Jeffrey W. Koch

Social Reference Groups And Political Life

John G. Geer

Social Reference Groups And Political Life:

Social Reference Groups and Political Life Jeffrey Koch, 1995-05-02 Social Reference Groups and Political Life comprehensively demonstrates and explains the variety of ways that reference groups shape citizens political lives Jeffrey W Koch explains how groups serve as a link between the larger complex political process that operates at a distance from the individual who can contribute only limited time and resources to politics Through theoretical and empirical analysis the author explores when and how reference groups shape political behavior attitudes opinions participation and information acquisition strategies He argues that citizens utilize information from their group identifications and their group s standing in the political world to help them answer such questions as Whom to prefer in an election How politically competent does one assume oneself to be One should participate in the political process or not Contents Prior Research and the Interdependence Concept Group Identification and Political Context Explanations of Group Economic Outcomes Group Efficacy Information Acquisition Reference Groups and Democratic Government Social Cleavages and Political Change Jeff Manza, Clem Brooks, 1999-09-23 What social groups support which political party and how that support has changed over time are central questions in the sociology of political behaviour This study provides the first systematic book length reassessment and restatement of the sociological approach to American politics in more than 20 years It challenges widespread arguments that the importance of social cleavages have declined precipitously in recent years in the face of post industrial social and economic changes The book reconceptualizes the concept of social cleavages and focus on four major cleavages in American society class religion gender and race arguing a that a number of important changes in the alignments of the groups making up these four cleavages have occurred The book examines the implications of these changes for the Democratic and Republican Parties The findings of the book are examined in light of the central dilemmas facing the two major parties in the contemporary political environment Power, Politics, and Society Betty A Dobratz, 2015-10-14 Power Politics Society An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics The authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry Evangelicals and Democracy in America Steven G. Brint, Jean Reith Schroedel, Steven Brint, 2011-09 By the end of the nineteenth century the vast majority of U S churches were evangelical in outlook and practice America s turn toward modernism and embrace of science in the early twentieth century threatened evangelicalism s cultural prominence But as confidence in modern secularism wavered in the 1960s and 1970s evangelicalism had another great awakening The two volumes of Evangelicals and Democracy in America trace the development and current role of evangelicalism in American social and political life Volume I focuses on who evangelicals are

today how they relate to other groups and what role they play in U S social institutions Part I of Religion and Society examines evangelicals identity and activism Contributor Robert Wuthnow explores the identity built around the centrality of Jesus church and community service and the born again experience Philip Gorski explores the features of American evangelicalism and society that explain the recurring mobilization of conservative Protestants in American history Part II looks at how evangelicals relate to other key groups in American society Individual chapters delve into evangelicals relationship to other conservative religious groups women and gays African Americans and mainline Protestants These chapters show sources of both solidarity and dissension within the traditionalist alliance and the hidden strengths of mainline Protestants moral discourse Part III examines religious conservatives influence on American social institutions outside of politics W Bradford Wilcox David Sikkink Gabriel Rossman and Rogers Smith investigate evangelicals influence on families schools popular culture and the courts respectively What emerges is a picture of American society as a consumer marketplace with a secular legal structure and an arena of pluralistic competition interpreting what constitutes the public good These chapters show that religious conservatives have been shaped by these realities more than they have been able to shape them Evangelicals and Democracy in America Volume I is one of the most comprehensive examinations ever of this important current in American life and serves as a corrective to erroneous popular representations These meticulously balanced studies not only clarify the religious and social origins of evangelical mobilization but also detail both the scope and limits of evangelicals influence in our society This volume is the perfect complement to its companion in this landmark series Evangelicals and Democracy in America Volume II Religion and Politics [Handbook of the Sociology of Religion](#) Michele Dillon,2003-08-18 Table of contents [Deliberating in the Real World](#) John Parkinson,2006-06-15 Deliberative democracy has become the central reference point for democracy theorists over the last decade or so influencing normative frameworks and the ways we conceptualize the workings of democratic societies It has also been linked with a burst of experimentation with new procedures that involve citizens directly in deliberations about public policy But there is a contradiction at the heart of deliberative democracy it seems that it cannot deliver legitimate agreements Deliberative decisions are said to be legitimate when all those subject to them take part in free and equal debate but in complex societies that can never happen Few people can deliberate together at any one time certainly not in any strict sense so how can the results of a deliberative event be legitimate for non participants And why would people with passionately held views sit down and deliberate when there seems little advantage in them doing so This book explores these problems in theory and practice searching for a solution that does not merely dismiss a strict understanding of deliberative democratic criteria It reconsiders the theory of legitimacy and deliberative democracy but goes further by examining cases of deliberation on health policy in the United Kingdom to see what problems emerge in practice and how real political actors deal with them The result is a complete rethink of the institutional limits and possibilities of deliberative democracy one which abandons the search for perfection in

any one institution and looks instead to the concept of a multifaceted deliberative system **Power, Politics, and Society**

