

## Что такое «природный русак»

Мы постоянно слышим, что русские — не народ, сплошь кровью, родственны по крови, а конгломерат людей, объединенных общностью культуры и территории. Ображенное кем-то писателей «поскреби всякого русского, испремни отыщи татарина», стало чуть ли не лозунгом в ходу у политиков, разымающих понятие русский, а юроды для всяких явилось еще одним билетом в среду русского народа. Дескать, какая только кровь — татарская, кавказская, немецкая, финская, бурятская, мордовская... — в русском ни намешано. Нас усиленно убеждают, что мы, русские, очень разные по крови, что мы не из одного корня проросли, а явились плавильным котлом для многих народов, когда-либо побежавших, захваченных, привлущихшихся на нашу землю, и мы все их принимали, искасали в дом, брали в родину.

Действительно ли мы, русские, представляем собой скопие, сплав, плавильный котел, сборище из сошедшихся на Русь народов, как нас в том убеждают? Тогда мы новое не народ, а народы, ведь народ — это люди, находящиеся из одного рода, внутри одного корня, исхры одного кресала. Население же — все, кто поселился рядом, без разбору рода-племени. Народ сплошь кровью, народ умеет различать своих и чужих, поэтому в каждом старик видит отца, в роженице — брата, в девушке — сестру, в старухе — мать, вспомните, еще недавно были в ходу обращения к совершенно чужим, но русским людям — отец, мать, сестренка, братишка, сыновок, дочка, тетенька, дядечка...

Обратите внимание, как многозначно слово брат — наше русское мужское обращение к своим же русским мужикам — и как оно меняет форму в зависимости от того, в какой среде и обстановке звучит. Если нужно установить дружеские отношения с неизвестным, к нему обращают: «Послушай, брат!». Когда же комого-то просят, его зовут: «Помоги, браток!». Когда же дошло до укора или попрека, то звучит обычно укоризненное: «Чего ж это ты, братец!». В криминальной среде скорее обращаются друг к другу «братьями». У моряков в ходу «братишками». В любви

мужчинам мужским коллегамают «братьюхи» и «братья». Все это формы одного и того же слова брат, обозначающего кровную родину, но употребляемого russkinami во отношении именно к народным людям, чаще всего и вовсе низнакомым им.

Подобные обращения возможны только в среде своего народа, ведь никому и в голову не придет воззять — дочкой — маленькую кистеняшку, рекой нас, но вы никогда же обратитесь — матушкой — к поклонной таджичке, у вас язык не повернется сказать — отцу — курку в каскадной шляпе.

Сейчас эта традиция отмирает, мы пытаются навязать общее обращение по примеру французского мадам и месье, английского мистер и миссис, немецкого герр и фрау, приложив к этим моделям судари и сударыши, называят господина и госпожу, приспособливаят гражданка и гражданку, внедряют товарища. Но ничего не выходит. Не приживаются такие обращения. Но само намерение изложить русские родственные формы обращения — очень опасная примета того, что русский народ постепенно соглашается стать просто русскоязычным населением — «россиянами», сдаться на потребу пришлому чужому люду, раствориться в нем, выродиться в массу смутливых потоков, исчезнуть, как русские, с лица земли.

Надо развеять этот миф, разорить быстрые ложи, громоздящиеся на шатких подпорках «поскреби всякого русского...». Дарайте поскребем, да не с помощью политического толерантного словоблудия, а обратившись к научным достижениям антропологии, науки о биологических видах человека. Эти знания точны, получены научным экспериментальным путем, постоянно обновляются, и потому не получится у наших противников отвертиться тем, что они устарела. Поскребем и увидим, что русский из поколения в поколение, из рода в род, все тот же русский, а не татарин, не печенег, не половец, не скинф, не монгол, он — русской! И вот почему.

Выдающийся антрополог, исследователь биологической природы человека А.П. Богданов в конце XIX века писал: «Мы сплошь и рядом употребляем выражения: это чисто русская красота, это
