The Nature and Limits of Political Science Maurice Cowling, 2006-04-20 This book provides a fascinating and critical overview of the study of political subjects within English universities in the mid twentieth century and the strengths and weaknesses of certain patterns of thinking

Nature and Limits of Political Science Cambridge University Press, 2003-03

Sketch of the Nature and Limits of a Science of Economics William Westgarth, 1887

Political Science William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

American Political Scientists Glenn H. Utter, Charles Lockhart, 2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research

At the Limits of Political Philosophy James V. Schall, 2010-04 James V Schall presents in a convincing and articulate manner the revelational contribution to political philosophy particularly that which comes out of the Roman Catholic tradition

Public and Private Doctrine Michael Bentley, 2002-08-08 Maurice Cowling s first two books appeared in 1963 the year in which he also became a Fellow of Peterhouse Cambridge This volume brings together a group of pupils admirers and critics who have contributed essays dealing with facets of what Cowling calls

public doctrine in modern British history together with critical assessments of his writing and his role as a major Cambridge figure This varied group of essays helps to situate Cowling s work in its wider environment which will aid those who are coming to it for the first time or who are trying to make sense of its complex filiations Above all it seeks to be as unsycophantic rebarbative and diverting as its dedicatee while offering something genuinely worthwhile to all readers interested in recent historical and current intellectual tendencies in England

UGC NET Paper 2 _ Political Science
