Society Without The Father:

Society Without the Father Alexander Mitscherlich, 1993 A classic book for the Men's Movement with a new Foreword by Robert Bly In his now famous study Mitscherlich the former director of the Sigmund Freud Institute states that since the rise of industrial mass society the authority structures based on the image of the father have broken down resulting in increasingly impersonal relationships between fathers and sons

Society Without Father Alexander Mitscherlich, 1990

Life Without Father David Popenoe, 1996 The author of *Disturbing the Nest* Family Change and Decline in Modern Society reveals how the disintegration of the child centered two parent family and the weakening commitment of fathers to their children that usually follows are a central cause of many of America's worst individual and social problems

Families Without Fathers David Popenoe, 2011-12-31 The American family is changing

Divorce single parents and stepfamilies are redefining the ways we live together and raise our children. Many experts feel these seemingly inevitable changes should be celebrated; they claim that the new families, which often lack a strong father, are actually healthier than traditional two-parent families or at the very least do children no harm. But as David Popenoe shows in *Families Without Fathers*, this optimistic view is severely misguided. Examining evidence from social and behavioral science, history, and evolutionary biology, Popenoe shows why fathers today are deserting their families in record numbers. The disintegration of the child-centered two-parent family, especially in the inner cities where as many as two in three children are growing up without their fathers, and the weakening commitment of fathers to their children, that more and more follows divorce, are central causes of many of our worst individual and social problems. Juvenile delinquency, drug and alcohol abuse, teenage pregnancy, welfare dependency, and child poverty can be directly traced to fathers' lack of involvement in their children's lives. Our situation will only get worse, Popenoe warns, unless men are willing to renew their commitment to their marriages and to their children. Yet he is not just an alarmist. He suggests concrete policies and new ways of thinking and acting that will help all fathers improve their marriages and family lives and tells us what we, as individuals and as a society, can do to support and strengthen the most important thing a man can do.

Fatherless Daughters Pamela Thomas, 2018-03-27 A moving, elegantly written and exhaustively researched account of what it means for a girl to lose a father to death or divorce, with advice for fatherless daughters on how to cope. People who lose their parents early in life are like fellow war veterans. Pamela Thomas gives voice to this unspoken pain in *Fatherless Daughters*. Still haunted by her own father's death when she was ten, Thomas
