Social Crimes

Karen Evans

Social Crimes:

Writing the History of Crime Paul Knepper, 2015-12-17 Writing the History of Crime investigates the development of historical writing on the subject of crime and its wider place in social and cultural history. It examines long standing and emerging traditions in history writing with separate chapters on legal and scientific approaches as well as on urban Marxist gender and empire history. Each chapter then explores these historical approaches in relation to crime paying particular attention to the relationship between theory and the interpretation of evidence. Rather than a timeline for the historical appearance of ideas about crime or a catalogue of the range of topics that comprise the subject matter Writing the History of Crime reveals the ideas behind crime as a subject of historical investigation. It looks at how these ideas generate questions that may be asked about the past and the way in which these questions are answered. This is a crucial analysis for anyone interested in the history of crime the historiography of social history or the art of history writing more broadly. **Security:**

Welfare, Crime And Society Cochrane, Allan, Talbot, Deborah, 2008-10-01 Why is the concept of security so important in modern society? Why do people and governments invest so much in the pursuit of different forms of security? How do we make sense of the changing nature of the relationship between security and insecurity? This book focuses on the concept of security as an idea, an ideal and a practice and explores the ways in which it can shed light on the relationship between welfare and crime and the ambiguities that arise from them. The authors investigate these issues by examining particular areas of social life and policy development with a focus that ranges from global to local and neighbourhood concerns. The book is integrated with engaging activities such as case studies, review and reflection sections. Adopting an inter disciplinary approach to explore criminological and social policy perspectives, the chapters reflect the increasingly blurred area between social and crime control policy and the way in which it is managed. The contributors delve into the consequences and implications of policies and practices aimed at creating security which can all too often have the opposite effect. Security is key reading for students in criminology, social policy and social justice. **Community and the Problem of Crime** Karen Evans, 2023-08-11

This book offers a useful theoretical overview of key approaches to the subject of crime and community and considers the ways in which these have been applied in more practical settings. Written by an expert in the field and drawing on a range of international case studies from Europe, North America, Australia and Asia, this book explores both why and how crime and community have been linked and the implications of their relationship within criminology and crime prevention policy. Topics covered in the book include the different crime prevention paradigms which have been utilized in the fight against crime, the turn to community in crime prevention policy which took place during the 1980s in the UK and US and its subsequent development, the theoretical and ideological underpinnings to crime prevention work in and with different communities, the significance and impact of fear of crime on crime prevention policy, different institutional responses to working with community in crime prevention and community safety, the ways in which the experiences of the UK and US have been

translated into the European context a comparison between traditional western responses to the growing interest in restorative and community based approaches in other regions The new edition has been fully revised and updated to include discussion of the rise of populist politics and the centrality of crime and disorder as a divisive element used in populist political rhetoric the politics of austerity and the management of crises economic environmental and COVID 19 and the subsequent lockdowns the impact of Black Lives Matter MeToo and Extinction Rebellion the significance of social media and virtual community the further erosion of civil liberties and the right to protest and racialized US policing practices and police related deaths This book offers essential reading for students taking courses on crime and community crime prevention and community safety and community corrections

Social Crimes Jane Stanton Hitchcock, 2002-06-12 Jo Slater sees her position at the top of New York society usurped by a young French countess whom Jo had befriended Jo plots to win back her position with a scheme based on an eighteenth century swindle involving Marie Antoinette

Crime and the Nation Peter Okun, 2018-10-24 Crime and the Nation explores the correlation between fiction writing and national identity in the late eighteenth century when these two enterprises went hand in hand The 1780s and 90s witnessed a spirited public debate on crime and punishment that produced a new kind of fiction and a new kind of prison The world's first penitentiary style prison opened at Philadelphia in 1790 At the same time jurists reformers and fiction writers found new uses for the criminal Suddenly he was fascinating he was edifying to the community he was worth displaying and reforming In a young nation whose very origins were perceived as criminal yet clearly necessary and ultimately redeemable crime emerged as an essential and controversial component of national identity Crime and the Nation explores the nature of that identity and the origins of America's unique and enduring love affair with crime and crime fiction

