Aristocrats of Color: the Black Elite 1880-1920 (p) Willard B. Gatewood, 1990 Every American city had a small self aware and active black elite who felt it was their duty to set the standard for the less fortunate members of their race and to lead their communities by example Professor Gatewood's study examines this class of African Americans by looking at the genealogies and occupations of specific families and individuals throughout the United States and their roles in their various communities from publisher description The Negro's Civil War James M. McPherson, 2003-10-14 In this classic study Pulitzer Prize winning author James M. McPherson deftly narrates the experience of blacks former slaves and soldiers preachers visionaries doctors intellectuals and common people during the Civil War Drawing on contemporary journalism speeches books and letters he presents an eclectic chronicle of their fears and hopes as well as their essential contributions to their own freedom Through the words of these extraordinary participants both Northern and Southern McPherson captures African American responses to emancipation the shifting attitudes toward Lincoln and the life of black soldiers in the Union army Above all we are allowed to witness the dreams of a disenfranchised people eager to embrace the rights and the equality offered to them finally as citizens The Negro in New York Roi Ottley, 1969 **Escape from New York** Davarian L. Baldwin, Minkah Makalani, 2013-09-01 In the midst of vast cultural and political shifts in the early twentieth century politicians and cultural observers variously hailed and decried the rise of the New Negro This phenomenon was most clearly manifest in the United States through the outpouring of Black arts and letters and social commentary known as the Harlem Renaissance What is less known is how far afield of Harlem that renaissance flourished how much the New Negro movement was actually just one part of a collective explosion of political protest cultural expression and intellectual debate all over the world In this volume the Harlem Renaissance escapes from New York into its proper global context These essays recover the broader New Negro experience as social movements popular cultures and public behavior spanned the globe from New York to New Orleans from Paris to the Philippines and beyond Escape from New York does not so much map the many sites of this early twentieth century Black internationalism as it draws attention to how New Negroes and their global allies already lived Resituating the Harlem Renaissance the book stresses the need for scholarship to catch up with the historical reality of the New Negro experience This more comprehensive vision serves as a lens through which to better understand capitalist developments imperial expansions and the formation of brave new worlds in the early twentieth century Contributors Anastasia Curwood Vanderbilt U Frank A.
