Editor

Social Work Treatment With Abused And Neglected Children

Paula Allen-Meares, Charles D. Garvin

Social Work Treatment With Abused And Neglected Children:

Social Work Treatment with Abused and Neglected Children Chris M. Mouzakitis, Raju Varghese, 1985 **Social Work with Abused and Neglected Children** Kathleen Coulborn Faller, 1981 *Handbook for the Treatment of Abused and Neglected Children* P. Forrest Talley, 2014-01-21 Practical solutions for difficult clinical situations With many chapters written by some of the field's best known contributors this handbook was developed for the practitioner who wants practical and effective guidance for helping abused children Each major area of clinical practice is discussed by experienced professionals providing you with new insights and ideas regarding medical findings clinical assessment individual group and family therapy testifying in court the role of medication in treatment and much more To make the application from the written page to your practice even more compelling every clinical chapter is followed by a patient vignette that demonstrates how the principles just described can be successfully applied in the working world of therapists Whether abused children number only a few or many on your caseload this is a handbook to which you will often refer over the years The Handbook for the Treatment of Abused and Neglected Children pulls together a wide range of practical information for therapists on how to effectively work with abused and neglected children Unlike other volumes on the subject this book puts the information in context with a big picture overview of how the therapist fits into the larger system into which the child has been swept up Child Protective Services legal proceedings medical issues disputes regarding custody etc Inside you'll find effective strategies for conducting individual therapy with abused children how to begin therapy identify distortions effectively challenge ingrained patterns of behavior and constructively bring therapy to a close navigating the maze of Child Protective Services knowing what resources are available what obstacles are likely to arise and how to work with social workers understanding the medical findings of maltreated children how information from a child's physician can provide critical insights into the child's experience and often into children's expectations of future relationships testifying in court as a therapist how the court works and how to prepare to give effective testimony facilitating parent interventions how to help mothers and fathers develop relationships with their children to the fullest and nurture each child's potential as his or her personality develops The Handbook for the Treatment of Abused and Neglected Children will prove valuable for students and educators as well as novice and experienced therapists Whether you see children only occasionally or focus your practice on maltreated children this one of a kind resource deserves a place in your professional collection **Treatment for Abused and Neglected Children** Cynthia Winn, 1995-03 Provides an overview of child development followed by a description of the relatively new field of developmental psychopathology that is founded on recognizing the value of normal development throughout childhood and acknowledging that many childhood life events and experiences can distort this development Classifies child development into intrapersonal development interpersonal development physical development sexual development and behavioral conduct development Bibliography and glossary **Child abuse and neglect programs**, 1978

Handbook of Social Work Practice with Vulnerable and Resilient Populations Alex Gitterman, 2014-06-03 Every day social workers deal with individuals families and groups struggling with problems that are often chronic persistent acute and or unexpected When community and family support systems are weak or unavailable and when internal resources fail these populations become vulnerable to physical cognitive emotional and social deterioration Yet despite numerous risk factors a large number of vulnerable people do live happy and productive lives This best selling handbook examines not only risk and vulnerability factors in disadvantaged populations but also resilience and protective strategies for managing and overcoming adversity This third edition reflects new demographic data research findings and theoretical developments and accounts for changing economic and political realities and immigration and health care policy reforms Contributors have expanded their essays to include practice with individuals families and groups and new chapters consider working with military members and their families victims and survivors of terrorism and torture bullied children and young men of color

Child Abuse and Neglect Research, 1978 **The Emotionally Abused and Neglected Child** Dorota Iwaniec, 2006-05-01 Emotional abuse and neglect are at the core of all types of child maltreatment and have the most harmful effects on the physical and psychological development and well being of children Yet they are considered to be the most difficult to deal with by those who have the responsibility to protect and intervene in effective ways In this book the author explores the concept of a damaged child and asks what are the different types of injury ranging from active to passive physical to emotional that stop children from reaching their full potential psychologically and physically The author questions whether emotional damage to a child can be repaired and answers questions such as Is some injury irreversible What therapeutic techniques are available to deal with emotional abuse Can the abusers as well as the abused be helped to change Case studies are provided to illustrate the features of emotional abuse and chapters are devoted to the assessment and prediction of emotional abuse effects of emotional abuse as the child grows up intervention and treatment and working with the family as a whole Handbook of Empirical Social Work Practice, Volume 2 John S. Wodarski, Bruce A.

