Bruce Elleman

Sino Soviet Diplomatic Relations 1917 1926:

Sino-Soviet diplomatic relations, 1917-1926 Sow-Theng Leong, 1976 **Diplomacy and Deception** Bruce A. Elleman, 1997 Utilizes archival documents to argue against the perception that America turned its back on China during the Paris Peace Conference a belief that convinced many Chinese to turn to Soviet Russia instead The author contends that President Wilson did everything in his power to help China Chapters focus on topics such as the origins of the United Front Policy assertion of Soviet control over the Chinese Eastern Railway the restoration of Russian territorial concessions and Soviet Foreign policy and the Chinese Communist Party Annotation copyrighted by Book News Inc Portland OR **Bankers and Diplomats in China 1917-1925** Roberta Allbert Dayer, 2013-11-05 First Published in 1981 Contrary to Chairman Mao s assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author s interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government s policy on the British war debts by offering concessions concerning the renewal of the Anglo Japanese Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests **Sino-Russian Relations** R.K.I. Quested, 2014-02-25 This book provides a systematic history of Sino Russian relations a history which is invaluable in forming an understanding of relations between the two nations today Becoming neighbours in the seventeenth century their changing relations in peace and war in isolation cooperation and confrontation have steadily assumed a greater importance in world politics and become increasingly important to the stability of international relations **Japanese-Mongolian Relations, 1873-1945** James Boyd, 2010-12-17 This book offers the first in depth examination of Japanese Mongolian relations from the late nineteenth century through to the middle of the twentieth century and in the process repositions Mongolia in Sino Japanese and Russo Japanese relations Beginning in 1873 with the intrepid journey to Mongolia by a group of Buddhist monks from one of Kyoto s largest orders the relationship later included groups and individuals from across Japanese society with representatives from the military academia business and the bureaucracy Throughout the book the interplay between these various groups is examined in depth arguing that to restrict Japan s relationship with Mongolia to merely the strategic and as an adjunct to Manchuria as has been done in other works neglects important facets of the relationship including the cultural religious and economic It does not however ignore the strategic importance of Mongolia to the Japanese military The author considers the cultural diplomacy of the Zenrin ky kai a Japanese quasi governmental humanitarian organization whose activities in inner Mongolia in the 1930s and 1940s have been almost completely ignored in earlier studies and whose operations suggest that Japanese Mongolian relations are quite distinct from other Asian peoples Accordingly the book makes a major contribution to our understanding of Japanese activities in a part of Asia that figured prominently in pre war and wartime Japanese strategic

and cultural thinking The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **International Rivalry and Secret Diplomacy in East Asia, 1896-1950**

Bruce Elleman, 2019-08-30 East Asia was a major focus of struggle between the United States and the Soviet Union during the Cold War of 1945 to 1991 with multiple hot and cold conflicts in China Korea and Vietnam The struggle for predominance in East Asia however largely predated the Cold War as this book shows with many examples of the United States and Russia the Soviet Union working to exercise and increase control in the region The book focuses on secret treaties 26 of them signed from the mid 1890s through 1950 when secret agreements between China and the USSR including several concerning the Chinese Eastern Railway gave Russia greater control over Manchuria and Outer Mongolia One of the most important was negotiated in 1945 when Stalin signed the Sino Soviet Friendship Treaty with Chiang Kai shek and the Chinese Nationalists that included a secret protocol granting the Soviet Navy sea control over the Manchurian littorals This secret protocol excluded the US Navy from landing Nationalist troops at the major Manchurian ports thereby guaranteeing the Chinese Communist victory in Northeast China from Manchuria the Chinese Communists quickly spread south to take all of Mainland China To a large degree therefore this formerly undiscussed secret diplomacy set the underlying conditions for the Cold War in East Asia The Baron's Cloak Willard Sunderland, 2014-05-08 Baron Roman Fedorovich von Ungern Sternberg 1885

1921 was a Baltic German aristocrat and tsarist military officer who fought against the Bolsheviks in Eastern Siberia during the Russian Civil War From there he established himself as the de facto warlord of Outer Mongolia the base for a fantastical plan to restore the Russian and Chinese empires which then ended with his capture and execution by the Red Army as the war drew to a close In The Baron's Cloak Willard Sunderland tells the epic story of the Russian Empire's final decades through the arc of the Baron's life which spanned the vast reaches of Eurasia Tracking Ungern's movements he transits through the Empire's multinational borderlands where the country bumped up against three other doomed empires the Habsburg Ottoman and Qing and where the violence unleashed by war revolution and imperial collapse was particularly vicious In compulsively readable prose that draws on wide ranging research in multiple languages Sunderland re creates Ungern's far flung life and uses it to tell a compelling and original tale of imperial success and failure in a momentous time