Betty Dobratz, Lisa Waldner, Timothy Buzzell, 2019-03-06 **Power Politics and Society** An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics This second edition incorporates new material on cultural divides in American politics emerging roles for the state the ongoing effects of the Great Recession and recovery the 2016 election social media and the various policies introduced during the Trump administration and how they affect people s lives **Political Life** Robert Edwards Lane, 1965 **Mobilizing the Faithful** Stefan

Malthaner, 2011-05-09 One of the keys to dealing with militant Islamic groups is understanding how they work with relate to and motivate their constituencies Mobilizing the Faithful offers a pair of detailed case studies of the Egyptian groups al Jamaa al Islamiyya and al Jihad and Lebanon s Hizbullah to identify typical forms of support relationships development patterns and dynamics of both radicalization and restraint The insights it offers into the crucial relationship between militants and the communities from which they arise are widely applicable to violent insurgencies not only in the Middle East but around the world Public Opinion and Polling around the World John G. Geer, 2004-07-21

Covering the intricate facets of America s most important democratic tradition this book serves as an important resource to understand how citizens views are translated into governmental action Public Opinion and Polling around the World presents a thorough review of public opinion from its roots in colonial America to its role in today s emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public s current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government Understanding Drug Use and Abuse Benjamin P. Bowser, Carl O. Word, Toby Seddon, 2014-05-30

Addressing drug use and abuse as a global phenomenon this text draws on contemporary and international research findings to examine the causes of drug use in different countries and to explore different policy responses to its prevention and treatment It is an invaluable resource for students practitioners and anyone concerned with drug use **Media, Profit, and Politics** Joe Harper, Thom Yantek, 2003 A compilation of essays and commentary delivered at the second annual Kent State University Symposium on Democracy this work recognizes and considers the differences that arise when the competitive forces of commerce clash with the demand for the open availability of information in a democratic society The conflicting

roles of advocate initiator and objective reporter for journalists who cover community politics the role of the news media in forming public attitudes toward things political and their role in affecting voter nonparticipation the role of financial considerations in the news media s attempt to provide citizens with needed news and perspective on political affairs and particularly the role of the conglomeration of ownership of news media organizations are a few of the topics discussed in this volume

The Birth of Mass Political Parties Ronald P. Formisano,2015-03-08 The first mass political parties appeared in the United States in the 1830 s as the majority of adult white males identified ardently with the Democratic and Whig parties Ronald Formisano opens a window on American political culture in this case study of antebellum voting and party formation in Michigan Examining the social bases of voter commitment and the dynamics of grass roots loyalties from Jackson to Lincoln he proposes that the forming of parties had little to do with issues of political economy but rather with value conflicts generated by the evangelicals promotion of a moral society Borrowing from other disciplines and elaborating some of the analytical techniques used by Lee Benson in *The Concept of Jacksonian Democracy* Professor Formisano studies demographic and voting data to determine patterns of partisan loyalty His study throws light on the roots of the modern Republican Party links between religion and politics and the role of ethnic and cultural loyalties in political life Originally published in 1971 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Thesaurus of ERIC Descriptors ,1984

Digital Media, Online Activism, and Social Movements in Korea Hojeong Lee,Joong-Hwan Oh,2021-03-18 Digital Media Online Activism and Social Movements in Korea deepens the current understanding of online activism and its impacts on society by highlighting how various forms of social movements have been mobilized in Korea Through exploring movements in Korea such as political participation based on SNS the 2008 U S beef protests and the 2016 2017 candlelight vigils the contributors study the intersection of digital media platforms current trends and social cultural and political conditions within Korean society Using a wide range of events and movements this book analyzes how people have utilized the development of digital media to facilitate social movements and effect social change

