

Bee-eaters (bird study)

- love the vibrancy of the colors really like the colors of the birds
- but the painting looks too good if that's even better than the real thing
- love the way the wings look different
- maybe a little more detailed around the head which could have made it easier

the only reason
the black back
was
to
be

- maybe should have used black for the body instead of the red but also that the wing is chestnut over the chestnut red

- loves the colors of the first the second one and every the third one also very like the master but want to keep on with to see how the one over the one
- 12 year old you can give it

- more but the last one so this one is better but that's a better looking one than the last one

kindly a favorite one study
