The Naughty Young Man ,1883 草葉集 第一集,2000 **Dandelion Child in Flower e-book** Tina M.-L. Campbell ,2015 An uplifting and interesting book You can really feel that it has been important for Tina to write it though at first it was not meant for publication There is no doubt that the book will be an inspiration to many different readers to people who have experienced difficulties in their past to others who have one or more disabilities to caregivers and to professionals As a professional it is certainly very motivating to read how with all the experiences she has had and the adversity she has ever met with Tina has still managed to get to the point where she is today It is good to be reminded that everyone regardless of his or her background has hidden strengths some more than others and that these should not be ignored in one's work as a professional Weaknesses and problems are often easier to spot but they can also create a negative attitude towards people who in one way or another come in contact with the health system It is uplifting to read Tina's own ways of compensating for the lack of help that she and her family were given Cases like Tina's unfortunately often tend to be ignored I hope that others in similar situations will be able to use Tina's experiences to spot solutions or opportunities they might not even know existed I would definitely recommend the book to other professionals to dandelion children and to their families Emma Ehlers Nielsen Psychologist Dandelion Centre Nuuk Greenland *The Homestead* ,1920 草葉集 第二集,2002 **The Dramatic Works of William Shakespeare** William Shakespeare, Thomas Bowdler, 1861 **The Dramatic Works of William Shakespeare: Adapted for Family Reading by T.
