Social Figures

George Eliot, Social History, and Literary Representation

Foreword by Terry Eagleton

Social Figures George Eliot Social History And Literary Representation

Nancy Henry

Social Figures George Eliot Social History And Literary Representation:

Social Figures Daniel Cottom,1987 In *Social Figures* Daniel Cottom maps the course of this bourgeois project His analysis centers on the discourse of the liberal intellectual as exemplified in the novels of George Eliot whose awareness of her aesthetic and social task was keener than that of most Victorian writers

A Companion to George Eliot Amanda Anderson,Harry E. Shaw,2016-01-19 This collection offers students and scholars of Eliot's work a timely critical reappraisal of her corpus including her poetry and non fiction reflecting the latest developments in literary criticism It features innovative analysis exploring the relation between Eliot's Victorian intellectual sensibilities and those of our own era A comprehensive collection of essays written by leading Eliot scholars Offers a contemporary reappraisals of Eliot's work reflecting a broad range of current academic interests including religion science ethics politics and aesthetics Reflects the very latest developments in literary scholarship Traces the revealing links between Eliot's Victorian intellectual concerns and those of today

George Eliot (Authors in Context) Tim Dolin,2005-01-13 In a landmark essay Virginia Woolf rescued George Eliot from almost four decades of indifference and scorn when she wrote of the searching power and reflective richness of Eliot's fiction Novels such as *Middlemarch* and *The Mill on the Floss* reflect Eliot's complex and sometimes contradictory ideas about society the artist the role of women and the interplay of science and religion In this book Tim Dolin examines Eliot's life and work and the social and intellectual contexts in which they developed He also explores the variety of ways in which George Eliot has been recontextualized for modern readers tourists cinema goers and television viewers The book includes a chronology of Eliot's life and times suggestions for further reading websites illustrations and a comprehensive index

Memory and History in George Eliot Hao Li,2000-04-18 This book explores the interrelations between communal memory and the sense of history in George Eliot's novels by focusing on issues such as memory and narrative memory and oblivion memory and time and the interactions between personal communal and national memories Hao Li offers a fresh critical reading informed by major nineteenth century theories and argues for a reappraisal of George Eliot's complex understanding of the dialects of memory and history an understanding that both integrates and transcends the positivist and the romantic historical approaches of her time

The Cambridge Companion to George Eliot George Levine,2001-05-10 This volume of essays is comprehensively scholarly and lucidly written and at the same time offers original insights into the work of one of the most important Victorian novelists and into her complex and often scandalous career

George Eliot's Intellectual Life Avrom Fleishman,2010-02-18 It is well known that George Eliot's intelligence and her wide knowledge of literature history philosophy and religion shaped her fiction but until now no study has followed the development of her thinking through her whole career This intellectual biography traces the course of that development from her initial Christian culture through her loss of faith and working out of a humanistic and cautiously progressive world view to the thought provoking achievements of her novels It focuses on her responses to her reading in her essays reviews and

letters as well as in the historical pictures of *Romola* the political implications of *Felix Holt* the comprehensive view of English society in *Middlemarch* and the visionary account of personal inspiration in *Daniel Deronda* This portrait of a major Victorian intellectual is an important addition to our understanding of Eliot's mind and works as well as of her place in nineteenth century British culture

George Eliot Jan Jedrzejewski, 2008-03-25 This comprehensive guide to one of the most successful yet controversial writers of the Victorian period introduces the contexts and many interpretations of her work from publication to the present

George Eliot and Victorian Historiography Neil McCaw, 2000-07-25 In this new study of George Eliot's fiction textual attempts to imagine a coherent and unified national past are seen as producing a contradictory vision of Englishness It is a historiographical national identity constructed in the image of predominant and conflicting trends in the Victorian writing of history The inherent uncertainty caused by the shift between different perceptions of English history leads in the later fiction to an abandonment of contemporaneous grand narratives The consequence is a history that anticipates a more modern radical philosophy of history

The Cambridge Introduction to George Eliot Nancy Henry, 2008-04-07 As the author of *The Mill on the Floss* and *Middlemarch* George Eliot was one of the most admired novelists of the Victorian period and she remains a central figure in the literary canon today She was the first woman to take on the kind of political and philosophical fiction that had previously been a male preserve combining rigorous intellectual ideas with a sensitive understanding of human relationships and making her one of the most important writers of the nineteenth century This innovative introduction provides students with the religious political scientific and cultural contexts they need to understand and appreciate her novels stories poetry and critical essays Nancy Henry also traces the reception of her work to the present surveying a range of critical and theoretical responses Each novel is discussed in a separate section making this the most comprehensive short introduction available to this important author

