Dependency Theory Revisited

B.N. Ghosh, 2019-07-15 This title was first published in 2001 An important critical study of the theories of dependency both past and present Since the theories of dependency are based on the Marxian notion of exploitation and backwardness the book starts with the elaboration of the Marxian theory of development and underdevelopment The book analyses various concepts and precepts of dependency as well as critically discussing the individual theories of Baran Frank Amin Emmanuel Prebisch and Singer The contributions of more recent writers including Furtado Kay Wallerstein and Marini are also considered The main focus of the book lies in the thorough analysis of all the important traditional as well as modern theories of dependency The main message of the present book is that the phenomenology of dependency is still relevant as a methodology of study of development and underdevelopment The book incorporates some pressing contemporary issues to give fresh flavour to the

old dependency debate A special feature of the book lies in the critical appraisal for each of the theories studied The book is designed to serve as a valuable compendium for students of economic development and political economy and for those interested in the study of the economic backwardness of the Third World countries

Household Responses to Poverty and Vulnerability Caroline O. N. Moser, Cathy McIlwaine, Jeremy Holland, 1997 This research paper describes the main results from the community of Angyalfold in Budapest Hungary The research is concerned with the strategies adopted by the urban poor to reduce vulnerability and prevent impoverishment during periods of economic stress This type of study assists policymakers in designing effective locally based solutions that ensure the poor are themselves active agents of growth rather than passive recipients of compensatory measures Three features distinguish this study from other poverty studies a micro level approach combining households and communities as the main units of analysis an unusually long period of observation for some communities and households and a comparative framework offering four cases with very different economic development levels and institutional contexts The study concludes with some priority recommendations for action 1 support households in their role as safety net 2 alleviate constraints on women s labor supply 3 ensure that social capital is not taken for granted 4 develop social policy that integrates human capital and social capital 5 pursue further research and 6 develop tools and indicators to strengthen the assets of the poor

Regional Development Agencies Nicola Bellini, Mike Danson, Henrik Halkier, 2012 Across Europe regional development agencies RDAs have become a central feature of regional policy both as innovative policy makers and as the implementers of programmes and initiatives originating from the national or European level Since the first generation of RDAs were established in the 1970s and 1980s major changes have swept through the policy arena globalisation has increased competitive pressure and moved the position of regions in the international division of labour to the forefront of regional strategy making the digital revolution and the EU Lisbon agenda have highlighted the importance of production and access to knowledge as key factors in regional competitiveness regional policy has become part of a wider system of multi level governance so that their geographical horizon has expanded in terms of sponsors and collaborators issues of governance and accountability of RDAs have been one of the drivers to devolution of powers to governments and bodies below the level of the nation state raising questions over their status and distance from political control The aim of this book is to develop a profile of the next generation of RDAs that will identify key issues and trends regarding policy aims strategy making and the new role of knowledge the organisation of policy delivery with emphasis on interactive knowledge brokerage the organisational shift towards smaller and more flexible RDAs and the political governance of regional policy By drawing on a combination of conceptual reflection surveys

comparative research and systematic use of critical case studies the book provides a new point of reference by identifying key features of the current and indeed next generation of regionally based economic development organisations *The Search for Fundamentals* Lieteke van Vucht Tijssen, Jan Berting, Frank Lechner, 2013-06-29 Modernity dissolves absolute certainties late modernity dissolves them absolutely In the modern world system there appears to be no firm unchallenged ground on which to construct a meaningful canopy But around the world many individuals and groups long for a kind of cultural coherence that they believe once existed They search for fundamentals While these may be sought in religious traditions many also aspire to new secular certainties In their various new forms and contexts the contemporary quests for meaning in turn transform the societies in which they occur The rich comparative examples in *The Search for Fundamentals* are used to analyze the sources and consequences of several cultural movements The book also offers theoretical reflections on the difficulties they experience and on the message they carry for students of modernity Audience A broad readership of scholars and advanced students in the social sciences and humanities *The SAGE Encyclopedia of Intellectual and Developmental Disorders* Ellen Braaten, 2018-01-29 This encyclopedia provides an inter disciplinary approach discussing the sociocultural viewpoints policy implications educational applications and ethical issues involved in a wide range of disorders and interventions
