The New Geography Of European Migrations:

The New Geography of European Migrations Russell King,1993-11-14 Comprises studies on the changing patterns of European migration following the collapse of Communism in Eastern Europe and the former USSR Provides a brief history of migratory flows and looks at possible scenarios for migration to the year 2050

The New Geography of European Migrations Russell King,1993-11-14 Comprises studies on the changing patterns of European migration following the collapse of Communism in Eastern Europe and the former USSR Provides a brief history of migratory flows and looks at possible scenarios for migration to the year 2050

The New Migration in Europe Khalid Koser,Helma Lutz,1998-06-12 Recent migration in Europe has a whole range of characteristics which are said to distinguish it from earlier migration and the description new migration is often used Based on a wide range of empirical case studies of the new migration this book asks three critical questions To what extent is the description new conceptually valid How is the new migration defined and by whom How is the new migration experienced by migrants themselves

International Migration in Europe Corrado Bonifazi,2008 Literaturangaben Migration and Religion in Europe Ester Gallo,2016-04-22 Religious practices and their transformation are crucial elements of migrants identities and are increasingly politicized by national governments in the light of perceived threats to national identity As new immigrant flows shape religious pluralism in Europe longstanding relations between the State and Church are challenged together with majority faith traditions and societies ways of representing and perceiving themselves With attention to variations according to national setting this volume explores the process of reformulating religious identities and practices amongst South Asian communities in European contexts Presenting a wide range of ethnographies including studies of Hinduism Sikhism Jainism and Islam amongst migrant communities in contexts as diverse as Norway Italy the UK France and Portugal Migration and Religion in Europe sheds light on the meaning of religious practices to diasporic communities It examines the manner in which such practices can be used by migrants and local societies to produce distance or proximity as well as their political significance in various host nations Offering insights into the affirmation of national identities and cultures and the implications of this for governance and political discourse within Europe this book will appeal to scholars with interests in anthropology religion and society migration transnationalism and gender

The British on The Costa Del Sol Karen O'Reilly,2013-08-06 Brits in Spain first achieved notoriety during the 1980s popularly imagined as a group made up of exiled criminals drunken hooligans and leathery looking pensioners welcome to Little England The British on the Costa Del Sol is the very first book to study this British expatriate community in any great depth and through use of interviews with members of this community paints a far more complex picture of its members In doing so the author explodes the popularly held stereotype of Brits in Spain What emerges is a rich account of who migrates their reasons for migration and the day to day realities of expatriate life

The Mediterranean Russell King,Lindsay Proudfoot,Bernard Smith,2014-02-25 This book addresses contemporary geographical

issues in the Mediterranean Basin from a perspective that recognizes the physical characteristics and cultural interactions which link the different Mediterranean states as a recognisable geographic entity Sixteen chapters each deal with a major geographical issue currently facing the Mediterranean each providing an invaluable summary of the extensive but widely dispersed literature relating to Mediterranean issues Particular emphasis is placed on the interaction between society and environment in terms of environmental management differential regional development and its associated political demographic cultural and economic tensions

Migration in the Mediterranean Elena Ambrosetti, Donatella Strangio, Catherine Wihtol de Wenden, 2016-05-26 Migration in the Mediterranean region is a widely debated and much studied topic This is due to the present refugee crisis consequences of Arab revolutions the proximity with emigration and transit countries but also to the involvement of southern European countries and the mass arrival of migrants The management of Border controls migration development human trafficking human rights and the clash or convergence of civilizations has generated a great deal of controversy and media attention Migration in the Mediterranean offers a unique multidisciplinary theoretical and methodological framework bringing together scholars from different subject areas This book aims to address the following research questions What are the main characteristics of migration movements in this region What are the most important theoretical challenges What are the perspectives for the future This book begins with an overview of the economic perspective of the Mediterranean migration model with a particular focus on labour market outcomes of migrants It then presents the original results of field studies on the unintended effects of the EU's external border controls on migration and integration in the Euro Mediterranean region before addressing the themes of mobility migration and transnationalism This volume focuses on migration with a multidisciplinary approach with scholars from various areas including sociology economics geography political science and history This book is well suited for those who study international economics migration and political sociology

Selected Studies in International Migration and Immigrant Incorporation Marco Martiniello, Jan Rath, 2010 The editors have selected from both the grounding classics and the best new work to show how migration is transforming the rich democracies Professor John Mollenkopf The City University of New York

Second Generations on the Move in Italy Roberta Ricucci, 2014-11-14 The children of immigrants are growing and embarking on adult life What are their expectations With what qualifications do they face the world of work What is their relationship with their origins Above all how does Italian society view them Through the voices of the protagonists themselves *Second Generations on the Move in Italy Children of Immigrants Coming of Age* offers by means of an analytical perspective and in constant comparison with the findings of international research a view of second generation immigrants life paths in Italy The focus at city level contributes to understanding both turning points and key features of the new Italians and what major trials they and society will face The outcome is a picture of a new young generation that will soon challenge Italian society
