this book is to introduce new teachers to the world of social studies teaching and learning in elementary and middle schools Geography history government and the other social sciences are delivered into the palm of the new teacher s hand along with a suite of tools for bringing social studies to life in the classroom The book is organized into three sections the first orients the reader to the mission of social studies education to the increasingly diverse children we teach the second concentrates on the curriculum and the third deals with instruction how we plan and teach this curriculum Three central themes continue to pervade the book democratic citizenship diversity and the social sciences to ultimately encourage teachers to excite their students about closing the gap between social realities and democratic ideals An exceptionally strong chapter on multicultural issues Chapter 2 helps future teachers truly understand the changing demographics of the American classroom Publisher s description *Teaching Social Studies in the Elementary School* Theodore Kaltsounis,1987 Social Studies Education in East Asian Contexts Kerry J. Kennedy,2020-07-28 The book explores the state of social studies education within selected East Asian societies and provides some insights into distinctive classroom practices In an increasingly volatile and unpredictable world the education of young people who both understand the contexts in which they are growing up and see the need for engaging with them is a top priority This task falls to social studies education which carries the responsibility for inducting young people into their social world and helping them to see the role they can play within it This is particularly important in East Asia where strong economic growth long held cultural values and diverse political systems create an environment that challenges young people on multiple fronts This book with its team of regional authors shows how different societies in the region are dealing with these challenges and what can be expected from future citizens The book will appeal to policy makers researchers and teachers interested in the current state of social studies education in East Asian societies *Course and Curriculum Improvement Projects: Mathematics, Science, Social Sciences* National Science Foundation (U.S.),1974
