Society Politics In Hong Kong:

Society and Politics in Hong Kong Siu-kai Lau, Zhaojia Liu, 1984 *Political Development in Hong Kong* Ngok Ma, 2007-01-01 This book reviews the political development of Hong Kong before and after 1997 in particular the evolution of state society relations in the last two decades to analyze the slow development of democracy and governance in Hong Kong after 1997 This book is a most comprehensive analysis of the multi faceted changes in Hong Kong in the last 20 years The scope of changes analyzed included state functions and institutions political changes such as party development and development of the Legislative Council and social changes such as social movements civil liberties etc It helps the reader understand the crisis of governance of Hong Kong after 1997 and the difficulty of democratic development in Hong Kong over the years The book covers changing state institutions in Hong Kong in the last few decades party development in Hong Kong the changing role and function of the legislature in Hong Kong the evolution of social movement and movement organizational forms media freedom civil liberties and the role of civil society and theoretical discussions concerning governance problems and state society relations in Hong Kong Special emphasis is placed on how these changes brought about a new state society relation which in turn brought governance difficulties after 1997 **Hong Kong's History** Tak-Wing Ngo, 2002-09-11 Rewriting Hong Kong s history from the bottom up the chapters investigate vital but hitherto obscured aspects of the colony s rise They cover the Chinese collaboration with the colonial regime legal discrimination and intimidation rural politics social movements government business relations industrial policy flexible manufacturing and colonial historiography Drawing together contributions from historians sociologists and political scientists the book highlights the role played by a variety of social actors in Hong Kong s history and differs both from recent celebrations of British colonialism and anti colonial Chinese nationalism **Between Two Worlds - Society, Politics, and Business in the Philippines** Rupert Hodder, 2003-08-29 Considers varying attitudes to social relationships in the West and Asia in the context of the Philippines and how bound up these are with material progress business and politics **Politics and Government in Hong Kong** Ming Sing, 2009 This book examines the government of Hong Kong since its handover to mainland China in 1997 focusing in particular on the anti government mass protests and mobilisations in the years since 2003 It argues that Hong Kong has been poorly governed since transferring to Chinese rule and that public frustration with governmental performance including anti subversion laws and slow democratisation has resulted in the regular and massive protests which have been rare in Hong Kong s past political development The book then assesses different explanations for Hong Kong s government problems including lack of social cohesion incomplete economic restructuring structural budgetary deficit severe social inequality intensifying cronyism and deficiencies within the political system itself It goes on to discuss the implications of poor governance for legislative elections civil society and constitutional development and considers the prospects for the future It argues that although in the short term the Hong Kong government has managed to maintain its

popular support ratings in the longer run it is unlikely to be able to maintain its legitimacy in dealing with the fundamental challenges of government unless the current system is replaced by popular election of the government with appropriate institutional capacity and political powers **Civil Life, Globalization and Political Change in Asia** Robert P.

Weller,2004-08-02 Written by a team of international experts in the field the chapters in this book question whether and how NGOs actually lead to democratization and discuss the ways NGOs relate to broader global forces **Society and Politics**

in Hong Kong Zhaojia Liu,1983-01-01 Hong Kong and British culture, 1945-97 Mark Hampton,2015-11-01 This book examines the British cultural engagement with Hong Kong in the second half of the twentieth century It shows how the territory fit unusually within Britain s decolonisation narratives and served as an occasional foil for examining Britain s own culture during a period of perceived stagnation and decline Drawing on a wide range of archival and published primary sources Hong Kong and British culture 1945 97 investigates such themes as Hong Kong as a site of unrestrained capitalism modernisation and good government as well as an arena of male social and sexual opportunity It also examines the ways in which Hong Kong Chinese embraced British culture and the competing predictions that British observers made concerning the colony s return to Chinese sovereignty An epilogue considers the enduring legacy of British colonialism This book will be essential reading for historians of Hong Kong British decolonisation and Britain s culture of declinism *Formations of Colonial Modernity in East Asia* Tani E. Barlow,1997 The essays in *Formations of Colonial Modernity in East Asia* challenge the idea that notions of modernity and colonialism are mere imports from the West and show how colonial modernity has evolved from and into unique forms throughout Asia Although the modernity of non European colonies is as indisputable as the colonial core of European modernity until recently East Asian scholarship has tried to view Asian colonialism through the paradigm of colonial India for instance failing to recognize anti imperialist nationalist impulses within differing Asian countries and regions Demonstrating an impatience with social science models of knowledge the contributors show that binary categories focused on during the Cold War are no longer central to the project of history writing By bringing together articles previously published in the journal positions east asia cultures critique editor Tani Barlow has demonstrated how scholars construct identity and history providing cultural critics with new ways to think about these concepts in the context of Asia and beyond Chapters address topics such as the making of imperial subjects in Okinawa politics and the body social in colonial Hong Kong and the discourse of decolonization and popular memory in South Korea This is an invaluable collection for students and scholars of Asian studies postcolonial studies and anthropology Contributors Charles K Armstrong Tani E Barlow Fred Y L Chiu Chungmoo Choi Alan S Christy Craig Clunas James A Fujii James L Hevia Charles Shiro Inouye Lydia H Liu Miriam Silverberg Tomiyama Ichiro Wang Hui **Understanding the Political Culture of Hong Kong: The Paradox of Activism and Depoliticization** Lam Wai-man,2015-06-03 This book challenges the widely held belief that Hong Kong s political culture is one of indifference The term political indifference is used to suggest the apathy naivete passivity and

utilitarianism of Hong Kong's people toward political life Taking a broad historical look at political participation in the former colony Wai man Lam argues that this is not a valid view and demonstrates Hong Kong's significant political activism in thirteen selected case studies covering 1949 through the present Through in depth analysis of these cases she provides a new understanding of the nature of Hong Kong politics which can be described as a combination of political activism and a culture of depoliticization

Governance for Harmony in Asia and Beyond Julia Tao, Anthony B. L. Cheung, Martin Painter, Chenyang Li, 2009-12-18 Harmony has become a major challenge for modern governance in the twenty first century because of the multi religious multi racial and multi ethnic character of our increasingly globalized societies Governments all over the world are facing growing pressure to integrate the many diverse elements and subcultures which make up modern pluralistic societies This book examines the idea of harmony and its place in politics and governance both in theory and practice in Asia the West and elsewhere It explores and analyses the meanings mechanisms dimensions and methodologies of harmony as a normative political ideal in both Western and Asian philosophical traditions The book argues that in Western political thought which sees politics as primarily concerned with resolving social conflicts and protecting individual rights the concept of harmony has often been neglected In contrast since earliest times harmony or he has been a profound theme in Confucian thought and current leaders of many East Asian governments and the Chinese government have explicitly declared that the realisation of a harmonious society is their aim The book also assesses how harmony is pursued jeopardized or deformed in the real world of politics based upon empirical analysis of a variety of different cultural social and political contexts including China Hong Kong Singapore Malaysia Singapore Vietnam Denmark Latin America and the Scandinavian countries It shows

how harmony as an organizing concept can help to promote new thinking in governance and overcome problems of modern day governance like distrust adversarial conflicts hyper individualism coercive state intervention and free market alienation It also discusses the potential problems posed by the pursuit of harmony in particular in the grave threat of totalitarianism and considers how these risks could best be mitigated