Criminal Psychology: Topics in Applied Psychology David Canter, 2014-03-18 Topics in Applied Psychology offers a range of accessible integrated texts ideal for courses in applied psychology The books are written by leading figures in their field and provide a comprehensive academic and professional insight into each topic They incorporate a range of features to bring psychology to life including case histories research methods ethical debate and learner activities Each chapter opens with learning objectives to consolidate key points A reading list and sample essay questions at the end of chapters enable further independent study The series also offers an appreciation of multiple perspectives examines the relationship between psychology and other cognate disciplines and discusses recent developments in each field Topics in Applied Psychology will provide you with the tools you need to engage with enjoy and understand your applied psychology discipline ultimately ensuring confidence and success in exams as well as a comprehensive grounding in the profession Criminal Psychology examines the contributions that psychology is making to our understanding of criminals the investigation of their crimes processes in court and the management and treatment of offenders in prison The psychological contributions to investigations are assessed with regard to interviewing and detecting deception as well as examining the nature and meaning of offender profiling The role of

psychologists as experts in court is reviewed followed by a look at how psychologists work with prisoners The psychology of the victim is also examined The book concludes with a discussion of the future of crime and the growing contribution that psychology is making to understanding criminals and reducing their activities The integrated and interactive approach combined with the comprehensive coverage makes this book the ideal companion for courses in applied criminal psychology Other books in this series include Clinical Psychology Educational Psychology Health Psychology Organizational and Work Psychology and Sport and Exercise Psychology

Ideology and Criminal Law Stephen Skinner, 2019-09-05 With populist nationalist and repressive governments on the rise around the world questioning the impact of politics on the nature and role of law and the state is a pressing concern If we are to understand the effects of extreme ideologies on the state's legal dimensions and powers especially the power to punish and to determine the boundaries of permissible conduct through criminal law it is essential to consider the lessons of history This timely collection explores how political ideas and beliefs influenced the nature content and application of criminal law and justice under Fascism National Socialism and other authoritarian regimes in the twentieth century Bringing together expert legal historians from four continents the collection's 16 chapters examine aspects of criminal law and related jurisprudential and criminological questions in the context of Fascist Italy Nazi Germany Nazi occupied Norway apartheid South Africa Francoist Spain and the authoritarian regimes of Brazil Romania and Japan Based on original archival doctrinal and theoretical research the collection offers new critical perspectives on issues of systemic identity self perception and the foundational role of criminal law processes of state repression and the activities of criminal courts and lawyers and ideological aspects of and tensions in substantive criminal law

Advanced Criminology for Crime Control and Reduction James Vadackumchery, 2021-01-01 ENERGY to commit crimes can never be destroyed but be altered to another ENERGY Total prevention or eradication of crimes on earth is an impossibility Commission of crimes is a continuous process Crime control reduction is possible by the application of PUSH PULL EGO FACTOR theory of crime causation The author says that ONE'S CRIME IS HIS CHOICE and NO ONE ELSE'S Precisely therefore no one can or will prevent crimes if the crime doer is not prepared to control him and his behaviour SELF CONTROL is the BEST and the ONLY control to reduce crimes in society The crime control reduction too becomes a continuous process till the consummation of the world The book ADVANCED CRIMINOLOGY for Crime Control and Reduction is the other side of author's book titled ADVANCED CRIMINOLOGY or The WHY of Crime 13 978 93 5125 265 8 published by the CONCEPT Anyone keenly interested in crime control and reduction will find this book extremely useful and rewarding

Crime and Society in England Clive Emsley, 2013-09-13 Acknowledged as one of the best introductions to the history of crime in the eighteenth and nineteenth centuries Crime and Society in England 1750 1900 examines the developments in policing the courts and the penal system as England became increasingly industrialised and urbanised The book challenges the old but still influential idea that crime can be attributed to the behaviour of a criminal class and that

changes in the criminal justice system were principally the work of far sighted humanitarian reformers In this fourth edition of his now classic account Professor Emsley draws on new research that has shifted the focus from class to gender from property crime to violent crime and towards media constructions of offenders while still maintaining a balance with influential early work in the area Wide ranging and accessible the new edition examines the value of criminal statistics the effect that contemporary ideas about class and gender had on perceptions of criminality changes in the patterns of crime developments in policing and the spread of summary punishment the increasing formality of the courts the growth of the prison as the principal form of punishment and debates about the decline in corporal and capital punishments Thoroughly updated throughout the fourth edition also includes for the first time illuminating contemporary illustrations

The New Politics of Crime and Punishment Roger Matthews, Jock Young, 2013-01-11 This book provides an overview of recent government initiatives in the field of crime and punishment reviewing both the policies themselves the perceived problems and issues they seek to address and the broader social and political context in which this is taking place The underlying theme of the book is that a qualitative change has taken place in the politics of crime control in the UK since the early 1990s Although crime has stabilised imprisonment rates continue to climb there is a new mood of punitiveness and crime has become a central policy issue for the government no longer just a technical matter of law enforcement At the same time the politics of crime control have taken on a pronounced gender race and age preoccupation This book will be essential reading for anybody seeking an understanding of why crime and criminal justice policy have risen to the top of the political agenda