Lifelong Learning Today Marko Radovan,Marek Kościelniak ,2013-05-06 This book is the result of cooperation between the scientists of the University of Ljubljana and the Jagiellonian University in Krakow The aim of the authors and editors was not to create a compendium of knowledge about the current state of the development of education in the field of lifelong learning The creation of such a publication that would present a comprehensive photographic image of the state of research and practices in the field of lifelong learning would be so laborious and long term that it would not keep up with the constant changes which appear in reality The authors decided to

present a compilation of examples illustrating areas worth considering contexts and practices as well as certain problems and dilemmas The image of the reality outlined in this book is very selective but spatial to such an extent that it enables to grasp its size and dynamism of the development It encompasses not only significant issues from the standpoint of economy in the scope of key competences but also the concepts related to the social cultural scientific artistic and common schooling leading to more comprehensive personal development and embraces raising the quality of life

Votes Without Leverage
Anna L. Harvey, 1998-07-13 Votes without Leverage re examines a long standing puzzle in women s electoral politics Namely why the increasing importance of women s votes throughout the 1920s did not imply increasing success for the lobbying efforts of women s organizations during the same period Applying recent theoretical developments in the political economy of institutions and electoral behavior Professor Harvey argues that female disenfranchisement prior to 1920 created incentives for leaders of women s organizations to invest in the pursuit of suffrage as a first step to achieving other policy benefits for women When the battle over the right to vote was finally won those leaders then required time to adapt their organizations to pursue a broader legislative agenda through conventional electoral politics During this time however the major party organizations were able to initiate their own electoral mobilization of women giving the parties significant advantages in imperfectly competitive markets for women s electoral mobilization Without women s votes those organizations ceased to be able to win policy concessions from vote minded legislators a state of affairs that would not significantly change until the accelerated decline of the parties as mobilization organizations in the 1960s

The Third Electoral System, 1853-1892 Paul Kleppner, 2017-10-10 This analysis of the contours and social bases of mass voting behavior in the United States over the course of the third electoral era from 1853 to 1892 provides a deep and rich understanding of the ways in which ethnoreligious values shaped party combat in the late nineteenth century It was this uniquely American mode of political confessionals that underlay the distinctive characteristics of the era s electoral universe In its exploration of the the political roles of native and immigrant ethnic and religious groups this study bridges the gap between political and social history The detailed analysis of ethnoreligious experiences values and beliefs is integrated into an explanation of the relationship between group political subcultures and partisan preferences which will be of interest to political sociologists political scientists and also political and social historians Unlike other works of this genre this book is not confined to a single description of the voting patterns of a single state or of a series of states in one geographic region but cuts across states and regions while remaining sensitive to the enormously significant ways in which political and historical context conditioned mass political behavior The author accomplishes this remarkable fusion by weaving the small patterns evident in detailed case studies into a larger overview of the electoral system The result is a unified conceptual framework that can be used to understand both American political behavior during an important era and the general preconditions of social group political consciousness Challenging in major ways the liberal rational assumptions that have dominated political history the book

provides the foundation for a synthesis of party tactics organizational practices public rhetoric and elite and mass behaviors

Margins of Political Discourse Fred Reinhard Dallmayr, 1989-01-01 Margins of political discourse are those border zones where paradigms intersect and where issues of order and disorder meaning and non meaning must be continually renegotiated Our age is marked by multiple dislocations by political as well as philosophical paradigm shifts Politically a Europe centered world order has given way to a decentered arena of global power struggles Philosophically traditional metaphysics itself a European legacy is making room for diverse modes of anti foundationalism In this situation philosophy and political theory are bound to be decentered themselves occupying a peculiar border zone in which traditional boundaries are blurred without being erased This is the locus of Dallmayr s book Located at the intersection of Continental and Anglo American thought as well as at the border of philosophy and politics Margins of Political Discourse explores the zone between polis and cosmopolis between modernity and postmodernity between reason and contingency between immanence and transcendence

Economic and Political Integration in Immigrant Neighborhoods Lauretta Conklin Frederking, 2007-06 Analyzes different patterns of community organization develops a theoretical explanation for the contrasting patterns and empirically addresses when and how social bonds are a source of economic success and political integration

The Engaging World of E-book Books: A Thorough Guide Revealing the Benefits of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and simplicity of access, have liberated readers from the constraints of physical books. Social Reference Groups And Political Life Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Reference Groups And Political Life has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Reference Groups And Political Life has opened up a world of possibilities. Downloading Social Reference Groups And Political Life provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a

button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Reference Groups And Political Life has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Reference Groups And Political Life. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Reference Groups And Political Life. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Reference Groups And Political Life, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Reference Groups And Political Life has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Social Reference Groups And Political Life Books

1. Where can I buy Social Reference Groups And Political Life books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