George Eliot Lucie Armitt, 2000 Focusing on three of Eliot's most influential and widely read novels this guide traces recent critical interpretations of her work as well as revisiting some of the perspectives offered by original reviewers and early critics

Victorian Fiction and the Insights of Sympathy Brigid Lowe, 2007 This book explores the importance of sympathy as a central idea behind Victorian fiction and an animating principle of novel reading generally Sympathy Brigid Lowe argues deserves a much more important role as both a subject and a guiding principle for literary criticism

Everyday Words and the Character of Prose in Nineteenth-Century Britain Jonathan Farina, 2017-09-14 *Everyday Words and the Character of Prose in Nineteenth Century Britain* is an original and innovative study of the stylistic tics of canonical novelists including Austen Dickens Trollope Thackeray and Eliot Jonathan Farina shows how ordinary locutions such as a decided turn as if and that sort of thing condense nineteenth century manners tacit aesthetics and assumptions about what counts as knowledge Writers recognized these recurrent everyday words as signatures of character Attending to them reveals how many of the fundamental forms of characterizing fictional characters also turn out to be forms of characterizing objects natural

phenomena and inanimate abstract things such as physical laws the economy and legal practice Ultimately this book revises what character meant to nineteenth century Britons by respecting the overlapping transdisciplinary connotations of the category

Charity and Condescension Daniel Siegel, 2012-04-22 Charity and Condescension explores how condescension a traditional English virtue went sour in the nineteenth century and considers how the failure of condescension influenced Victorian efforts to reform philanthropy and to construct new narrative models of social conciliation In the literary work of authors like Dickens Eliot and Tennyson and in the writing of reformers like Octavia Hill and Samuel Barnett condescension once a sign of the power and value of charity became an emblem of charity's limitations This book argues that despite Victorian charity's reputation for idealistic self assurance it frequently doubted its own operations and was driven by creative self critique Through sophisticated and original close readings of important Victorian texts Daniel Siegel shows how these important ideas developed even as England struggled to deal with its growing underclass and an expanding notion of the state's responsibility to its poor

The Child, the State and the Victorian Novel Laura C. Berry, The Child the State and the Victorian Novel traces the the story of victimized childhood to its origins in nineteenth century Britain Almost as soon as childhood became a distinct category Laura C Berry contends stories of children in danger were circulated as part of larger debates about child welfare and the role of the family in society Berry examines the nineteenth century fascination with victimized children to show how novels and reform writings reorganize ideas of self and society as narratives of childhood distress Focusing on classic childhood stories such as Oliver Twist and novels that are not conventionally associated with particular social problems such as Dickens's Dombey and Son the Brontë sisters Wuthering Heights and The Tenant of Wildfell Hall and George Eliot's Adam Bede Berry shows the ways in which fiction that purports to deal with private life particularly the domain of the family nevertheless intervenes in public and social debates At the same time she examines medical legal charitable and social relief writings to show how these documents provide crucial sources in the development of social welfare and modern representations of the family

George Eliot in Context Margaret Harris, 2013-05-30 Prodigiously learned alive to the massive social changes of her time defiant of many Victorian orthodoxies George Eliot has always challenged her readers She is at once chronicler and analyst novelist of nostalgia and monumental thinker In her great novel Middlemarch she writes of that tempting range of relevancies called the universe This volume identifies a range of relevancies that inform both her fictional and her non fictional writings The range and scale of her achievement are brought into focus by cogent essays on the many contexts historical intellectual political social cultural to her work In addition there are discussions of her critical history and legacy as well as of the material conditions of production and distribution of her novels and her journalism The volume enables fuller understanding and appreciation from a twenty first century standpoint of the life and work of one of the nineteenth century's major writers

Narrative is the Essence of History John Cameron, 2012-03-15 The historical novel has had a very interesting history itself

