The Nature Of Work Sociological Perspectives

Christine Cocker, Lucille Allain

The Nature Of Work Sociological Perspectives:

The Nature of Work Kai Erikson, Steven Peter Vallas, 1990 In this book America's leading authorities on the sociology of work discuss the recent transformation of the nature of work in America Among the provocative issues they raise are these precisely what alienation from work means and what nonalienated forms of work might be like what happens within the family when both husband and wife contribute to the family's income how work values are changing and whether the primacy of work in people's lives has begun to wane and other questions

The Nature of Work Kai Erikson, Steven Peter Vallas, 1990 *The Changing Nature of Work* Frank Ackerman, Neva R. Goodwin, Laurie Dougherty, Kevin Gallagher, 1998-10 Human impacts on the environment are largely driven by economic forces If a more ecologically sustainable world is to be achieved significant changes must be made to the current growth and consumption dependent economic system The Frontier Issues in Economic Thought series was designed to assist the growing number of economists and others who are responding to the need for new thinking about economics in the face of environmental and social forces that are reshaping the world The Changing Nature of Work examines the causes and effects of the rapid transformation of the world of work It provides concise summaries of the key writings on work and workplace issues extending the frontiers of labor economics to include the often overlooked social and psychological dimensions of work The book begins with a foreword by former Secretary of Labor Robert Reich that presents labor in contemporary perspective An introductory overview provides a brief history of the changing nature of work and situates current problems in the context of longer term developments Following that are eight topical sections that feature three to five page summaries for each of the ten to twelve most important articles or book chapters on a subject Sections cover new directions in labor economics social and psychological dimensions of work and unemployment globalization and labor new technologies and organizational change flexibility and internal labor markets new patterns of industrial relations family gender paid and unpaid work difference and diversity in the workplace The book provides a roadmap for scholars on the vast and diverse literature concerning labor issues and affords students a quick overview of that rapidly changing field It is an important contribution to the series and is a valuable book for anyone interested in labor as well as for students and scholars of labor economics industrial sociology industrial relations social psychology and their respective disciplines

Work and Identity J. Kirk, C. Wall, 2010-11-17 This book presents an accessible and fascinating account of theoretical debates around identity and work recent empirical trends and methodological arguments concerning the role of oral testimony and its interpretation Focusing on three occupational sectors in particular teachers bank workers and the railway industry it also presents an argument that is both more general than this and theoretically and analytically wide ranging The book explores some important questions how are workers both in the past and the present juncture socialised into work cultures What are the cultural and structural differences with regard the world of work across class gender and generation What are the historical conditions of which these differences

play a part How is the idea of work found in a range of representations from artistic production to sociological discourse expressed and explored The development of concepts such as structures of feeling and affect and the weaving in of historical and visual material make the book important to a wide range of readers including ethnographers cultural sociologists and narrative researchers In turn this book offers an authoritative and sophisticated summary and analysis of work and identity and is an important intervention into mainstream sociology concerns

Social Work and Social Perspectives Eileen Oak,2008-11-24 Social Work and Social Work Perspectives introduces readers to a range of important sociological concepts showing how these can feed critical practice and illustrate social work s complex relationship with the welfare state Adopting a unique social policy framework this distinctive text is illuminating reading

Critical Learning for Social Work Students Sue Jones,2013-05-13 Social work agencies want newly qualified workers who can practice as highly motivated and self flourishing professionals To get to this stage social work degree students need to be critical analytical and evaluative in their thinking reading and writing And while lecturers may highlight this need when marking assignments there is limited space to explore these topics within an already tight social work curriculum This revised second edition helps to tackle this problem and goes to the heart of these essential skills By using practical examples and interactive features Critical Learning for Social Work Students will help guide you through your degree and on to becoming a fully developed and critical practitioner It covers key areas of critical thinking such as developing a clear and logical argument as well as the application of self evaluation and understanding the professional self For this edition there is a new chapter on developing emotional intelligence

Skills for Social Work Practice Andy Mantell,2013-09-25 Social work skills are essential to good practice and more important than ever following changes to the social work curriculum Students must be able to demonstrate knowledge of core skills within policy law as well as demonstrating empathy and good communication This fully revised student guide previously published as Social Work Skills with Adults will help to cement these skills and includes chapters on intervention empowerment and advocacy skills for collaborative working self presentation and much more This book will equip social work students with the skills to meet the new and perennial challenges to achieving empowering practice with carers and people who use services There are chapters on working with families communities and individuals and how social policy affects all of these groups Case studies and reflective exercises are used throughout to explore these issues and help link theory to practice

Social Work with Looked After Children Christine Cocker,Lucille Allain,2012-12-31 This revised edition details organisational systems and structures that are part of the assessment and planning process for looked after children This is closely interwoven with discussions about their emotional development educational health and cultural needs and how these needs can be met through social work and a range of other services The views of looked after children are highlighted through case studies and summaries of research findings and the range of skills and knowledge necessary to support looked after children through the key events they experience including loss change and the development of new

relationships are explained and illustrated

Safeguarding in Social Work Practice Charlotte Chisnell, Caroline

Kelly, 2016-03-26 Safeguarding is a serious and complex area of social work practice and for all students demonstrating an understanding of important safeguarding theory law policy and skills for practice is essential Students need to understand what safeguarding is and means across the life course and this new text brings together common themes and knowledge in safeguarding across children young people and adult social work to do just that This approach will encourage students to approach the subject from a holistic perspective helping them develop their understanding of core themes and transferable skills for practice *Introducing International Social Work* Sue Lawrence, Karen Lyons, Graeme Simpson, Nathalie

Huegler, 2009-06-25 This book guides the reader through the international development of social work and discusses how aspects of globalisation are making it an increasingly international activity and profession Individual chapters locate the UK population historically and currently as a multicultural community and explore the international issues that social workers in the UK confront in their daily practice with children and families people with mental health issues and older people This text helps students meet the academic benchmarks and National Occupational Standards that require them to locate social work practice in a European and international context

The Nature Of Work Sociological Perspectives Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Nature Of Work Sociological Perspectives has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Nature Of Work Sociological Perspectives has opened up a world of possibilities. Downloading The Nature Of Work Sociological Perspectives provides numerous advantages over physical copies of books and documents. Firstly, it is

incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Nature Of Work Sociological Perspectives has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Nature Of Work Sociological Perspectives. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Nature Of Work Sociological Perspectives. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Nature Of Work Sociological Perspectives, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Nature Of Work Sociological Perspectives has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
