**The Socialist Register** Ralph Miliband,1996      The Socialist Register 1991 Ralph Miliband,Leo Panitch,1991-01-01

The International Politics of Russia and the Successor States Mark Webber,1996 This textbook examines the external relations of the fifteen new states which emerged from the ashes of the Soviet Union in 1991 Mark Webber examines the consequences of the Soviet collapse and the emergence of a new system of international relations embracing Russia and the other former Soviet republics The author explores both relations between the new states themselves and between these states and the wider world He pinpoints the daunting challenges facing the new states the invention of foreign policy orientations the management of the Red Army s material legacy including nuclear weapons the resolution of regional conflicts and the need for economic revival Two key themes emerge the reassertion of national identities and the special position of Russia which has assumed to some extent the rights and the obligations of the Soviet Union on the world stage whilst having to tackle the chaos of local wars and internal economic collapse      **Class, Power and the State in Capitalist**

**Society** P. Wetherly,C. Barrow,P. Burnham,2007-12-14 This collection of new essays re examines and evaluates central themes in the work of Ralph Miliband a leading contributor to Marxist political theory in twentieth century It provides an essential reference point for research within the Marxist tradition and a valuable resource for students on a range of courses in political and social theory      **Socialist Register** Ralph Miliband,Leo Panitch,John Saville,      **Politics of Security**

Holger Nehring,2013-10-10 Focuses on a number of peace movements in Britain and West Germany from the end of Second World War in 1945 to the early 1970s to understand how European societies experienced and reacted to the Cold War

**Intellectual Radicalism after 1989** Sebastian Berg,2017-03-15 Left wing intellectuals in Britain and the US had long repudiated the Soviet regime Why was the collapse of the Eastern Bloc experienced as a shock that destabilised their identities and political allegiances then What happened to a collective project that had started out to formulate a socialist vision different from both really existing socialism and social democracy This study endeavours to answer both questions focusing on generational networks rather than individuals and investigating political academic journals after 1989 to paint the picture of a Left deeply troubled by the triumph of a capitalism unfettered by any counter force      **Globalisation and**

**Enlargement of the European Union** Andreas Bieler,2002-11-01 On January 1 1995 Austria and Sweden joined the European Union EU This book examines why these two countries joined at such a moment and studies their accession against the structural background of globalization In this cutting edge analysis Andreas Bieler argues that conventional neo functionalist and intergovernmentalist theories fail to explain such structural change as they take existing power structures as given Therefore he develops a neo Gramscian perspective as an alternative approach to European integration      *What Was Neoliberalism?* Neil Davidson,2023-10-24 Eminent scholar activist Neil Davidson s brilliance is on full display in this posthumous work a timely and prescient introduction to the neoliberal era While it is widely agreed that neoliberalism arose

in the wake of the global economic crisis of the 1970s there remains much debate about how to understand its significance and even how to define it Is it best seen as an ideology of free market fundamentalism a series of policy decisions gutting the public sector and breaking unions or as an era of capitalist development with its own logic Bringing his considerable intellectual breadth and characteristic generosity to bear on this question Neil Davidson shows that to truly appreciate what is unique about neoliberalism and what marks it out as a continuation of capitalism more generally it is necessary to examine its social dimensions What Was Neoliberalism holds fast to Davidson s conviction that thoroughly understanding the past means being better prepared for the struggles of the future     Marxist Phoenix Murray E.G. Smith,2014-05-05 Looking to an increasingly perilous and inequitable future many progressive activists and scholars are seriously questioning the capacity of global capitalism to guarantee the conditions for human well being and sustainability in the 21st century This development inspires the central inquiry of Marxist Phoenix Will the intensifying contradictions and multiple crises of contemporary capitalism incite the emergence of a mass socialist workers movement committed not merely to the reform of capitalism but to its overthrow This collection of new and previously published essays articles and book chapters written over the last two decades makes the case for the indispensability of the Marxist socialist project to the emancipation of humanity from material insecurity and ever worsening social antagonism Only a global workers movement committed to the fundamental tenets of Marxism a triumphant Marxist Phoenix rising from the ashes of the multiple defeats of the 20th century can open the road to real social progress Interdisciplinary rigorous and critically engaged with many currents in contemporary academic discourse this volume is a timely contribution to the rebirth of a Marxist socialism that is at once scientific emancipatory and internationalist in its commitments     **Between Prague Spring and French May** Martin Klimke,Jacco Pekelder,Joachim Scharloth,2011-06-01 Abandoning the usual Cold War oriented narrative of postwar European protest and opposition movements this volume offers an innovative interdisciplinary and comprehensive perspective on two decades of protest and social upheaval in postwar Europe It examines the mutual influences and interactions among dissenters in Western Europe the Warsaw Pact countries and the nonaligned European countries and shows how ideological and political developments in the East and West were interconnected through official state or party channels as well as a variety of private and clandestine contacts Focusing on issues arising from the cross cultural transfer of ideas the adjustments to institutional and political frameworks and the role of the media in staging protest the volume examines the romanticized attitude of Western activists to violent liberation movements in the Third World and the idolization of imprisoned RAF members as martyrs among left wing circles across Western Europe     Beyond Capital M. Lebowitz,2003-06-20 Winner of The Deutscher Memorial Prize 2004 In a completely reworked edition of his classic 1991 volume Michael A Lebowitz explores the implications of the book on wage labour that Marx originally intended to write Focusing upon critical assumptions in Capital that were to be removed in Wage Labour and upon Marx s methodology Lebowitz stresses the one sidedness of Marx s