Thyer, 1998-01-29 Covers key social problems and practice related issues The last two decades in social work have seen tremendous strides in field research from the development of improved research designs to more accurate methods of problem measurement and outcome analysis Drawing upon these significant advances the two volume handbook of Empirical Social Work Practice brings together empirically validated interventions for many of the psychosocial problems most frequently encountered by social workers in their daily practice Unlike other books in the field that employ a theory based approach to treatment this handbook focuses on the best supported methods of helping clients with particular problems irrespective of theoretical biases offering clinicians a valuable compendium of practice guidelines for treatment Edited and authored by recognized experts in the field the Handbook of Empirical Social Work Practice is clearly written and organized for easy reference Volume Two covers key social problems and practice related issues including Crime homelessness and

unemployment Domestic violence and sexual abuse Family conflict and preservation Practice approaches for older clients Empirically based supervision With information that is at once accessible and up to date the Handbook of Empirical Social Work Practice is a vital source of guidance for today's clinical social workers and other practicing mental health professionals as well as students One of the best tools to promote the values of the social work profession is that of empirical social work practice Telling the truth is one of these values and discovering the truth is something that empirical research is very good at This book presents credible reviews of contemporary empirical literature pertaining to selected behavioral affective and intellectual disorders and their psychosocial assessment and treatment That such a book is now possible is a striking affirmation of the merits of the approach to social work called empirical clinical practice from the Handbook of Empirical Social Work Practice

The Handbook of Social Work Direct Practice Paula Allen-Meares, Charles D. Garvin, 2000 The Handbook of Social Work Direct Practice provides an extraordinarily extensive coverage of all major topics relevant to Clinical Social Work The Contributors to this volume under the leadership of Paula Allen Meares and Charles Garvin guide the reader through discussions about the contexts of social work practice multicultural and diversity issues research as well as assessment and measurement All in all this is the perfect primary text for administration courses in MSW programs BSW programs and doctoral programs Practitioners and professionals in the field will find here all the useful elements a key reference work can provide Multidisciplinary Approaches to the Treatment of Abused and Neglected Children and Their Families Dr. James P. Madry, 2013-09-30 This project produced a manual containing various approaches for utilizing counseling theories and strategies in innovative ways along with mechanisms for developing multidisciplinary efforts It is anticipated that the use of the manual will enhance cooperation and communication among various disciplines involved with the problem of child abuse An improved level of interdisciplinary efforts will hopefully have a positive impact on this very serious problem Additionally there is the expectation that further research will be generated by some of the propositions in this project Caring for Abused and Neglected Children Jim Wade, 2011 The decision whether to reunify a child in care with their birth family is one of most serious considerations of child protection workers This book examines the long term consequences of family reunification and the risk of returning the child without adequate support to the family

Social Work with Children and Their Families Christopher G. Petr, 2004 An extensively revised version of the first edition this text focuses on the practical foundational knowledge required to practice social work effectively in the complex and fast changing world of services to children and their families The core organizing framework consists of eight pragmatic perspectives combating adultcentrism family centered practice the strengths perspective respect for diversity and difference the least restrictive alternative ecological perspective organization and financing and achieving outcomes Unlike most texts that focus either on direct practice or on policy Petr's revised volume integrates current policy including recent reform efforts with best practices The student thus gains a deep appreciation for how direct social work practice is linked to and

even guided by contemporary policy initiatives and the values that underscore those initiatives Two new chapters are devoted specifically to the fields of child welfare and children s mental health providing an overview of the laws policies practices and terminology pertaining to each setting The next eight chapters focus on each pragmatic perspective and its relevance to child welfare and children s mental health The in depth case studies that comprise the concluding two chapters illustrate how typical client situations can be successfully addressed within the context of the pragmatic perspectives Packed with case studies specific practice instruction chapter summaries and suggested learning activities this book prepares students and practitioners to think and act professionally in ways that are consistent with current laws values policies and reform efforts in the field

Children of Neglect Margaret Smith,Rowena Fong,2004-03 This book contains a comprehensive review of the current state of child neglect combining research theory and practice in order to promote awareness and suggest practical solutions

Social Work and Social Welfare Marla Berg-Weger,2016-02-05 Social Work and Social Welfare An Invitation is a best selling text and website for introduction to social work courses It provides students with the knowledge skills and values that are essential for working with individuals families groups organizations communities and public policy in a variety of practice settings The new edition calls students to become engaged in some of society s most challenging issues through diverse case studies and an emphasis on global issues Students will read accounts of real world social work such as in Chapter 8 where thirteen social workers share their experiences in twelve different practice settings including health and mental health criminal justice school public health and rural settings Social workers describe working with children and families immigrants and refugees military veterans and families older adults persons with addictions and persons with disabilities This edition also includes new profiles of social workers and one older adult that depict individual journeys contemporary practice areas and challenges The fourth edition of Social Work and Social Welfare is in full color with more visuals and photos throughout As with previous editions this book is an up to date profile of the world in which today s social workers practice with current demographic statistical legislative policy and research information and sensitive discussions of contemporary ethical issues The text includes exercises from six interactive cases including the new case Brickville Visit www.routledgesw.com for the detailed cases and companion materials that teach students about social work through practice
