1. Measurable Objective(s):

Students will explore and learn about diatonic seventh chords and their qualities in both major and natural minor keys by:

- Beginning with reviewing diatonic triads and their qualities in major and minor keys.
- Then hearing the difference between diatonic triads and seventh chords.
- Then students are to explore the diatonic seventh chords and their qualities in both major and natural minor by taking notes on the material written on the board, as well as student involvement in determining correct chord construction, and proper chord qualities after being given examples of how to determine these things.
- And conclude with an assignment in which the students are to compose their own harmonic progression using diatonic seventh chords.

2. Required Prior Knowledge and Skills:

Students should be able to read and recognize notes in both the treble and bass clefs. Students should also be familiar with diatonic triads in major and minor keys, as well as being able to determine and identify intervals between notes.

3. Review Needed:

The content that needs to be reviewed includes:

- The notes in both the treble and bass clefs.
- Major and minor key signatures with flats and with sharps.
- Diatonic triads in both major and minor.
- Intervals between notes.

4. Materials, Repertoire, Equipment needed:

- PowerPoint to review notes in the treble and bass clefs, major and minor key signatures with flats and with sharps, diatonic triads, and intervals.
- Staff paper for each student.
- Markers for writing on the board to further explain and convey the new musical concepts being taught.
- A piano or keyboard to play some examples for the students.

5. Agenda:

- PowerPoint Review
- Difference in Sound Between Triads and Seventh Chords
- Diatonic Seventh Chords in Major
- Diatonic Seventh Chords in Natural Minor
- Composing Harmonic Progressions
- Questions/Conclusion

Grassroots Engagement and Social Justice through Cooperative Extension Nia Imani Fields, Timothy J.

Shaffer, 2022-08-01 Grassroots Engagement and Social Justice through Cooperative Extension grows out of a commitment to the belief that Cooperative Extension professionals can and should be deeply engaged with the communities they work in to improve life individually and collectively Rooted in an understanding of the history and development of Extension the authors focus on contemporary efforts to address systemic inequities They offer an alternative to the expert model that would have Extension educators provide information detached from the difficult and sometimes contentious issues that shape community work These essays highlight Extension's role in and responsibility for culturally relevant community education that is rooted in democratic practices and social justice The ultimate aim of this book is to offer a vision for the future of Extension as its practitioners continue to reach for cultural competence necessary to address issues of systemic injustice in the communities they serve and of which they are a part Perspectives on Public Policy in Societal-Environmental Crises Adam

Izdebski, John Haldon, Piotr Filipkowski, 2022-07-14 This is an open access book Histories we tell never emerge in a vacuum and history as an academic discipline that studies the past is highly sensitive to the concerns of the present and the heated debates that can divide entire societies But does the study of the past also have something to teach us about the future Can history help us in coping with the planetary crisis we are now facing By analyzing historical societies as complex adaptive systems we contribute to contemporary thinking about societal environmental interactions in policy and planning and consider how environmental and climatic changes whether sudden high impact events or more subtle gradual changes impacted human responses in the past We ask how societal perceptions of such changes affect behavioral patterns and explanatory rationalities in premodernity and whether a better historical understanding of these relationships can inform our response to contemporary problems of similar nature and magnitude such as adapting to climate change *Novitates*