Sunderland visited the many sites that shaped Ungern's experience from Austria and Estonia to Mongolia and China and these travels help give the book its arresting geographical feel. In the early chapters where direct evidence of Ungern's activities is sparse he evokes peoples and places as Ungern would have experienced them carefully tracing the accumulation of influences that ultimately came together to propel the better documented more notorious phase of his career. Recurring throughout Sunderland's magisterial account is a specific artifact the Baron's cloak an essential part of the cross cultural uniform Ungern chose for himself by the time of his Mongolian campaign an orangey gold Mongolian kaftan embroidered in the Khalkha fashion yet outfitted with tsarist style epaulettes on the shoulders. Like his cloak Ungern was an imperial product. He lived across the Russian Empire combined its contrasting cultures fought its wars and was molded by its greatest institutions and most volatile frontiers. By the time of his trial and execution mere months before the decree that created the USSR he had become a profoundly contradictory figure reflecting both the empire's potential as a multinational society and its ultimately irresolvable limitations.

Mongolia in the Twentieth Century Stephen Kotkin, Bruce Allen Elleman, 2015-02-12
The remote vastness of Mongolia has remained somewhat of a mystery to most Westerners no less so in the 20th century. Homeland of the legendary conqueror Chingiz Khan in modern times Mongolia itself has been the object of imperial rivalry. For most of the 20th century it was under Soviet domination. Mikhail Gorbachev began the withdrawal of Soviet troops from Mongolia in 1989 a process completed in 1992. By 1996 a coalition of opposition parties triumphed in national elections and Mongolia launched itself on a new course. It is perhaps the most intriguing of the post community transition societies. This volume examines Mongol history over the past century embracing not only Mongolia proper but also Mongol communities in Russia and China. Contributions based on new archival research and the latest fieldwork are from the world's top experts in the field including four authors from Mongolia and others from Japan Russia Taiwan Great Britain and the United States. Stephen Kotkin's introductory chapter is an overview of Mongol studies. The essays in part 1 examine Sino Russian competition over Outer Mongolia. Part 2 looks at international diplomacy in Mongolia including the role of Japan. Part 3 focuses on contemporary issues ranging from economic and cultural change to emergent elites. A concluding essay surveys Mongolian foreign policy.

Wilson and China: A Revised History of the Shandong Question Bruce Elleman, 2015-06-03
Drawing on sources in Japanese Chinese and American archives and libraries this book reassesses another facet of Woodrow Wilson's agenda at the 1919 Paris Peace Conference at the end of World War I. Breaking with accepted scholarly opinions the author argues that Wilson did not betray China as many Chinese and Western scholars have charged rather Wilson successfully negotiated a compromise with the Japanese to ensure that China's sovereignty would be respected in Shandong Province. Rejecting the compromise Chinese negotiators refused to sign the Treaty of Versailles creating conditions for the Soviet Union's entry into China and its later influence over the course of the Chinese revolution.

The Cambridge History of China John King Fairbank, Denis Crispin Twitchett, 1978
International scholars and sinologists

discuss culture economic growth social change political processes and foreign influences in China since the earliest pre dynastic period

Imperial Rivals Sarah C.M. Paine,2023-05-31 Based on archival research this is a history of the Russo Chinese border which examines Russia s expansion into the Asian heartland during the decades of Chinese decline and the 20th century paradox of Russia s inability to sustain political and economic sway over its domains

The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance Dieter Heinzig,2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China s relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions

V.K. Wellington Koo and the Emergence of Modern China Stephen G. Craft,2021-09-15 Chinese diplomat V K Wellington Koo 1888 1985 was involved in virtually every foreign and domestic crisis in twentieth century China After earning a Ph D from Columbia University Koo entered government service in 1912 intent on revising the unequal treaty system imposed on China in the nineteenth century believing that breaking the shackles of imperialism would bring China into the family of nations His pursuit of this nationalistic agenda was immediately interrupted by Chinese civil war and Japanese imperialism during World War I In the 1930s Koo attempted to use international law to force western powers to honor their treaty obligations to punish Japanese expansion Koo also participated in creating the League of Nations and later the United Nations in the hope that collective security would become reality