Understanding Crime Prevention Hughes, Gordon, 1998-10-01 This book offers a comprehensive overview of current and historical debates about crime prevention in particular and social control more generally It moves beyond the traditional boundaries of criminology and offers an original re framing of the field of crime prevention based on a synthesis of exciting new thinking in social theory

Crime and Criminality Sandie Taylor, 2015-12-22 The question of why and how certain individuals are drawn towards behaving in a way that contravenes the Law of the Land is not an easy one to address Researchers from various different fields have nevertheless attempted to develop theoretical explanations for the existence of different types of crime and why some individuals commit such acts Crime and Criminality draws on criminology sociology psychology and neuroscience to offer a balanced perspective of crime the criminal and criminality Coverage includes a comprehensive discussion of theoretical approaches to criminal behaviour including biological social and rational choice approaches an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal an examination of different types of crime and criminals from delinquents to psychopaths and sex offenders an exploration of different ways in which crime is predicted including risk assessment and offender profiling and an overview of investigative techniques Addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality this book is essential reading for students taking courses in criminology

criminal psychology criminal behaviour forensic psychology and psychological criminology *An Introduction to Criminal Justice* Jamie Harding, Pamela Davies, George Mair, 2017-01-13 A contemporary guide to the criminal justice process the broad scope of this book means it will be a trusted companion throughout a Criminology and or Criminal Justice degree The contents of *An Introduction to Criminal Justice* include 23 chapters spanning all that s involved with and fully contextualising the criminal justice process the agencies institutions and processes and procedures that deal with victims offenders and offending A detailed timeline of criminal justice since 1945 Consideration of victims and witnesses complaints and misconduct A comprehensive review of policing prosecution the courts imprisonment and community sanctions A focus on community safety crime prevention and youth justice A review of the effectiveness of the criminal justice process Exploration of global and international dimensions as well as the futures of criminal justice Lots of helpful extras including further reading suggestions case studies self study questions and a glossary of terms The accompanying website to *An Introduction to Criminal Justice* has A podcast interview with a police officer Practice essay questions Multiple choice questions Suggested website resources to explore Videos **Chambers's Journal of Popular Literature, Science and Arts** ,1896 Crime, Policing and Place David Evans, Nicholas Fyfe, David Herbert, 2002-01-31 First published in 2002 Spiralling crime rates and continuing public concern about police community relations ensure that crime and policing remain firmly on the social and political agenda An awareness of crime continues to affect the lives of ordinary people and also to stimulate policy makers who recognise that crime rates form one of the principles by which their effectiveness is judged Of the many agencies involved in the battle against crime the police in their various roles constitute the most obvious front line Drawing on case material from Britain Europe Canada and America *Crime Policing and Place* examines the significance of spatial patterns of crime and the processes which produce them The book analyses the implications of theoretical and methodological innovation in the study of crime and policing the processes which underlie the uneven distribution and impact of crime and the success of recent policies aimed at preventing crime and enhancing police community relations Contributors are drawn from a variety of academic disciplines including criminology geography and social policy and also from the police and government agencies with direct policy input **Crime and Transition in Central and Eastern Europe** Alenka Šelih, Aleš Završnik, 2012-04-24 Full scale political change affects every level of a society but perhaps nowhere as strikingly as in the areas of crime policy and law enforcement Over the past two decades the European nations that have moved from totalitarianism toward democracy have come to embody this trend yet reliable sources on crime and law enforcement in these countries have not been readily accessible to the West Representing viewpoints seldom available to outsiders the contributors to *Crime and Transition in Central and Eastern Europe* analyze changes in criminal activities and crime control strategies in the region explain the political background underlying these developments and assess their long term social impact Experts from Slovenia Hungary Croatia Serbia the Czech Republic Poland Bosnia and Herzegovina discuss the

politicization of crime the ongoing paradoxes regarding civil liberties and the future of crime policy in comparative and country specific terms Among the topics featured in the book Crime and crime control in transitional countries politics the media and public perception of crime surveillance from national security to private industry penal policy and political change emerging trends economic and organized crime human trafficking juvenile delinquency new perspectives on corruption in the region With this fascinating insight Crime and Transition in Central and Eastern Europe is a singular reference for researchers and policymakers in criminology and political science and historians with a special interest in European affairs and policy