During the 19th century the historical novels of Scott Hugo Thackeray Dickens Tolstoy and a host of other writers enjoyed both popular success and critical admiration Success has never really died out but admiration has been another matter During the 20th century historical fiction began to be disparaged by critics who looked down on the genre and its elements of romance adventure and swashbuckling This disparagement reached such a pitch that Robert Graves author of *I Claudius* and *Claudius the God* felt compelled to say that he wrote these novels only because of pressing financial needs As the century wore on the genre began to move in a variety of interesting ways and reached even larger audiences Some critics have continued to look down on the genre but a growing number of historical novels have begun to receive wide critical praise The Roman historian Ronald Syme once wrote that narrative is the essence of history What is the essence of historical fiction Why does it continue to be such a popular and resilient genre What is the history of historical fiction What is its future

Postcolonial George Eliot Oliver Lovesey, 2017-08-17 This book examines the range of the colonial imaginary in Eliot's works from the domestic and regional to ancient and speculative colonialisms It challenges monolithic hegemonic views of George Eliot whose novelistic career paralleled the creation of British India and also dismissals of the postcolonial as ahistorical It uncovers often overlooked colonized figures in the novels It also investigates Victorian Islamophobia in light of Eliot's impatience with ignorance intolerance and xenophobia as well as her interrogation of the make-believe of endings Drawing on a range of sources from Eugène Bodichon's Algerian anthropological texts the Persian journals of John Martyn and postmodern re-engagements *Postcolonial George Eliot* has implications for an understanding of the globalization of English the decolonization of disciplinarity and periodization and the roots of present-day conflict in the wider Mediterranean world

Lost Causes Jason B. Jones, 2006 What if we didn't always historicize when we read Victorian fiction *Lost Causes* shows that Victorian writers frequently appear to have a more subtle and interesting understanding of the relationship between history causality and narrative than the one typically offered by readers who are burdened by the new historicism As a return to these writers emphasizes the press of modern historicism deforms Victorian novels encouraging us to read deviations from strict historical accuracy as ideological bad faith By contrast Jason B. Jones argues through readings of works ranging from *The French Revolution* to *Middlemarch* that literature's engagement with history has to be read otherwise Perhaps perversely *Lost Causes* suggests simultaneously that psychoanalysis speaks pressingly to the vexed relationship between history and narrative and that the theory is neither a nor anti-historical Through his readings of Victorian fiction addressing the recent past Jones finds in psychoanalysis not a set of truths but rather a method for rhetorical reading ultimately revealing how its troubled account of psychic causality can help us follow literary language's representation of the real Victorian narratives of the recent past and psychoanalytic interpretation share a fascination with effects that persist despite baffling inexplicable or absent causes In chapters focusing on Thomas Carlyle Charles Dickens Charlotte Brontë and George Eliot *Lost Causes* demonstrates that history can carry an ontological as well as an epistemological charge one that

suggests a condition of being in the world as well as a way of knowing the world as it really is From this point of view Victorian fiction that addresses the recent past is not a failed realism as it is so frequently claimed but rather an exploration of possibility in history

Crusoe's Footprints Patrick Brantlinger, 2013-02-01 Cultural Studies has emerged in British and American higher education as a movement that challenges the traditional humanities and social science disciplines Influenced by the New Left feminism and poststructuralist literary theory cultural studies seeks to analyze everyday life and the social construction of subjectivities Crusoe's Footprints encompasses the movement of many colleges and universities in the 1960s towards such interdisciplinary and radical programs as American Studies Women's Studies and Afro American Studies Brantlinger also examines the role of feminist criticism which has been particularly crucial in both Britain and the U S

Dickens to Hardy 1837-1884 Julian Wolfreys, 2007-06-27 This authoritative survey examines how the Victorian middle classes perceived themselves through analyses of the literature of the period Asking how the middle classes distinguished themselves from their forbears Julian Wolfreys reads in detail major novels by Charles Dickens Elizabeth Gaskell Wilkie Collins George Eliot Thomas Hardy Wolfreys explores the novelists constructions of modernity national identity and their understanding of becoming historical in distinction from that of previous generations He offers illuminating close readings of texts and examines narratives set in a recent past in order to investigate the role of cultural memory in the making of identity Also featuring a helpful Chronology and an Annotated Bibliography to aid further study this stimulating guide encourages readers to reassess the work of key writers of the nineteenth century

Eventually, you will no question discover a extra experience and achievement by spending more cash. yet when? get you believe that you require to get those every needs later than having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more vis--vis the globe, experience, some places, bearing in mind history, amusement, and a lot more?

It is your no question own era to take action reviewing habit. in the middle of guides you could enjoy now is **Social Figures George Eliot Social History And Literary Representation** below.
