The New Grove Dictionary Of Jazz Volume Two:

Jazz Transatlantic, Volume II Gerhard Kubik, 2017-11-30 A CHOICE 2018 Outstanding Academic Title In Jazz Transatlantic Volume II renowned scholar Gerhard Kubik extends and expands the epic exploration he began in Jazz Transatlantic Volume I This second volume amplifies how musicians influenced by swing bebop and post bop in Africa from the end of World War II into the 1970s were interacting with each other and re creating jazz Much like the first volume Kubik examines musicians who adopted a wide variety of jazz genres from the jive and swing of the 1940s to modern jazz Drawing on personal encounters with the artists as well as his extensive field diaries and engagement with colleagues Kubik looks at the individual histories of musicians and composers within jazz in Africa He pays tribute to their lives and work in a wider social context The influences of European music are also included in both volumes as it is the constant mixing of sources and traditions that Kubik seeks to describe Each of these groundbreaking volumes explores the international cultural exchange that shaped and continues to shape jazz Together these volumes culminate an integral recasting of international jazz history

Continuum Encyclopedia of Popular Music of the World, Volume 2 John Shepherd, David Horn, Dave Laing, Paul Oliver, Peter Wicke, 2003-05-08 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music In 500 entries by 130 contributors from around the world the volume explores the topic in two parts Part I Social and Cultural Dimensions covers the social phenomena of relevance to the practice of popular music and Part II The Industry covers all aspects of the popular music industry such as copyright instrumental manufacture management and marketing record corporations studios companies and labels Entries include bibliographies discographies and filmographies and an extensive index is provided Jazz Eddie S. Meadows, 2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade *A Blues Bibliography* Robert Ford, 2008-03-31 A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis The Blues Bibliography is an invaluable guide to the enthusiastic market among

libraries specializing in music and African American culture and among individual blues scholars *The Later Swing Era, 1942 to 1955* Lawrence McClellan, 2004-08-30 Today's Retro Swing bands like the Squirrel Nut Zippers and the Brian Setzer Orchestra all owe their inspiration to the original masters of Swing This rich reference details the oeuvre of the leading Swing musicians from the WWII and post WWII years Chapters on the masters of Swing Ella Fitzgerald Woody Herman Billy Strayhorn the legendary Big Band leaders such as Les Brown Dizzy Gillespie Stan Kenton Buddy Rich Vaughan Monroe etc vocalists including Cab Calloway Billie Holiday Peggy Lee Frank Sinatra Sarah Vaughn Dinah Washington and Small Groups Louis Jordan Art Tatum Charlie Ventura etc introduce these timeless musicians to a new generation of musicians and music fans An opening chapter recounts how the cultural changes during the war and postwar years affected performers especially women and African Americans and an A to Z appendix provides synopses of almost 700 entrants including related musicians and famous venues A bibliography and subject index provide additional tools for those researching Swing music and its many roles in mid century American culture This volume is a perfect sequel to Dave Oliphant's *The Early Swing Era 1930 to 1941* Together these books provide the perfect reference guide to an enduring form of American music **Black People** Rainer E. Lotz, 1997 Collection of essays concerning how African American musical idioms were spread across Europe by African American musicians The Musical Novel Emily Petermann, 2014 Analyzes two groups of musical novels novels that take music as a model for their construction including jazz novels by Toni Morrison and Michael Ondaatje and novels based on Bach's Goldberg Variations *Chasing the Bird* Juha Henriksson, 1998 **Dark Side of the Tune: Popular Music and Violence** Professor Bruce Johnson, Professor Martin Cloonan, 2013-01-28 Written against the academically dominant but simplistic romanticization of popular music as a positive force this book focuses on the dark side of the subject It is a pioneering examination of the ways in which popular music has been deployed in association with violence ranging from what appears to be an incidental relationship to one in which music is explicitly applied as an instrument of violence A preliminary overview of the physiological and cognitive foundations of sounding hearing which are distinctive within the sensorium discloses in particular their potential for organic and psychic violence The study then elaborates working definitions of key terms including the vexed idea of the popular for the purposes of this investigation and provides a historical survey of examples of the nexus between music and violence from pre Biblical times to the late nineteenth century The second half of the book concentrates on the modern era marked in this case by the emergence of technologies by which music can be electronically augmented generated and disseminated beginning with the advent of sound recording from the 1870s and proceeding to audio internet and other contemporary audio technologies Johnson and Cloonan argue that these technologies have transformed the potential of music to mediate cultural confrontations from the local to the global particularly through violence The authors present a taxonomy of case histories in the connection between popular music and violence through increasingly intense forms of that relationship culminating in the topical examples of music and torture

including those in Bosnia Darfur and by US forces in Iraq and Guantamo Bay This however is not simply a succession of data but an argumentative synthesis Thus the final section debates the implications of this nexus both for popular music studies itself and also in cultural policy and regulation the ethics of citizenship and arguments about human rights

Stravinsky and the Russian Traditions, Volume Two Richard Taruskin, 2023-09-01 This book undoes 50 years of mythmaking about Stravinsky's life in music During his spectacular career Igor Stravinsky underplayed his Russian past in favor of a European cosmopolitanism Richard Taruskin has refused to take the composer at his word In this long awaited study he defines Stravinsky's relationship to the musical and artistic traditions of his native land and gives us a dramatically new picture of one of the major figures in the history of music Taruskin draws directly on newly accessible archives and on a wealth of Russian documents In Volume One he sets the historical scene the St Petersburg musical press the arts journals and the writings of anthropologists folklorists philosophers and poets Volume Two addresses the masterpieces of Stravinsky's early maturity *Petrushka* *The Rite of Spring* and *Les Noces* Taruskin investigates the composer's collaborations with Diaghilev to illuminate the relationship between folklore and modernity He elucidates the Silver Age ideal of neonationalism the professional appropriation of motifs and style characteristics from folk art and how Stravinsky realized this ideal in his music Taruskin demonstrates how Stravinsky achieved his modernist technique by combining what was most characteristically Russian in his musical training with stylistic elements abstracted from Russian folklore The stylistic synthesis thus achieved formed Stravinsky as a composer for life whatever the aesthetic allegiances he later professed Written with Taruskin's characteristic mixture of in depth research and stylistic verve this book will be mandatory reading for all those seriously interested in the life and work of Stravinsky This book undoes 50 years of mythmaking about Stravinsky's life in music During his spectacular career Igor Stravinsky underplayed his Russian past in favor of a European cosmopolitanism Richard Taruskin has refused to take the composer at his word In

Yeah, reviewing a books **The New Grove Dictionary Of Jazz Volume Two** could amass your near friends listings. This is just one of the solutions for you to be successful. As understood, talent does not suggest that you have astonishing points.
