The Mystic Meaning Of The Paraousia:

The Mystic Meaning of the Paraousia H. Erskine Hill, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Lectures on New Testament Theology** Peter C. Hodgson, 2016-03-24 Ferdinand Christian Baur 1792-1860 one of the great innovators in the study of the New Testament argued that each of its books reflects the interests and tendencies of its author in a particular religious-historical milieu. A critique of the writings must precede any judgments about the historical validity of individual stories about Jesus in the Gospels. Thus Baur could move beyond the impasse created by Strauss's *Life of Jesus*. Baur demonstrated that the Gospel of John is not a historical document comparable to the Synoptic Gospels and cannot be used to reconstruct the teaching of Jesus and that the Synoptic Gospels must be read critically and selectively. He applied the same principles to the Epistles, arguing that only four are genuinely Pauline: Galatians 1 and 2, Corinthians, and Romans. Baur's *Lectures on New Testament Theology*, delivered in Tübingen during the 1850s, summarize thirty years of his research. The lectures begin with an Introduction on the concept, history, and organization of New Testament theology. Part One is devoted to the teaching of Jesus, which Baur finds most reliably in Matthew. Part Two contains the teaching of the Apostles in three chronological periods. The first period presents the theological frameworks of the Apostle Paul and the Book of Revelation; the second period, the frameworks of Hebrews, the Deutero-Pauline Epistles, James, and Peter; the Synoptic Gospels and Acts; and the third period, those of the Pastoral Epistles and the Gospel of John. **The Promise of His Coming** R. C. Leonard (Ph.D.), J. E. Leonard, 1996 *Paul Ricoeur's Hermeneutics and the Discourse of Mark 13* Peter C. de Vries, 2016-12-14 The apocalyptic discourse of Mark 13 predicts that cataclysmic events will occur within the generation of Jesus' contemporaries, but readers today know these events have not taken place. Paul Ricoeur's hermeneutics enables a reader to understand this text as a presentation of truth rather than as a failed prediction. Ricoeur argues that the meaning of a text is not defined by the author's intention nor by the reader's reception but by the text itself. Therefore, although Mark 13 was originally understood literally, today's reader is able to read it as metaphor and to discern latent meaning that is present in the text. As Ricoeur explains, metaphor associates previously unrelated concepts and creates new multiple meanings. In doing so, metaphor is able to present truth not as a verifiable presentation of the world but as a novel manifestation of the world. Mark 13 functions as metaphor because of a double dissonance: first, between the configured world of the text and the lived world of the reader; and second, between the claim that Jesus is able to predict when the events will take place (v. 30) and the assertion that he is not able to do so (v. 32). One option for the metaphorical meaning that Mark 13 offers for today's reader is the perception of the presence of forces that challenge and subvert powers which appear to be dominant and which deceive, destroy, and persecute.

This book will appeal to two sets of readers First scholars who study New Testament apocalyptic texts and the eschatological expectations of the early church will appreciate a new approach to a challenging subject matter Second Ricoeur scholars who focus upon the religious aspects of his work will enjoy the employment of his interpretive approach on a Biblical genre that has heretofore receive only cursory attention

The Christian Mystic Warriors Henry Epps,2012-08-05 The christian mystic warriors will restore basic bible beliefs back to the church

The Letters of St. Antony Samuel Rubenson,1995-01-01 This book revolutionizes our understanding of the life and thought of the great anchorite father of the Egyptian desert It is a signal contribution to our knowledge of Egyptian Christianity in the third and fourth centuries Birger Pearson Institute for Antiquity and Christianity Samuel Rubenson by means of a fresh analysis of the letters of St Antony exposes the distortion of the picture of early Christian monks as unlettered and primitive Rubenson describes the desert monasteries as centers of theological reflection in Egypt showing how they combined the speculative philosophy of the Greeks and the biblical tradition Included in this volume is a new translation of the letters themselves which are shown to be authentic and an important source for the study of the desert fathers and the early monastic tradition The later image of Antony is demonstrated to be influenced by church politics of the latter part of the fourth century Samuel Rubenson is Associate Professor at Lund University Lund Sweden

The Writings of the Apostle John John Tindall Harris,1889

BIBLICAL WORDS AND THEIR MEANING Edward D. Andrews,2025-03-08 How Does Accurate Word Study Safeguard the Authority of Scripture This volume explores the essential discipline of lexical semantics within biblical studies offering believers a roadmap for understanding how Hebrew Aramaic and Greek words function to convey God's truth From the distinctive features of each biblical language to the implications for translation and interpretation readers are guided to handle the inspired text with reverence and confidence Drawing on a conservative approach that resists liberal skepticism the book explains practical methods for identifying a word's range of meaning investigating context and navigating figurative language It underscores that the meaning of each term belongs to the inspired authors rather than to modern theories or interpretive translations By emphasizing literal word for word rendering the text helps readers discern biblical doctrine rooted in the actual words chosen by Jehovah's prophets and apostles Far from an academic exercise this study aims to enrich personal devotion preaching and teaching by reconnecting believers with Scripture's original expressions Through case studies insights on translation practice and ample references to Old and New Testament passages the work displays how precise word studies reveal the unchanging voice of God one that still addresses the church today with life giving power

