The New Archbishop Speaks:

The New Archbishop Speaks George Carey, 1991 **Our Bishops Speak**, 1952 **iPresente!** Timothy Matovina, Gerald E. Poyo, 2015-02-01 Through dozens of original documents *Presente* offers readers the story of Latino Hispanic Catholicism from 1534 to the present From the first mission encounters in the sixteenth century to Cesar Chavez and the UFW to the beginnings of *mujerista* theology in the 1980s this collection offers a unique and indispensable look at the community that has become the largest ethnic component in the American Catholic Church today **To Speak the Truth in Love** Schenk, CSJ, Christine, 2019-11-21 Through the story of Sister Theresa Kane this book documents an important period of contemporary Catholic history It is a period in which Theresa and so many of her sisters in her own and other communities exercised unparalleled leadership in the Catholic Church They did so by speaking truth to power with love wisdom and grace **Public Opinion**, 1896 *Speaking French in Louisiana, 1720-1955* Sylvie Dubois, Emilie Gagnet Leumas, Malcolm Richardson, 2018-01-08 Over the course of its three hundred year history the Catholic Church in Louisiana witnessed a prolonged shift from French to English with some south Louisiana churches continuing to prepare marriage baptism and burial records in French as late as the mid twentieth century *Speaking French in Louisiana 1720 1955* navigates a complex and lengthy process presenting a nuanced picture of language change within the Church and situating its practices within the state's sociolinguistic evolution Mining three centuries of evidence from the Archdiocese of New Orleans archives the authors discover proof of an extraordinary one hundred year rise and fall of bilingualism in Louisiana The multiethnic laity clergy and religious in the nineteenth century necessitated the use of multiple languages in church functions and bilingualism remained an ordinary aspect of church life through the antebellum period After the Civil War however the authors show a steady crossover from French to English in the Church influenced in large part by an active Irish population It wasn't until decades later around 1910 that the Church began to embrace English monolingualism and French faded from use The authors' extensive research and analysis draws on quantitative and qualitative data geographical models methods of ethnography and cultural studies They evaluated 4 000 letters written mostly in French from 1720 to 1859 sacramental registers from more than 250 churches parish reports diocesan council minutes and unpublished material from French archives Their findings illuminate how the Church's hierarchical structure of authority its social constraints and the attitudes of its local priests and laity affected language maintenance and change particularly during the major political and social developments of the nineteenth and early twentieth centuries *Speaking French in Louisiana 1720 1955* goes beyond the triumph of English or tragedy of Cajun French stereotypes to show how south Louisiana negotiated language use and how Christianization was a powerful linguistic and cultural assimilator **Recognizing The Latino Resurgence In U.S. Religion** Ana Maria Diaz-stevens, 2018-02-12 This book delivers a knockout blow to the old notion that Latinos and Latinas are just another immigrant group waiting to be assimilated Taking as analogy the scriptural episode of Emmaus in which

Jesus walked unrecognized alongside his disciples the authors detail how after nearly a century of unrecognized presence the nations more than 25 million Latinos and Latinas began in 1967 to use religion as a major source of the social and symbolic capital to fortify their identity in American society Ana Mara Daz Stevens and Anthony M Stevens Arroyo describe how this Latino Religious Resurgence has created a church based model of multicultural pluralism that challenges the current trend of U S politics Emmaus is the biblical episode that recounts how the disciples who had been unable to recognize the resurrected Jesus even as he traveled with them finally come to know him as their Lord through his inspirational conversation In this major new work exploring Latino religion Ana Mara Daz Stevens and Anthony M Stevens Arroyo compare a century old presence of Latinos and Latinas under the U S flag to the Emmaus account They convincingly argue for a new paradigm that breaks with the conventional view of Latinos and Latinas as just another immigrant group waiting to be assimilated into the U S The authors suggest instead the concept of a colonized people who now are prepared to contribute their cultural and linguistic heritage to a multicultural and multilingual America The first chapter provides an overview of the religious and demographic dynamics that have contributed a specifically Latino character to the practice of religion among the 25 million plus members of what will become the largest minority group in the U S in the twenty first century The next two chapters offer challenging new interpretations of tradition and colonialism blending theory with multiple examples from historical and anthropological studies on Latinos and Latinas The heart of the book is dedicated to exploring what the authors call the Latino Religious Resurgence which took place between 1967 and 1982 Comparing this period to the Great Awakenings of Colonial America and the Risorgimento of nineteenth century Italy the authors describe a unique combination of social and political forces that stirred Latinos and Latinas nationally Utilizing social science theories of social movement symbolic capital generational change a new mentalit and structuration the authors explain why Latinos and Latinas who had been in the U S all along have only recently come to be recognized as major contributors to American religion The final chapter paints an optimistic role for religion casting it as a binding force in urban life and an important conduit for injecting moral values into the public realm Offering an extensive bibliography of major works on Latino religion and contemporary social science theory Recognizing the Latino Resurgence in U S Religion makes an important new contribution to the fields of sociology religious studies American history and ethnic and Latino studies

Archbishop Fisher, 1945-1961 Andrew Chandler, David Hein, 2016-04-15 Archbishop Fisher s archiepiscopate reflected the central issues of his time and place It was Fisher who oversaw an immense programme of reforms which effectively recast the institutions of the Church of England for generations to come It was Fisher who proved to be the essential architect politician and diplomat behind the creation of a worldwide Anglican Communion His determination to promote the development of relations with other churches produced a vital contribution to the cause of ecumenism which culminated in his momentous meeting with Pope John XXIII Archbishop Fisher was a vigorous participant in the questions which defined national and international life This book explores Fisher s

influence on major contemporary issues and events including divorce law reform and capital punishment at home and the end of Empire and the most dangerous years of the Cold War abroad This new biography establishes the continuing significance not only of the office of Archbishop in the Church but also of the Church at large in the tumultuous world of the later twentieth century A final section of original source material includes letters sermons and other writings bringing vividly to life the range and character of Fisher s public and private role **Learning from All the Faithful** Bradford E.

Hinze, Peter C. Phan, 2016-10-31 Do various members of the church regardless of their generation gender race sexual orientation country of origin and whatever their doubts are about official church teachings and policies have any role in determining safeguarding and assessing the authentic teaching and praxis of the faith of the church This has always been a haunting question in the life of the Christian church though only recently acknowledged because of the long standing role of male clergy of European descent with a Eurocentric outlook who held hierarchical offices and determined official doctrines and moral and disciplinary codes There have been controversies that bear on these matters over the course of the church s history But it has only been over the last fifty years that the question has received increasing attention among Roman Catholics in terms of the baptismal anointing of the Spirit that bestows the gift of the sense of the faith on individuals and the collective sense of the faithful This gift provides discerning skills to recognize receive and imaginatively and practically apply the living faith in history and society This book explores these issues from historical sociological systematic and theological ethical perspectives infused by the contributions of world Christianities **The New York Times Index** ,1920