Crime And Politics in India Dr. V.V.L.N. Sastry, 2020-04-20 Criminalization of politics is one of the major problems facing India There has been an increase in the number of politicians with criminal backgrounds who have been elected as legislative representatives in the past few decades This raises the question as to why Indians elect criminal politicians The causes of crime in India are classified into social economic political geographic mental and psychological and biological Criminalization of politics in India takes many forms and include electoral fraud political candidates with criminal backgrounds contesting elections use of muscle power in mobilizing voters political scams bureaucratic scams and politicians protecting criminal gangs Some of the causes of criminalization of politics in India include political control of the police state money corruption weak laws and abuse of discretion lack of intraparty democracy transparency lack of ethics or values vote bank politics and loopholes in the functioning of the Election Commission Ignorance due to illiteracy is prevalent as approximately 25% of the population are illiterate Ethnic identity is the most important factor in Indian politics Ethnic identity includes caste religion and language Competition over local dominance among various social groups is one of the major factors that makes Indian voters elect politicians with a criminal history Most of the media houses have their political affiliations and they continue to indulge in perception mapping of public Indian voters elect criminals due to the perceived benefits they would receive from them since the politicians would have huge discretionary powers over the implementation of policies that facilitate the distribution of benefits to the public Indian voters also vote for politicians with a criminal record due to being coerced Candidates with criminal links provide the electorate with a form of social insurance The ability of candidates with criminal links to provide platforms that facilitate dispute resolutions is also one of the factors that make Indian voters choose politicians with criminal links Having a weak rule of law in India is the major factor that has led to the thriving of the alternative forms of dispute resolution The election of candidates with a criminal record has several impacts It leads to an increase in the level of political control of the police The criminal politicians can use the police to achieve their personal goals The governance delivered by the criminal politicians may contradict the prevailing principles of good governance in a democratic system For instance they may engage in practices that favor certain groups within the society to the detriment of other groups Politicians with a criminal background create negative economic impacts These politicians can use their discretionary powers in the allocation of public resources to the state controlled corporations to engage in corrupt

activities that enrich them or their benefactors Therefore they may embezzle public resources or allocate the public resources to private parties for their refinement or development which would have a negative impact on the welfare of the residents of the region Criminal politicians can also treat public resources as their personal assets and use them to engage in various criminal activities It would lead to the breakdown of the rule of law since the politicians would support criminal activities conducted by their cronies This may lead to the proliferation of criminal organization which would be a threat to peace and security and also lead to the loss of public faith in the credibility of the judiciary The situation is alarming and needs to be controlled before it goes out of hand and threatens the future social economic development of the country These are the major issues that are discussed in this book **Crime, Justice and Society in Colonial Sri Lanka** John D.

Rogers,2023-05-03 Crime Justice and Society in Colonial Sri Lanka 1987 examines Sri Lanka s justice system under British rule and concentrates on two of its aspects the effectiveness of the administration of law and order and the relationship between crime and social change It argues that the colonial judicial system did penetrate rural areas but did not operate in the way the British intended Instead Sri Lankans adapted the state institutions so that they functioned more effectively within indigenous culture [An Introduction to Criminal Psychology](#) Russil Durrant,2013-05-07 Crime is a topic that is of

considerable interest to policy makers politicians and the public alike We want to know what factors can explain the nature and prevalence of crime in society and use this knowledge to better develop approaches for managing criminal behaviour This book provides a comprehensive overview of approaches to understanding crime and criminal behaviour with a focus on psychological perspectives A wide range of different types of criminal behaviour are considered including juvenile crime violent offending sexual offending collective violence and drug use For each type of offence a clear overview of key conceptual and methodological issues is provided along with a detailed consideration of the major theoretical approaches that have been developed The book concludes by considering how our theoretical understanding of crime can inform our responses to criminal behaviour in terms of punishment prevention and rehabilitation Key features of the book include an in depth coverage of a broad range of different types of criminal behaviour inclusion of a diverse range of different theoretical perspectives accessibly written with extensive use of case studies boxes and activities an extensive use of up to date references that highlight the current state of knowledge in the field of criminal psychology This book should be of interest to students academics researchers and practitioners with an interest in criminal behaviour and is particularly suitable for undergraduate courses in criminal psychology forensic psychology and psychological criminology *Criminal Behavior Systems* Marshall B. Clinard,Richard Quinney,John Wildeman,2010-06-20 An important classic especially useful for courses in criminal behavior and personality this text begins with a discussion of the construction of types of crime and then formulates and utilizes a typology of criminal behavior systems