Diplomacy and Deception Bruce Elleman,2016-09-16 During the Soviet period the USSR conducted diplomatic relations with incumbent regimes while simultaneously cultivating and manipulating communist movements in those same countries The Chinese case offers a particularly interesting example of this dual policy for when the Chinese Communists came to power in 1949 their discovery of the nature of Moscow s imperial designs on Chinese territory sowed distrust between the two revolutionary powers and paved the way to the Sino Soviet split Drawing on newly available documents from archives in China Taiwan Russia and Japan this study examines secret agreements signed by Moscow and the Peking government in 1924 and confirmed by a Soviet Japanese convention in 1925 These agreements

essentially allowed the Bolsheviks to reclaim most of tsarist Russia's concessions and privileges in China including not only Imperial properties but also Outer Mongolia the Chinese Eastern Railway the Boxer Indemnity and the right of extraterritoriality Each of these topics is analyzed in this volume and translations of the secret protocols themselves are included in a documentary appendix Additional chapters discuss Sino Soviet diplomacy and the parallel history of Soviet relations with the Chinese Communist Party as well as the origins and purpose of the United Front policy

International Competition in China, 1899-1991 Bruce A. Elleman, 2015-04-10 China's recent economic reforms have opened its economy to the world This policy however is not new in the late nineteenth century the United States put forward the Open Door Policy as a counter to European exclusive spheres of influence in China This book based on extensive original archival research examines and re evaluates China's Open Door Policy It considers the policy from its inception in 1899 right through to the post 1978 reforms It relates these changes to the various shifts in China's international relations discusses how decades of foreign invasion civil war and revolution followed the destruction of the policy in the 1920s and considers how the policy when applied in Taiwan after 1949 and by Deng Xiaoping in mainland China after 1978 was instrumental in bringing about respectively Taiwan's economic miracle and mainland China's recent economic boom The book argues that although the policy was characterised as United States economic imperialism during the Cold War in reality it helped China retain its sovereignty and territorial integrity

Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931 Christopher Atwood, 2022-10-04 In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades 1911-1931* a vivid narrative of the underground world of pan Mongolist agitation in China the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action In the turbulent years of China's warlord republic educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper Brought together by the Soviet embassy the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928 Based on previously closed Mongolian archives *Young Mongols and Vigilantes* is a path breaking contribution to the history of Soviet involvement in Inner Mongolia Chinese Communist nationality policy and the social history of multi ethnic Inner Mongolia The print edition is available as a set of two volumes 9789004126077

The Democratic Peace and Territorial Conflict in the Twentieth Century Paul K. Huth, Todd L. Allee, 2002 Table of contents

Japanese Diplomacy and East Asian International Politics, 1918-1931 Ryuji Hattori, 2024-01-12 This book provides an overall picture of East Asian international politics during the early interwar period and examines the various foreign policy trends of the major powers involved including Japan China Britain the United States and the Soviet Union Based on extensive original research it posits that East Asia experienced four waves of international change during the interwar period the transition to the post World War I international order the appearance of Nationalist China and the Soviet Union as actors in East Asian international politics the Japanese invasion of Manchuria and Japanese

implementation of the North China Buffer State Strategy It considers the new challenges brought about by each of these waves how the powers particularly Japan Britain and the United States were able to meet these challenges by working together and how this became more difficult as time went on It argues that the Washington System the international order established at the 1921 1922 Washington Naval Conference was not a break with the past as is frequently argued on account of new forms of foreign policy including the ideological approaches of the United States and the Soviet Union but that rather spheres of influence diplomacy continued as before In addition in discussing Japanese foreign policy the book provides a comprehensive picture of the diversity of views towards China among Japanese actors and the ways these shifted over time The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons CC BY NC ND 4.0 license

Manchurian Railways and the Opening of China: An International History

Bruce Elleman, Stephen Kotkin, 2015-01-28 The railways of Manchuria offer an intriguing vantage point for an international history of northeast Asia Before the completion of the Trans Siberian railway in 1916 the only rail route from the Imperial Russian capital of St Petersburg to the Pacific port of Vladivostok transited Manchuria A spur line from the Manchurian city of Harbin led south to ice free Port Arthur Control of these two rail lines gave Imperial Russia military economic and political advantages that excited rivalry on the part of Japan and unease on the part of weak and divided China Meanwhile the effort to defend and retain that strategic hold against rising Japanese power strained distant Moscow Control of the Manchurian railways was contested in the Russo Japanese War of 1904-5 Japan's 1931 invasion and establishment of the puppet state of Manchukuo the second Sino Japanese War and World War II in Asia and the Chinese civil war that culminated in the Communist victory over the Nationalists Today the railways are critical to plans for development of China's sparsely populated interior This volume brings together an international group of scholars to explore this fascinating history

Eventually, you will totally discover a supplementary experience and achievement by spending more cash. still when? get you believe that you require to acquire those all needs considering having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more in this area the globe, experience, some places, once history, amusement, and a lot more?
