Joseph Campbell,2013-10-08 The Year that Defined American Journalism explores the succession of remarkable and decisive moments in American journalism during 1897 a year of significant transition that helped redefine the profession and shape its modern contours This defining year featured a momentous clash of paradigms pitting the activism of William Randolph

Hearst's participatory journalism of action against the detached fact-based antithesis of activist journalism as represented by Adolph Ochs of the New York Times and an eccentric experiment in literary journalism pursued by Lincoln Steffens at the New York Commercial Advertiser. Resolution of the three-sided clash of paradigms would take years and result ultimately in the ascendancy of the Times counter-activist model which remains the defining standard for mainstream American journalism.

The Year That Defined American Journalism introduces the year study methodology to mass communications research and enriches our understanding of a pivotal moment in media history. *The Scottish Review*, 1898. *Übersicht über die im Jahre ... auf dem Gebiete der englischen Philologie erschienenen Bücher, Schriften und Aufsätze*, 1896. **Nineteenth Century Prose**, 2016. *Arthur Morrison and the East End* Eliza Cubitt, 2019-02-21. This is the first critical biography of Arthur Morrison 1863-1945. It presents his East End writing as the counter-myth to the cultural production of the East End in late Victorian realism. Morrison's works, particularly *Tales of Mean Streets* (1894) and *A Child of the Jago* (1896), are often discussed as epitomes of slum fictions of the 1890s as well as prime examples of nineteenth-century realism. But their complex contemporary reception reveals the intricate paradoxes involved in representing the turn-of-the-century city. *Arthur Morrison and the East End* examines how an understanding of the East End in the Victorian cultural imagination operates in Morrison's own writing. Engaging with the contemporary vogue for slum fiction, Morrison redressed accounts written by outsiders, positioning himself as uniquely knowledgeable about a place considered unknowable. His work provides a vigorous challenge to the fictionalised East End created by his predecessors whilst also paying homage to Charles Dickens, George Gissing, Walter Besant, and Guy de Maupassant. Examining the London sites which Morrison lived in and wrote about, this book is an excursion not into the Victorian East End but into the fictions constructed around it.
