The Nazi Terror The Gestapo Jews And Ordinary Germans:

Nazi Terror Eric A. Johnson, 1999 Johnson's exhaustive new history tackles terror the central aspect of the Nazi dictatorship focusing on the role of the society in making this tactic work and delving deeply into the how and why of this horrendous regime Illustrations **What We Knew** Eric A Johnson, Karl-Heinz Reuband, 2008-07-31 The horrors of the Nazi regime and the Holocaust still present some of the most disturbing questions in modern history Why did Hitler's party appeal to millions of Germans and how entrenched was anti-Semitism among the population How could anyone claim after the war that the genocide of Europe's Jews was a secret Did ordinary non-Jewish Germans live in fear of the Nazi state In this unprecedented firsthand analysis of daily life as experienced in the Third Reich *What We Knew* offers answers to these most important questions Combining the expertise of Eric A Johnson an American historian and Karl Heinz Reuband a German sociologist *What We Knew* is the most startling oral history yet of everyday life in the Third Reich *The Nazi Terror* Eric A. Johnson, 2002 This study of the Gestapo offers an explanation of how the Nazi police state worked **The Holocaust and the Germanization of Ukraine** Eric C. Steinhart, 2015-02-09 The German invasion of the Soviet Union during the Second World War was central to Nazi plans for territorial expansion and genocidal demographic revolution To create living space Nazi Germany pursued two policies The first was the systematic murder of millions of Jews Slavs Roma and other groups that the Nazis found undesirable on racial religious ethnic ideological hereditary or behavioral grounds It also pursued a parallel albeit smaller program to mobilize supposedly Germanic residents of Eastern Europe and the Soviet Union so called Volksdeutsche or ethnic Germans as the vanguard of German expansion This study recovers the intersection of these two projects in Transnistria a portion of southern Ukraine that because of its numerous Volksdeutsche communities became an epicenter of both Nazi Volksdeutsche policy and the Holocaust in conquered Soviet territory ultimately asking why local residents whom German authorities identified as Volksdeutsche participated in the Holocaust with apparent enthusiasm

The Persecution of the Jews in the Netherlands, 1940-1945 Peter Romijn, 2025-10-01 These five articles first presented at the conference The Holocaust and other Genocides The Uses Misuses and Abuses of the Holocaust Paradigm in 2011 reflect the current Dutch research on the persecution of the Jews in the Netherlands during the Second World War and recent developments in the historiography concerning this topic To a certain extent the work being done in the Netherlands has reflected the international historiography in that it addresses the political and public responses to National Socialism and occupation the nature of the persecution and the regime in the concentration camps The perspectives of the general population of the victims and of the perpetrators are all examined but above all those of bystanders In this selection of the most recent research there is a particular emphasis on the nature of the persecution and the general public's reaction to it

Germany's War and the Holocaust Omer Bartov, 2013-04-15 Omer Bartov a leading scholar of the Wehrmacht and the Holocaust provides a critical analysis of various recent ways to understand the genocidal policies of the Nazi regime and the

reconstruction of German and Jewish identities in the wake of World War II Germany's War and the Holocaust both deepens our understanding of a crucial period in history and serves as an invaluable introduction to the vast body of literature in the field of Holocaust studies Drawing on his background as a military historian to probe the nature of German warfare Bartov considers the postwar myth of army resistance to Hitler and investigates the image of Blitzkrieg as a means to glorify war debilitate the enemy and hide the realities of mass destruction The author also addresses several new analyses of the roots and nature of Nazi extermination policies including revisionist views of the concentration camps Finally Bartov examines some paradigmatic interpretations of the Nazi period and its aftermath the changing American European and Israeli discourses on the Holocaust Victor Klemperer's view of Nazi Germany from within and Germany's perception of its own victimhood

The Jews and Germans of Hamburg J A S Grenville, 2013-06-17 Based on more than thirty years archival research this history of the Jewish and German Jewish community of Hamburg is a unique and vivid piece of work by one of the leading historians of the twentieth century The history of the Holocaust here is fully integrated into the full history of the Jewish community in Hamburg from the late eighteenth century onwards J A S Grenville draws on a vast quantity of diaries letters and records to provide a macro level history of Hamburg interspersed with many personal stories that bring it vividly to life In the concluding chapter the discussion is widened to talk about Hamburg as a case study in the wider world This book will be a key work in European history charting and explaining the complexities of how a long established and well integrated German Jewish community became within the space of a generation victims of the Nazi Holocaust

New Directions in Genocide Research Adam Jones, 2012-03-12 This edited book seeks to capture the range of new approaches theories and case studies in the field of genocide studies

German Catholicism at War, 1939-1945 Thomas Brodie, 2018-11-10 German Catholicism at War explores the mentalities and experiences of German Catholics during the Second World War Taking the German Home Front and most specifically the Rhineland and Westphalia as its core focus German Catholicism at War examines Catholics responses to developments in the war their complex relationships with the Nazi regime and their religious practices Drawing on a wide range of source materials stretching from personal letters and diaries to pastoral letters and Gestapo reports Thomas Brodie breaks new ground in our understanding of the Catholic community in Germany during the Second World War

Roots of Hate William Brustein, 2003-10-13 William I Brustein offers the first truly systematic comparative and empirical examination of anti-Semitism within Europe before the Holocaust Brustein proposes that European anti-Semitism flowed from religious racial economic and political roots which became enflamed by economic distress rising Jewish immigration and socialist success To support his arguments Brustein draws upon a careful and extensive examination of the annual volumes of the American Jewish Year Books and more than 40 years of newspaper reportage from Europe's major dailies The findings of this informative book offer a fresh perspective on the roots of society's longest hatred
