World and the Search for the Holy Grail Rudolf Steiner, 2016-03-21 There is no way of approach to the Grail through words of

any kind or through philosophical speculations The only way is by changing all these words into feeling by becoming able to

feel in the Grail the sum of all that is holy Rudolf Steiner from lecture 6 Reviewing human history in relation to the cosmic

earthly events of Christ s incarnation Rudolf Steiner explains the significance of both the Gnostic religion and the legend of

the Holy Grail He indicates how the Grail emerges in human history and how the stellar script relates to the secret of Parsifal

Steiner examines humanity s existential quest in the historical patterns of human thought and spiritual development We are

shown the widespread influence of the sibyls who with their astrological and clairvoyant prophecies were a backdrop to one

of the richest cultural epochs the Greco Roman world Steiner contrasts the revelations of the sibyls to those of the Hebrew

prophets This course of lectures a complete edition from Steiner s Collected Works offers an illuminating insight into the

development of the soul through succeeding ages **Rudolf Steiner, Fragment of a Spiritual Biography** Sergei O.

Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff s life s work was a fundamental research theme to which he returned to

repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982

inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the

intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by

Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages

of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the

deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to

write the first chapter about Rudolf Steiner s incarnation as Enkidu in Sumer Sadly many obstacles in his path were to

prevent him finalising the project However the author returned to the book in his final months preparing a Preface that

outlines its conception together with a summary chapter on Rudolf Steiner s evolutionary journey This precious fragment of a

biography features valuable additional material including a full introduction to the relationship of the anthroposophical

movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of

the Epic of Gilgamesh that establishes Rudolf Steiner s connection with the being of Jesus of Nazareth and an exploration of

Steiner's relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples **Christ and the Spiritual World** Rudolf Steiner, 2022-11-18 Reassessing human history in relation to the cosmic earthly events of Christ's incarnation Rudolf Steiner stresses the significance of both Gnostic spirituality and the legends of the Holy Grail The Christ Impulse he tells us is not a one time event but a continuous process beginning well before Jesus of Nazareth walked the earth This mighty impulse is a force that gives impetus to human development such as with the extraordinary blossoming of free thinking of the last two millennia Surveying this pattern of evolving human thought Steiner explains the roles of contrasting historical figures for example the great teacher Zarathustra Joan of Arc and Johannes Kepler We are shown the widespread influence of the clairvoyant prophetesses the sibyls who formed a backdrop to the Greco Roman world Steiner contrasts their revelations to those of the Hebrew prophets The lectures culminate in the secret background to the Parzival narrative Steiner illustrates how it is possible to experience the Holy Grail by reading the stellar script in the sky at Easter Here he provides a rare personal account of the processes he utilized to conduct esoteric research The new edition of these much loved lectures features a revised translation and an introduction appendices and notes by Frederick Amrine
