Sir Robert Howard 1626 1698 A Critical Biography

**R.R. Bowker Company. Department of
Bibliography**

Sir Robert Howard 1626 1698 A Critical Biography:

Sir Robert Howard, 1626-1698 Harold James Oliver, 1630 Oliver, 1963 Thomas Killigrew and the Seventeenth-Century English Stage Philip Major, 2016-02-24 Despite his significant influence as a courtier diplomat playwright and theatre manager Thomas Killigrew 1612 1683 remains a comparatively elusive and neglected figure The original essays in this interdisciplinary volume shine new light on a singular contradictory Englishman 400 years after his birth They increase our knowledge and deepen our understanding not only of Killigrew himself but of seventeenth century dramaturgy and its complex relationship to court culture and to evolving aesthetic tastes The first book on Killigrew since 1930 this study re examines the significant phases of his life and career the little known playwriting years of the 1630s his long exile during the 1640s and 1650s and its personal political and literary repercussions and the period following the Restoration when with Sir William Davenant he enjoyed a monopoly of the London stage These fresh accounts of Killigrew build on the recent resurgence of interest in royalists and the royalist exile and underscore literary scholars continued fascination with the Restoration stage In the process they question dominant assumptions about neatly demarcated seventeenth century chronological geographic and cultural boundaries What emerges is a figure who confounds as often as he justifies traditional labels of dilettante cavalier wit and swindler The Cambridge Companion to English Restoration Theatre Deborah Payne Fisk, 2000-05-11 Fourteen specially commissioned essays provide essential information about staging playwrights themes and genres in the drama of the Restoration **Eleusis and Enlightenment** Ferdinand Saumarez Smith, 2024-03-18 The age of Enlightenment the so called age of reason was also paradoxically the age of the Eleusinian mysteries By attempting to reveal Demeter s secret cult British French and German thinkers and freemasons of the eighteenth century revealed more than they bargained for the pagan origins of Christian doctrines such as the Trinity and the afterlife and through the mythical gift of law and agriculture to Eleusis an alternative narrative of the origins of civilisation to that found in the Bible The Ashgate Research Companion to Henry Purcell Rebecca Herissone, 2016-04-01 The Ashgate Research Companion to Henry Purcell provides a comprehensive and authoritative review of current research into Purcell and the environment of Restoration music with contributions from leading experts in the field Seen from the perspective of modern interdisciplinary approaches to scholarship the companion allows the reader to develop a rounded view of the environment in which Purcell lived the people with whom he worked the social conditions that influenced his activities and the ways in which the modern perception of him has been affected by reception of his music after his death In this sense the contributions do not privilege the individual over the environment rather they use the modern reader s familiarity with Purcell s music as a gateway into the broader Restoration world Topics include a reassessment of our understanding of Purcell s sources and the transmission of his music new ways of approaching the study of his creative methods performance practice the multi faceted theatre environment in which his work was focused in the last

five years of his life the importance of the political and social contexts of late seventeenth century England and the ways in which the performance history and reception of his music have influenced modern appreciation of the composer The book will be essential reading for anyone studying the music and culture of the seventeenth century **A Critical Edition of Sir Robert Howard's *The Great Favourite ; Or, The Duke of Lerma*** Sir Robert Howard, Margaret Shewring, 1988 Ideas of the Restoration in English Literature, 1660-71 Nicholas Jose, 2015-12-22 *The Literary History of England* Donald F. Bond, G. Sherburn, 2003-09-02 English historians in the Middle Ages is an overview of the history of English historians and their works in the Middle Ages English historians helped lay the groundwork for modern historical methodology provided vital accounts of the early history of England its culture and revelations about the historians themselves The most remarkable period of historical writing was during the High Middle Ages in the 12th and 13th centuries when English chronicles produced works with a variety of interest wealth of information and amplitude of range However one might choose to view the reliability Poetry and Sovereignty in the English Revolution Niall Allsopp, 2020-05-06 Poetry and Sovereignty in the English Revolution presents a new interpretation of the poetry of the English revolution It focuses on royalist poets who left their cause behind following the abolition of the monarchy exploring how they re imagined the traditional language of allegiance in newly secular artificial and absolutist ways Following the execution of Charles I in 1649 royalists who had sided with the King were left with a significant vacuum to fill Poetry and Sovereignty in the English Revolution charts the poetry of Andrew Marvell Edmund Waller John Dryden William Davenant Abraham Cowley and Margaret Cavendish amongst others in this period It examines the poets close acquaintance with Thomas Hobbes offering new readings of the reception and adaptation of Hobbes s ideas in contemporary poetry A final chapter traces how the poets survived the restoration of the Stuart monarchy showing how they continued to apply their ideas in the heroic drama of the 1660s Poetry and Sovereignty in the English Revolution builds on recent work in both literary criticism and the history of political thought to contextualize royalist poets within a distinctive strain of absolutism inflected by reason of state neostoicism scepticism and anticlericalism It demonstrates a vivid poetic effort to imagine the expanded state delivered by the English Revolution
