Social Security Departmental Report The Governments Expenditure Plans 1999

J Dewey

Social Security Departmental Report The Governments Expenditure Plans 1999 :

Social Security Law in Context Neville S. Harris, 2000 The social security system of Great Britain has reached a crossroads following the election of a Labour Government promising a New Age of welfare and seemingly prepared to think the unthinkable on welfare reform at a time when public expenditure on welfare benefits has reached nearly 100 billion per annum In 1985 the Conservative s Green Paper on social security reform announced that the benefits system had lost its way Attempts were made to curb benefits expenditure and reduce welfare dependency for example through better targeting of needs the reinforcement of personal and family responsibility and tighter administrative controls The ten years from 1988 to 1998 saw the introduction of many new benefit schemes including income support family credit the social fund disability living allowance incapacity benefit and jobseeker s allowance as well as the increasing influence of European Law Yet the system achieves too little according to the new Government s Green Paper on welfare reform which promises a new contract between the citizen and the Government based on responsibilities and rights The precise form these responsibilities and rights will take remains unknown although we already have schemes like the New Deal and proposals for stakeholder pensions Meanwhile social security law continues to impact upon the lives of millions of citizens After ten years of major legislative change and with the prospect of a new direction this is a time to take stock and to analyse the social and legal impact of the past decade s legislation case law and policy as well as considering possible reforms The book s approach is to organise this task thematically particularly with regard to the social context to social security through discrete chapters on for example gender and the family disability housing old age and unemployment It is also opportune to examine the theoretical framework of state welfare and social security particularly in the context of social rights The book aims to provide an authoritative contextual and critical account of how British social security law has evolved how it operates its substance and its social effects

The Economics of Public Spending David Miles, Gareth Myles, Ian Preston, 2003-03-20 The Economics of Public Spending investigates the extent of government involvement in the economy details its rationale and traces its historical record The book unites articles previously published in Fiscal Studies each one addressing a different area of expenditure and written by an economist specializing in that field They describe both the data on public expenditure and the theory relevant to understanding the policy issues A new introduction investigates the overall role of the public sector and discusses the general theory of public expenditure In providing a detailed analysis of public expenditure the book makes an important contribution to the economics literature There are no other texts with this breadth of coverage or depth of analysis Insights are provided into both the policy issues cross country comparisons of expenditure and alternative approaches to economic analysis The chapters apply the tools of orthodox public finance public choice modern public economics and game theory to reach a range of policy proposals and conclusions These demonstrate the range and potential of economic analysis when applied to these important issues

Pension Systems and Retirement Incomes Across OECD Countries Richard

Disney,Paul Johnson,2001-01-01 An analysis of the pension reform process in nine countries It examines the policy reform process in each country against the background of the fiscal stresses arising from ageing populations It also explores whether different pension delivery systems generate different standards of living **Economic Well-Being of the Elderly**

Nada Stropnik,2018-02-06 Providing an in depth analysis of the economic well being of the elderly across five European countries UK Austria Hungary Poland and Slovenia this book offers an assessment of the performance of national social security systems in terms of income provision for the elderly Each country analysis strictly adheres to a common methodological framework This enables meaningful cross country comparisons revealing important common developments in the economic well being of the elderly in all five countries The authors also examine country specific features and every country chapter is written by an expert in the field who has a thorough knowledge of both the national pension systems and the data sets on which the empirical analyses are based *The Executive Agency Revolution in Whitehall* O.

James,2003-09-16 This is the first book length assessment of the executive agency revolution in UK central government part of the New Public Management with 65 per cent of civil servants now working in agencies The Next Steps reformers public interest view suggested value for money improvements However original analysis of budgets performance data documents and interviews reveals some support for an alternative bureau shaping perspective from rational choice with officials using the reform to protect their welfare and substantial performance problems especially in joining up government **The Stationery Office Annual Catalogue 2000** Great Britain Stationery Office,2002 **Sessional Index for Session 1996-97** Great Britain. Parliament. House of Commons,2003 Sessional Index **The making of a welfare class?** Walker, Robert,Howard, Marilyn,2000-09-27 Over the last three decades Britain has witnessed an unprecedented rise in the number of people receiving welfare benefits that has provoked fears of a growing underclass and mass welfare dependency The making of a welfare class provides the first comprehensive analysis of the reasons for this growth and subjects notions of welfare dependency and the underclass to empirical test It focuses on four principal groups of benefit recipients children and families retirement pensioners disabled people and unemployed people and using important new evidence explores the relative importance of economic demographic institutional and normative factors in the pattern of growth The book addresses a phenomenon growth in benefit reciprocity which is common to all advanced industrial countries and nowhere well understood As a central focus of government policy and a key development in modern society the issues explored in the book will therefore be of interest to academics and policy commentators alike Written in an accessible style and assuming no prior knowledge with succinct chapters elegant summaries and extensive use of graphics complex arguments appear simple A comprehensive glossary of technical terms is included As a result The making of a welfare class is compulsory reading for undergraduates and postgraduate students of sociology social policy and economics and anyone else interested in the development of modern British society and welfare policy Indexes for Abstracts of Reports and Testimony ,1999

Sessional Index for Session ... Great Britain. Parliament. House of Commons,1998 *The Stationery Office Annual Catalogue* Stationery Office (Great Britain),2001 *Legislative Calendar* United States. Congress. Senate. Committee on Finance, *Department of Energy Accountability Report: Fiscal Year 1999* , Delivering Benefits in Old Age Paul Dornan,2017-11-28 Although means testing for Social Security transfers is economical it hasn't proven to be very effective The Minimum Income Guarantee MIG and the Pension Credit initiatives implemented by the Labour Government in the UK have both suffered from low levels of take up amongst entitled pensioners This book sheds important new light on this pressing problem examining existing research on take up and highlighting gaps in understanding It explores the strengths and weaknesses of the theoretical base drawing on European theory and applying it to the UK Socio economic demographic and attitudinal trends are analyzed to elucidate the impact they have had and will have on the proportion entitled to MIG and its take up rate Current policy is also analyzed to explore the importance of take up for the Labour government and the prospects of improving it As high take up would be an important step in combating poverty this book offers solutions and options to tackle these problems It is therefore of critical interest to academics and policy makers in the UK and around the world **A Healthy Partnership** Gavin Kelly,Peter Robinson,2000 **Information Collection Budget of the United States Government** , The Stationery Office Annual Catalogue 2004 Stationery Office,2005-08 No public library discount on this title **Britain** ,2001 Journals of the House of Commons Great Britain. Parliament. House of Commons,1999