The Letters of an Unexpected Mystic Robert D. Flanagan,2022-07-20 The apostle Peter is a pillar of the church whose writing has been overlooked until recently when scholarship remedied this gap significantly elevating Peter's letters However one critical area has been omitted Within the Petrine writing is a robust empowered and beautiful mystical theology which makes Peter an unexpected but vital Christian mystic In exploring his love of artwork German theologian and priest Romano

Guardini developed the Threefold Seeing which has been brought to light by Yvonne Dohna Schlobitten of the Pontificate Gregorian University His unique method of viewing the artist artwork and observer develops a way of encountering the world and word Instead of looking at the world or the biblical text through separate vantage points the Threefold Seeing integrates all disciplines under greater view of God the artist of all creation The Letters of an Unexpected Mystic employs Guardini s Threefold Seeing to encounter the mystic Peter and the Petrine mystical theology The result is a book that provides its readers with a means to become the Christian Karl Rahner wrote about in 1971 The devout Christian of the future will either be a mystic one who has experienced something or he will cease to be anything at all **Grandeur and Twilight of**

Radical Universalism Agnes Heller,2023-04-14 Grandeur and Twilight of Radical Universalism provides a theoretical construction to the extraordinary events of the past several years in Europe and the Soviet Union and China These masterful essays attribute much of the problem of totalitarianism to its blind acceptance of a Marxist philosophy of practice With the failure of communist practice the collapse of the Marxian paradigm was quick to follow At its roots this volume is a critique of the idea that we can have scientific knowledge of the social and political future Totalitarian Marxism combined statements of history and claims of omniscience Free choice was surrendered to history and when the predicted outcomes fail to materialize when communism came closer to being buried than capitalism and western ideals of democracy proved far more compelling than inherited doctrines of authoritarianism the outcome proved monumental and disastrous The authors position themselves as evolving from critical Marxism to post Marxism and then post modernism By this they mean a modest view of life one that moves beyond radical universalism and grand narrative into a realization of individualism and equity concerns are central to the end of the twentieth century The volume proceeds historically from studies of the classic Marxian legacy to the early twentieth century efforts of Lukacs Weber and Adorno proceeding to the disintegration of the Marxian paradigm in both its pure and revisionist forms It ends with a study of options posed by this paradigmatic collapse to consideration of the status of postmodernity and the choices between pure relativism and a theological fundamentalism This is a work of absolute importance for political philosophy the sociology of knowledge and the history of ideas In raising recent events to a theoretically meaningful framework it represents a refreshing as well as remarkable step toward understanding Revolutions from 1789 to 1989 *The Parousia* Israel Perkins Warren,1879 **The Mystical Philosophy of Ibn Masarra and His**

Followers Asín Palacios,2023-09-25 *After Christianity* Gianni Vattimo,2002-06-12 What has been the fate of Christianity since Nietzsche s famous announcement of the death of God What is the possibility of religion specifically Christianity thriving in our postmodern era In this provocative new book Gianni Vattimo leading Italian philosopher politician and framer of the European constitution addresses these critical questions When Vattimo was asked by a former teacher if he still believed in God his reply was Well I believe that I believe This paradoxical declaration of faith serves as the foundation for a brilliant exposition on Christianity in the new millennium an age characterized by a deep uncertainty of opinion and a

personal account of how Vattimo himself recovered his faith through Nietzsche and Heidegger He first argues that secularization is in fact the fulfillment of the central Christian message and prepares us for a new mode of Christianity He then explains that Nietzsche's thesis concerns only the moral god and leaves room for the emergence of new gods Third Vattimo claims that the postmodern condition of fragmentation anti Eurocentrism and postcolonialism can be usefully understood in light of Joachim of Fiore's thesis concerning the Spiritual Age of history Finally Vattimo argues for the idea of weak thought Because philosophy in the postmetaphysical age can only acknowledge that all is interpretation that the real is always relative and not the hard and fast truth we once thought it to be contemporary thought must recognize itself and its claims as weak as opposed to strong foundationalist claims of the metaphysical past Vattimo concludes that these factors make it possible for religion and God to become a serious topic for philosophy again and that philosophy should now formally engage religion

Jesus and God in Paul's Eschatology Larry Joseph Kreitzer, 2015-01-29 This probe into Paul's theology argues that in his eschatological thinking there is a conceptual overlap between Jesus and God As in several pseudepigraphical texts there is in Paul a certain identification of the roles of God and the messianic figure Especially in Paul's doctrines of the parousia and the final judgment this overlap features the Old Testament idea of the Day of the Lord Yahweh becoming transposed into the Day of the Lord Christ In examining Paul's teaching on the messiah and the Kingdom Kreitzer offers a penetrating analysis of how Paul balanced theocentricity and christocentricity within his eschatology and how the theme of Christ's subordination to God is interjected into his doctrine
