The New Criticism Alfred J. Drake, 2014-07-03 This volume covers a variety of authors and topics related to the New Criticism school of the 1920s 1950s in America Contributors trace the history of the New Criticism as a movement consider theoretical and practical aspects of various proponents and assess the record of subsequent engagement with its tenets The volume will prove valuable for its renewed concentration not only on the New Critics themselves but also on the way they and their work have been contextualized criticized and valorized by theorists and educators during and after their period of greatest influence both in the United States and abroad **A New History of French Literature** Denis Hollier, 1998-08-19

This splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English After the New Criticism Frank Lentricchia, 2018-12-14 This work is the first history and evaluation of contemporary American critical theory within its European philosophical contexts In the first part Frank Lentricchia analyzes the impact on our critical thought of Frye Stevens Kermode Sartre Poulet Heidegger Sussure Barthes L vi Strauss Derrida and Foucault among other less central figures In a second part Lentricchia turns to four exemplary theorists on the American scene Murray Krieger E D Hirsch Jr Paul de Man and Harold Bloom and an analysis of their careers within the lineage established in part one Lentricchia s critical intention is in evidence in his sustained attack on the more or less hidden formalist premises inherited from the New Critical fathers Even in the name of historical consciousness he contends contemporary theorists have often cut literature off from social and temporal processes By so doing he believes that they have deprived literature of its relevant values and turned the teaching of both literature and theory into a rarefied activity All along the way with the help of such diverse thinkers as Saussure Barthes Foucault Derrida and Bloom Lentricchia indicates a strategy by which future critical theorists may resist the mandarin attitudes of their fathers **Russian Formalism and Anglo-American New Criticism** Ewa M. Thompson, 2011-12-01 No detailed
