The Mystical Philosophy of Ibn Masarra and His Followers Asín Palacios, 2023-09-25 *The Mystical Philosophy of Ibn Masarra and His Followers* Miguel Asín Palacios, 1978 *The Oxford Handbook of Islamic Philosophy* Khaled El-Rouayheb, Sabine Schmidtke, 2017

The study of Islamic philosophy has entered a new and exciting phase in the last few years. Both the received canon of Islamic philosophers and the narrative of the course of Islamic philosophy are in the process of being radically questioned and revised. Most twentieth century Western scholarship on Arabic or Islamic philosophy has focused on the period from the ninth century to the twelfth. It is a measure of the transformation that is currently underway in the field that unlike other reference works the Oxford Handbook has striven to give roughly equal weight to every century from the ninth to the twentieth. The Handbook is also unique in that its 30 chapters are work centered rather than person or theme centered in particular taking advantage of recent new editions and translations that have renewed interest and debate around the Islamic philosophical canon. The Oxford Handbook of Islamic Philosophy gives both the advanced student and active scholar in Islamic philosophy, theology and intellectual history a strong sense of what a work in Islamic philosophy looks like and a deep view of the issues, concepts and arguments that are at stake. Most importantly it provides an up to date portrait of contemporary scholarship on Islamic philosophy.

The World of Ibn ʿUfayr Lawrence Conrad, 2022-06-20

The World of Ibn ʿUfayr consists of ten essays by scholars in different fields in Arab Islamic studies on Ibn ʿUfayr's *ʿUfayr*, one of the most extraordinary works of medieval Arabic literature and a text with important dimensions in social and intellectual history, literature, mysticism, philosophy, medicine and science. Most of the essays were presented at a groundbreaking conference at the Wellcome Institute in London which marked the first attempt at a critical assessment of any medieval Arabic text by drawing together scholars from widely varying fields. The studies cast light on numerous aspects of social and intellectual life in North Africa and Spain in medieval Islamic times and explore important aspects of the textual intercommunication between author and audience.

The Dearest Quest: A Biography of Ibn Tumart Wilyam Sharaf, 2010

The book tells the story of Ibn Tumart who founded a religious movement that imposed its version of Islam, founded the Almohad state and put an end to the Almoravid state which ruled many parts of North Africa and Spain in the 11th and 12th centuries.

Ibn Gabirol's Theology of Desire Sarah Pessin, 2013-07-08

The first full length treatment of Ibn Gabirol's philosophy in English, this study completely reinvents the medieval author of the Fountain of Life or Fons Vitae known to many in the history of philosophy by his Latinized name Avicbron. Developing Ibn Gabirol's vision in terms of a Theology of Desire, the book rescues the voice of the eleventh century Jewish poet philosopher from centuries of misreadings as it sets out to examine the role of love, desire and ethical self transformation in medieval Jewish Neoplatonism.
