## **Sluzhba Bezopasnosti:**

*The Politics of Security in Modern Russia* Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs Global National Security and Intelligence Agencies Handbook Volume 1 Strategic Information and Important Contacts IBP USA, 2013-08 2011 Updated Reprint Updated Annually Global National Intelligence and Security Agencies Handbook The Perversion Of Knowledge Dr. Vadim J. Birstein, 2009-09-09 During the Soviet years Russian science was touted as one of the greatest successes of the regime Russian science was considered to be equal if not superior to that of the wealthy western nations The Perversion of Knowledge a history of Soviet science that focuses on its control by the KGB and the Communist Party reveals the dark side of this glittering achievement Based on the author s firsthand experience as a Soviet scientist and drawing on extensive Russian language sources not easily available to the Western reader the book includes shocking new information on biomedical experimentation on humans as well as an examination of the pernicious effects of Trofim Lysenko s pseudo biology Also included are many poignant case histories of those who collaborated and those who managed to resist focusing on the moral choices and consequences The text is accompanied by the author s own translations of key archival materials making this work an essential resource for all those with a serious interest in Russian history **Dissent on the Margins** Emily B. Baran, 2016 Emily B Baran offers a gripping history of how a small American based religious community the Jehovah s Witnesses found its way into the Soviet Union after World War II survived decades of brutal persecution and emerged as one of the region s fastest growing religions after the Soviet Union s collapse in 1991 In telling the story of this often misunderstood faith Baran explores the shifting boundaries of religious dissent non conformity and human rights in the Soviet Union and its successor states Soviet Jehovah s Witnesses are a fascinating case study of dissent beyond urban intellectual nonconformists Witnesses who were generally rural poorly educated and utterly marginalized from society resisted state pressure to conform They instead constructed alternative communities based on adherence to religious principles established by the Witnesses international center in Brooklyn New York The Soviet state considered Witnesses to be the most reactionary of all underground religious movements and used extraordinary measures to try to eliminate this

threat Yet Witnesses survived while the Soviet system did not After 1991 they faced continuing challenges to their right to practice their faith in post Soviet states as these states struggled to reconcile the proper limits on freedom of conscience with European norms and domestic concerns Dissent on the Margins provides a new and important perspective on one of America's most understudied religious movements **Strategic Intelligence in the Cold War and Beyond** Jefferson

**Policing race, ethnicity and culture** Jan Beek,Thomas Bierschenk,Annalena Kolloch,Bernd Meyer,2023-03-28 How to deal with differences based on culture ethnicity and race has become a key issue of policing This edited collected explores everyday often mundane interactions between police officers and migrantised actors in European countries and asks how both sides deal with perceived differences The contributions reflect that such differences are not just out there but are being situationally re produced in police citizen encounters By taking a comparative approach the book develops a distinctly European perspective on these questions The book contains 12 ethnographies from ten European countries based on new and often innovative empirical research two theoretical contributions an introduction and a postface

**Security, Intelligence Activities and Programs** IBP USA,2013-08 2011 Updated Reprint Updated Annually EU Military and Special Forces Handbook     Putinism Marcel Van Herpen,2013-01-21 In this original analysis of contemporary Russia the author shows how Putin's regime is a completely new right wing political model that combines features of Mussolini's Italy with the 19th Century Bonapartism of Napoleon III and 21st Century Populism of Berlusconi An essential read

**Close Protection** David J. Cox,2000-10-30 The evolution of elite personal protection units also known as close protection units within the former Soviet Union is one of the least examined yet crucial political developments in this region Due to the often violent environment in which the political leaders of this region now operate the need for these special military units is obvious This study examines the similarities between these the current units and those of the Soviet past and finds that in spite of the highly unstable nature of politics in post communist Russia these elite units have not intervened to the degree that many might have expected They have however played a significant political role throughout the region These close protection forces may very well determine the success or failure of the democratization process now underway On the other hand establishing a Praetorian Guard within the very walls of the Kremlin may in itself portend an end to democracy Ultimately a complete understanding of future politics in the former Soviet Union is impossible without acknowledging the role that these modern Praetorians play in the civil military balance     *The New Nobility* Andrei Soldatov,Irina

Borogan,2010-09-14 In *The New Nobility* two courageous Russian investigative journalists open up the closed and murky world of the Russian Federal Security Service While Vladimir Putin has been president and prime minister of Russia the Kremlin has deployed the security services to intimidate the political opposition reassert the power of the state and carry out assassinations overseas At the same time its agents and spies were put beyond public accountability and blessed with the prestige benefits and legitimacy lost since the Soviet collapse The security services have played a central and often mysterious role at key turning points in Russia during these tumultuous years from the Moscow apartment house bombings and theater siege to the war in Chechnya and the Beslan massacre The security services are not all powerful they have made clumsy and sometimes catastrophic blunders But what is clear is that after the chaotic 1990s when they were sidelined they have made a remarkable return to power abetted by their most famous alumnus Putin     **Historical Dictionary of Russian**