Capital and argues that the side of the workers their goals and their struggles in capitalism have been ignored by a monolithic Marxism characterized by determinism reductionism and a silence on human experience

**The Sociology Of Development** Ray Kiely, 2014-04-04 First published in 1995 Since its establishment as a separate discipline within the social sciences in the post war world development sociology has undergone a number of theoretical transformations each of which attempted to overcome the inadequacies of the previous paradigm and a matter of academic debate but many writers agree that the discipline has reached something of an impasse This book is concerned with explaining the reasons for the impasse and suggesting ways of moving beyond it Its focus is on Marxist and related theories of development and underdevelopment since these have dominated the field for the past 20 or so years

The Grimace of Macho Ratón Les W. Field, 1999 An ethnographic account of indigenous artisans in Nicaragua and the complex ways they have understood and constructed their own identity from the period of the Sandanistas to the present

**Party Formation in East-Central Europe** Gordon Wightman, 1995 a welcome addition to our stock of knowledge regarding the process of democratization the real value of the book lies in the empirical details and occasional suggestive comparisons rather than in a consistently convincing conceptual rendering of the opening pages of the new chapter in East Central European history Frank A Kunz Canadian Journal of Political Science Party Formation in East Central Europe is an excellent book It is encouraging that many of the articles were written by scholars who are of Eastern European origins and live in the area Ann Griffiths International Insights Party Formation in East Central Europe is one of the first books to present detailed studies of politics in Czechoslovakia Hungary Poland and Bulgaria during the initial three years of post communist rule

*The Undermining of the Sandinista Revolution* Gary Prevost, Harry E. Vanden, 2016-04-30 The Sandinista revolution brought dramatic social economic and political changes to Nicaragua in the 1980s but in the wake of the electoral defeat of the FSLN in 1990 the revolution has struggled to survive in the face of challenges from the Chamorro administration the US government and the International Monetary Fund Gains of the revolution in health care education Atlantic Coast autonomy agrarian reform and other areas have been systematically eroded However significant efforts have also been mounted especially in grass roots organizing and by women s organizations to protect the revolution s achievements Through a series of articles based on current research seven experts on contemporary Nicaragua draw a balance sheet on the gains of Sandinista revolution achieved by 1990 and assess the current status of the revolutionary project

Organizing Modernity Larry Ray, Michael Reed, 2002-11 This book provides a re evaluation of Weber s work on the current debates about the institutional and organizational dynamics of modernity offering interpretations of his work which emphasize the reality of modernity as a dual process

**When Ads Work** John Philip Jones, 2007 The accepted wisdom in advertising is that ad campaigns are good for building brand recognition and good will but not for immediate sales impact When Ads Work argues the opposite that well planned and well executed advertising campaigns can and should have an immediate impact on sales Featuring numerous examples from recent ad campaigns the

new edition of this popular book is a model for any successful advertising research program With a device he calls STAS Short Term Advertising Strength a measure of the immediate effect of advertising on sales the author demonstrates th

**Radical Political Economy: A Concise Introduction** Charles A. Barone, 2015-03-26 This straightforward introduction to radical political economy strikes a balance between breadth and depth and was written for the beginning student and others interested in a relatively short text on radical economics

**Economic Restructuring and Social Exclusion** Phillip Brown, Rosemary Crompton, 2018-05-11 Economic Restructuring and Social Exclusion provides a timely reminder of persisting inequalities of class race and gender as a consequence of the changes which have engulfed Europe in less than a decade The contributors consider key debates including democracy social justice and citizenship The book also examines evidence that social and economic polarization is increasing and the prospect of a conspicuous and growing underclass in Europe's urban centres is fast becoming a reality This volume will be particularly valuable for undergraduate and postgraduate students in sociology
