Equality and Human Rights Commission Great Britain: Parliament: House of Commons: Committee of Public Accounts, 2010-03-04 This report examines the events leading to the qualified audit opinion on the Equality and Human Rights Commission s 2006 08 accounts and on the continuing weaknesses in the Commission s controls The Commission took up its new powers and those of the former Commission for Racial Equality

the Disability Rights Commission and the Equal Opportunities Commission the Legacy Commissions on 1 October 2007 Serious errors were made in setting up the Commission not helped by three changes of sponsor department in the months immediately before its launch The Commission now accepts that it was not ready for business when the doors opened on 1 October 2007 and that its set up process which cost 39 million was flawed and inefficient it did not have in place sufficient senior staff a transition strategy business strategy organisation design or job descriptions Skills gaps were filled by bringing back former employees of the CRE as consultants even though they had all received severance payments The Treasury which should have been consulted about these appointments did not grant approval retrospectively as the Commission could not prove that the re engagements gave good value for money This expenditure was therefore deemed irregular and the Comptroller and Auditor General issued a qualified opinion on the Commission s 2006 08 accounts This is not the way that the Public Accounts Committee expects public bodies to be run Strong controls need to be in place to ensure that such errors do not recur
